Mr. Garland moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second time.

Mr. English arose and said:

"Mr. President—I am opposed to the passage of this resolution transferring any money whatever from the Workmen's Compensation Fund to the Contingent Fund. It is plain to my mind that the second paragraph of this resolution, referring to the Police and Firemen's Lost Time Fund, is an excuse and not a reason for this transfer. For many years the City has been operating

the principles of the present Workmen's Compensation Act in the police and fire departments, in that the City has provided money to pay policemen and firemen who have been injured while in the discharge of their duties. These two funds have absolutely no connection with the Workmen's Compensation Fund and, as I stated, any reference to those funds in this matter is an excuse and not a reason for the transfer being made. The Workmen's Compensation Fund was set up in the budget in accordance with the law passed at Harrisburg and by this fund the City agrees to take care of any of its employees outside of the police and fire departments who may be injured or become ill in the performance of their duty. It seems to me that if the Contingent Fund is exhausted it is plainly our duty to find other sources from which to draw in order to replenish the Contingent Fund at this time. The explanation which has been made that it is alright to make this transfer now and then later, if the Workmen's Compensation Fund becomes exhausted then would be the time to get other money to replenish the Workmen's Compensation Fund. My answer is that that is not good business practice and for that reason I cannot support this transfer. For this reason I vote No."

And the resolution as read a second time, was agreed to.

And the resolution was read a third time, and upon final passage the ayes and noes were taken, and being taken were:

Mr. Herron also presented

No. 4038. Report of the Committee on Public Works for July 27, 1917, transmitting an ordinance to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 3831. An Ordinance entitled, "An Ordinance repealing an Ordinance entitled, 'An Ordinance extending and opening Archon way, in the Eighth ward of the City of Pittsburgh, from the southerly line of Lot No. 23, as shown in Dr. A. H. Gross Plan of Friendship Grove, northwardly for the distance of 50 feet; establishing the grade thereof, and providing that the cost, damages and expenses occasioned thereby be assessed against and collected from properties benefited thereby,' approved March 15, 1917."

Which was read.

Mr. Herron moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. English arose and said:

Mr. President—I cannot see my way clear to vote on this repealing ordinance at this time for this reason: I understand that the original ordinance as passed by Council complied with the law in all respects. We have an opinion from the Law Department that the ordinance is legal, and the matter was submitted to the Board of Viewers for a hearing to assess benefits and damages. The hearing was in progress and I don't know who issued instructions to the Board of Viewers to stop the proceedings. It was not Council, as I understand this body has no jurisdiction over the Board of Viewers. This matter has been a controversy between two property owners abutting upon this way—one claiming to have made offers to buy the property from the other for street purposes, and the other interested person saying that he had not been asked to sell and declaring positively that he would not consider any offer for any part of his property until the Council passed the repealing ordinance. Now, this action seems to be a threat on the part of some one. My thought in this matter was to wait until the report of the Board of Viewers is submitted.

"If the parties interested are not satisfied, they would then be in better position to determine their future action. Perhaps the award of the viewers would bring the parties together in an amicable settlement. In any event, thirty days must elapse before final confirmation of the viewers' award and the Council would have plenty of time in which to consider and pass a repealing ordinance. Until the report of the viewers is made public I decline to take sides in this controversy."

And the bill, as read a second time, was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes—Messrs.

Dillinger	Kerr (President)
Herron	McArdle

Noes—Messrs.

Dailey	Rauh
Garland	Robertson

(Mr. English not voting).

Ayes—9.

Noes—None.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

MOTIONS AND RESOLUTIONS.

Mr. English presented

No. 4043. Whereas, The budget estimates are usually based on the fiscal year ending June 30; and

Whereas, Council should have ample time for investigation of the departments' requests; therefore be it

Resolved, That the Mayor be and he is hereby requested to direct the heads of the various departments to prepare their budget estimates for submission to Council on September 3, 1917; and he it further

Resolved, That owing to the war, with consequent increases of taxes, the Council desires to keep down City taxes and respectfully suggests that all possible waste and extravagance, including useless or unnecessary positions, be omitted in the budget estimates for 1918; and be it finally

Resolved, That Council expects the budget estimates to be complete and include only necessary items for careful business conduct of the affairs of the City and that no supplemental increases or estimates will be considered.

Which was read.

Mr. English moved

The adoption of the resolution.

Mr. Garland arose and said

"Mr. President—I think a request in a more dignified way would go farther than this resolution. I think the gentleman should have brought in a more dignified request for the submission by the Mayor of the budget estimates in a certain time. It would be sufficient to advise the Mayor the time when Council desired to take up the budget. I don't like the manner in which the resolution is worded—in that it is not dignified."

Mr. English arose and said

"Mr. President—We have done this for the past several years. This resolution was presented in a dignified manner and is a request upon the Mayor to keep down the departmental estimates and to eliminate all waste and extravagance. It is proper for this Council to make such a request."

Mr. Garland arose and said

"It is up to this Council to decide whether or not the estimates submitted by the Mayor and his departmental chiefs are right. The members of Council have the right to vote down any estimates submitted by the Mayor, which in their judgment are not right. It looks to me like a political slap and slam at the City Administration. I think it is exceedingly undignified. I believe in asking the Mayor to submit his budget estimates at the time Council desires it."

Mr. English arose and said

"This is not a political slap or slam. Members of Council should not be allowed to talk politics in this body. For the benefit of the gentleman, I wish to emphatically deny that there is any politics in this resolution. It is presented in the same spirit that resolutions in former years were introduced and adopted. Mr. Rauh put one in on the 10th of July, last year, which was adopted. The gentleman voted for that resolution."

Mr. Garland arose and said

"It is undignified—"

Mr. English arose and said

"There is not an insulting thing in that resolution. In view of the war everybody knows that taxes will be higher than heretofore. In addition to paying higher taxes, people have been asked to subscribe for Liberty Bonds and to subscribe to the Red Cross Fund. This resolution merely states, 'that we the Council express the desire to keep the taxes down.' We know there are a number of useless positions."

"Does the gentleman desire that I elucidate some of them for his personal benefit? I think the resolution is very dignified. There is not a bit of politics in it. It is simply requesting the Mayor to keep down waste and extravagance. There is nothing undignified in this resolution unless the gentleman considers this request as such."

Mr. Garland arose and said:

"I don't care whether the gentleman says there is no politics in this resolution or not. We have differed on many occasions and will continue to differ on other questions brought up here. However, I wish to say again that in my opinion it is undignified and absolutely unnecessary. The budget will come from the Mayor in due time, and it will come in here in a dignified way."

Mr. English arose and said

"I have tried ever since my membership in this Council to come in here and have things laid on the table, so that they would be open to all. In the estimates submitted to Council in former years we know that sufficient information was not given by the different department heads. Director Booth of the Supply Department was the only one who furnished Council with all the in-

formation that is needed to properly set up the right amounts in the Appropriation Ordinance. I might mention for the information of the members of Council that the funds asked for the Market House were not sufficient to complete the markets this year, and the superintendent is now waiting on the appropriations for next year to finish this building to make it tenable. Time after time we have had such experience with this and other City activities. Last year we were asked to appropriate an amount for the completion of this market house and later it was found that sufficient funds were not set up in the budget to throw this market open to the general public, and it will not be completed until additional money is appropriated. The Mayor was not on the job regarding this matter. I want to say that this resolution is to serve notice on the Mayor that the members of Council are on the job this year and intend to cut out a lot of things that are not necessary. This resolution also expresses the thought that it is our intention to keep the taxes down."

Mr. Herron moved

To amend the resolution by striking out the fourth paragraph as follows: "And be it further Resolved, That owing to the war, with consequent increase of taxes, the Council desires to keep down City taxes and respectfully suggests that all possible waste and extravagance, including useless or unnecessary positions, be omitted in the budget estimates for 1918."

Upon which motion Mr. English demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were ordered taken, and being taken were:

Ayes—Messrs.

Dailey
Dillinger
Garland
Herron

Kerr (President)
McArdle
Rauh

Ayes—8.

Noes—1.

And a majority of the votes being in the affirmative, the motion prevailed.

Mr. Dillinger moved

To amend the resolution by striking out the last paragraph as follows: "And be it finally Resolved, That Council expects the budget estimates to be complete and include only necessary items for careful business conduct of the affairs of the City and that no supplemental increases or estimates will be considered."

Upon which motion, Mr. English demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were ordered taken, and being taken were:

Ayes—6.
Noes—3.

And a majority of the votes of Council being in the affirmative, the motion prevailed.

Mr. Garland moved

To amend the resolution by striking out the words "September 3," and by inserting in lieu thereof the words "October 1."

Which motion prevailed. (Mr. English voting No).

And the question recurring on the adoption of the resolution, as amended.

The motion prevailed.

Also

No. 4044. Whereas, In the newspapers of December 17, 1916, the Mayor advised the public that he was preparing to revolutionize the lighting system in the entire City by abolishing the old-fashioned arc lights and taking advantage of the late developments in other forms of electric lamps; and

Whereas, Council has not as yet received any information from the Mayor; therefore, be it

Resolved, That His Honor, the Mayor, be requested to furnish Council by September 10, 1917, a report of his study of electric lighting, together with his conclusions and recommendations.

Which was read.

Mr. English moved

The adoption of the resolution.

Mr. English arose and said:

Mr. President—My reason for asking for the passage of this resolution is that in the article published in the newspapers some months ago the Mayor advised the public that he had made an exhaustive study of street lighting and that when he was Director of the Department of Public Works he made investigations and has continued to do so since he has become Mayor. He advises that he intended to have the Superintendent of the Bureau of Light, Mr. Gray, and his assistants, visit the various cities of the country and learn their experiences and pick out the good things which each city might have, in order to provide some for Pittsburgh. He stated that he expected to obtain better lighting by changing the style of lamps and use gas filled lamps and various other devices which would produce more and better light and he hoped to do so at less cost. It seems to me that since Council has not received any of this officially it might help us in the

coming budget sessions to reduce the cost of lighting. I appreciate, of course, that the attorneys for the City are taking the matter of the electric light before the Public Service Commission, but also appreciate that it is part of our business as Councilmen to get all the information we can on this subject; and if the Mayor has had City employees, including himself, working on investigations of this kind I feel sure he would be only too glad to turn such information over to Council."

And the question recurring on the adoption of the resolution, Mr. English demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were ordered taken, and being taken were:

Ayes—Mr.

English

Noes—Messrs.

Dailey
Dillinger
Garland
Herron

Kerr (President)
McArdle
Rauh
Robertson

Ayes—1.
Noes—3.

And a majority of the votes of Council being in the negative, the resolution was rejected.

Mr. Herron moved

That the following members be excused for absence from Council and Committee meetings:

Mr. Dailey, on May 14 and 29; June 4, 25 and 28, and July 5, 1917.

Mr. Dillinger, on May 14, 17, 18, 21, 25, 28 and 29; June 4, 27 and 28, and July 16, 17, 18, 23 and 25, 1917.

Mr. English, on May 18 and 21; June 4 and 27, and July 16, 23 and 25, 1917.

Mr. Garland, on May 21, and June 4, 25 and 28, 1917.

Mr. Herron, on May 14 and June 4, 1917.

Mr. Kerr (President), on June 4, and July 2, 16, 17, 18 and 23, 1917.

Mr. McArdle, on June 4, and July 10 and 16, 1917.

Mr. Rauh, on May 18 and 21; June 4, 11, 12 and 13, and July 25, 1917.

Mr. Robertson, on June 4, 25 and 26, 1917, and July 5, 1917.

Mr. Dailey called up

Bill No. 3055. Resolution authorizing the payment of the following witnesses in the case of James Rees & Sons vs. City of Pittsburgh, at No. 2416 July Term, 1916:

Chas. J. Rieger & Co.	\$250.00

No. 4064.
Mayor's Office,
Pittsburgh, Pa.,
August 14, 1917.

To the President and
Members of Council
of the City of Pittsburgh:

Gentlemen—The local military organizations, including the Eighteenth Infantry, the First Field Artillery, Troop H of the First Cavalry, First Signal Battalion, Field Hospital No. 1, Field Ambulance Company No. 1 and Field Ambulance Company No. 4, are now being mobilized in this City for active service.

It has been customary in cases of this kind to have a fitting demonstration for our troops before leaving their home city, and a committee comprised of Major William H. Davis and Captain M. G. Livingston has been appointed by me to act jointly with General A. J. Logan, who is in command of all the local units, to make suitable arrangements for a parade of these soldiers on Saturday afternoon, next, August 18.

From what I have been given to understand, this will be one of the

greatest military displays our citizens have ever had the pleasure of witnessing. There will be some expense attached to this affair, which I have notified the committee to assume, feeling that Council, as in all past cases would co-operate with me in defraying such expense as may be incurred.

No military or civic organizations will take part other than those which are departing for active service. However, there will be a reviewing stand placed at the corner of Smithfield street and Fifth avenue (on the site where the new building is being erected), where Council, City officials, the County Judges and County officials will review the parade. Further notice will be given to the City Clerk for distribution among the members of Council after final arrangements have been completed by General A. J. Logan, representing the military officers, and Major Davis and Captain Livingston, representing the City.

Yours very truly,
JOS. G. ARMSTRONG,
Mayor.

Also

No. 4065.
Mayor's Office.
Pittsburgh, Pa.,
August 14, 1917.

To the President and
Members of Council
of the City of Pittsburgh.

Gentlemen—I am forwarding to your Honorable Body a communication received this date from the Director of the Department of Supplies pertaining to the coal situation, which I feel is of a serious nature and should be given immediate thought.

Yours very truly,
JOS. G. ARMSTRONG,
Mayor.

Department of Supplies.
August 14, 1917.

Hon. Joseph G. Armstrong,
Mayor of City of Pittsburgh,
City-County Building.

Dear Sir—Yesterday, I concluded the purchase of a sufficient number of cars of coal to supply the pumping stations at Brilliant, Ross, Montrose and Aspinwall to do them for the balance of the month and a few days in the month of September. In doing so, however, I exhausted the appropriation (Code Account No. 1655) allowed to the Bureau of Water for the purchase of supplies. I therefore feel that it is imperative that we secure from Council immediately a sufficient sum of money, which we estimate at two hundred and twenty-five thousand (\$225,000.00) dollars from figures furnished to us by the Bureau of Water, to enable us to keep the plants in operation for the balance of the year.

Council, under Resolution No. 368, approved by your Honor on August 7, 1917, granted the Director of the Department of Supplies permission to purchase coal in the open market, and authorized the Controller to countersign warrants for payrolls presented or purchases made during the month of August. As the situation does not seem to be any clearer, I feel that sufficient authority should be arranged for the months of September and October, at least, and I am, therefore, enclosing you a form of Resolution extending this authority during the months of September and October, and also a Resolution authorizing Council to transfer sufficient funds for the supply of the Bureau of Water to keep the plants in operation for the balance of the year.

What coal I have been able to secure to keep the plants running this month has been sold to us at what would appear to be a sacrifice on the part of the operators. Every coal operator has sold beyond his limit, and due to the shortage of car supply they are very reluctant to taking the coal away from people with whom they have contracts. However, some of them have the City's interest at heart and do not want to see the pumping stations closed.

Yours respectfully,
F. P. BOOTH,
Director.

Also

No. 4066. Resolution authorizing the Controller to transfer to Code Account No. 1655, the sum of \$225,000.00, from Code Account No. —, for the purchase of fuel for the operation of the pumping stations.

Also

No. 4067. Resolution authorizing the issuing of warrants for purchases made, as may be presented upon properly certified vouchers and bill rolls, presented by the Director of the Department of Supplies, for the purchase of coal in the open market for use at the pumping stations during the months of September and October, such amounts to be payable from the proper appropriation in the Bureau of Water.

Which were severally read and referred to the Committee on Finance.

Also

4068. Communication from Robert Coyle, Jr., asking for the removal of a fence on a portion of Enfield street, and that the street be opened for public use.

Which was read and referred to the Committee on Public Works.

Also

No. 4069. An Ordinance authorizing the making of a contract between the City of Pittsburgh and the Mt. Washington Street Railway Company and the Pittsburgh Railways Company relative to the dedication of a portion of the right of way of the Mt.

Washington Street Railway Company, situate between the flanks of Broadway between Shiras avenue and Crosby avenue, in the Nineteenth ward of the City of Pittsburgh, and providing for the terms and conditions of said contract.

Which was read and referred to the Committee on Public Service and Surveys.

Also

No. 4070. An Ordinance authorizing the Mayor and the Director of the Department of Charities of the City of Pittsburgh to advertise for and award to the lowest responsible bidder or bidders, a contract or contracts for the opening, equipping, railroad sidings, buildings and machinery necessary for the opening and operation of coal mine on the property at the Pittsburgh City Home and Hospitals, at Mayview, Pa., and setting aside the sum of seventy-five thousand (\$75,000.00) dollars for the payment of the cost thereof.

Which was read and referred to the Committee on Finance.

Mr. Herron presented

No. 4071. Resolution authorizing the issuing of a warrant in favor of George Jaffre for the sum of \$70.00, refunding license fee for months of June and July, for Academy of Music, as said house was closed during that time, and charging same to Appropriation No. 42, Contingent Fund.

Which was read and referred to the Committee on Finance.

The Chair stated

That the Councilmanic Committees would meet, starting with the Committee on Finance, at 1:30 o'clock, P. M.

And on motion of Mr. **McArdle**,

Council adjourned.

To Code Account No. 1161, Item D, Materials, Bureau of Fire, the sum of \$5,000.00; to Code Account No. 1163, Item F, Equipment and Machinery, Bureau of Fire, the sum of \$3,000.00.

Which was read.

Mr. Garland moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second time.

Mr. English arose and said:

"Mr. President—I am opposed to transferring any money from the Lost Time Fund in the Bureau of Fire for two reasons:

First. It is not fair to the people of Pittsburgh to run the Fire Department short-handed when the Council has appropriated money to properly run the Bureau. When a fireman is off duty for any reason, we have provided money with which to pay a substitute; therefore, it is not right to try and save the cost of the substitute's salary by depriving the people of the protection due them in not having the necessary men.

Second. It was agreed in committee that the Bureau should send a letter to Council explaining what they expect to purchase with this \$8,000.00. The letter is not here, and we are not informed as to the material or equipment to be purchased. It is not good business, and I cannot give my consent to it, and will, therefore, vote No."

And the resolution was read a third time, and upon final passage the ayes and noes were taken, and being taken were:

Ayes—Messrs.

Also

Bill No. 4055. An Ordinance entitled an "Ordinance increasing the wages of the common laborer and driver in all departments of the City of Pittsburgh in the amount of twenty-five cents per day."

In Finance Committee, August 14, 1917, amended in Section 1 by striking out in two places "twenty-five cents" and by inserting in lieu thereof the words "fifty cents;" by striking out "2.50" and by inserting in lieu thereof "2.75," and by striking out "\$2.75" and by inserting in lieu thereof "\$3.00," and in the title by striking out the words "twenty-five cents" and by inserting in lieu thereof the words "fifty cents," and as amended ordered returned to Council with an affirmative recommendation.

Which was read.

Mr. Garland moved

That the amendments of the Finance Committee be agreed to.

Which motion prevailed.

And the bill, as amended in committee and agreed to by Council was read.

Mr. Garland moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. English arose and said:

"Mr. President—I am in favor of this Ordinance to increase the pay of the laborers and drivers at this time for two reasons:

"First. The City has been unable to get enough men to keep up the work of the departments, due to the fact that private employers are bidding for laborers and are securing them by paying more money than the present City rate of \$2.25 for laborers. It is a well known fact that the City has not been able to keep the streets clean on account of being unable to get enough men.

"Second. Owing to the inability of the City to get men, a surplus of money is available to pay this additional money for the balance of the year; consequently, the various appropriations will take care of the increase without affecting the tax levy this year. I say that in view of the fact that many requests have been made to Council for increases in salary which would create a deficit and would affect the tax rate.

"As the money is available for this increase, and the City must continue the needed work, I think every member should vote for this Ordinance."

And the bill, as read a second time, was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes—Messrs.

English	Kerr (President)
Garland	McArdle
Herron	Rauh

Ayes—6.
Noes—None.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. Herron presented

No. 4073. Report of the Committee on Public Works for August 14, 1917, transmitting an Ordinance to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 4054. An Ordinance entitled, "An Ordinance fixing the rentals of storerooms, stalls and stands in the North Side Market House, and providing the regulations pertaining to said storerooms, stalls and stands."

Which was read.

Mr. Herron moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes—Messrs.

English	Kerr (President)
Garland	McArdle
Herron	Rauh

Ayes—6.
Noes—None.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. McArdle presented

No. 4074. Report of the Committee on Public Service and Surveys for August 14, 1917, transmitting an Ordinance to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 4069. An Ordinance entitled, "An Ordinance authorizing the making of a contract between the City of Pittsburgh and the Mt. Washington Street Railway Company and the Pittsburgh Railways Company relative to the dedication of a portion of the right-of-way of the Mt. Washington Street Railway Company, situate between the flanks of Broadway between Shiras avenue and Crosby avenue, in the Nineteenth ward of the City of Pittsburgh, and providing for the terms and conditions of said contract."

Which was read.

Mr. McArdle moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. McArdle moved

To amend the bill in Section 1 by striking out the words "The City of Pittsburgh shall build such retaining walls along the sidelines of the right-of-way of the parties of the second part, flanked by that part of Broadway now being graded and paved, in the Nineteenth ward of the City of Pittsburgh, as may be necessary to properly support the right-of-way of the parties of the second part at its full width of thirty (30) feet at the grade of the roadbed as at present constructed," and by inserting in lieu thereof the words,

"The City of Pittsburgh shall build such retaining walls along the sidelines of the right-of-way of the parties of the second part, flanked by that part of Broadway now being graded and paved, in the Nineteenth ward of the City of

Pittsburgh, as may be necessary to properly support the tracks and roadbed of the parties of the second part on said right-of-way at the grade of the roadbed as at present constructed. It is agreed that to properly support the tracks and roadbed, retaining walls will be necessary where the grade of the top of the curb is more than 34 inches below the present grade of the top of the rail."

Which motion prevailed.

Mr. McArdle moved

To amend the bill in the title by inserting after the words "flanks of Broadway between" the words "the center line of," and by striking out the words "Crosby avenue" and by inserting in lieu thereof the words "the northerly line of Catalpa street."

Which motion prevailed.

And the bill, as read a second time and amended, was agreed to, and was laid over for reprinting.

Mr. English said:

"Mr. President—I would like to present a paper at this time."

The Chair said:

"The business has been acted upon for which the meeting has been called, and presentations are not in order."

Mr. English stated

That Rule IV provides, "The order of business at special meetings shall be the same as in the case of stated meetings, except the special business for which the meetings have been called shall be first considered after the reading, correction and approval of the minutes, etc." The business for which the meeting has been called has been disposed of, and the next order of business is motions and resolutions.

The Chair said:

"The consent of the members was obtained to call a meeting to dispose of the business presented at the last meeting. The business of the call having been disposed of, there is nothing in order except a motion to adjourn."

Mr. English said:

"Will you read the rule?"

The Chair said:

"I am perfectly familiar with the rules. The specific purpose for which the meeting was called has been disposed of, and there being nothing in order except a motion to adjourn."

Mr. Garland moved

That Council do now adjourn.

Which motion prevailed.

And Council adjourned.

The Chair presented

No. 4159.

DEPARTMENT OF CITY
CONTROLLER.

City of Pittsburgh, Pa.,
September 10, 1917.

To the Council:

Gentlemen — I enclose herewith a letter from the Honorable Joseph G. Armstrong, enclosing a letter from Charles S. Hubbard, Director of the Department of Public Safety, in which he states that it will require, in order to pay the emergency policemen assigned for duty at the water works, reservoirs and stations for the remainder of the year, the sum of \$13,196.81. The City Solicitor, in a verbal opinion to me, stated that all that was necessary was to notify your Honorable Body that an additional appropriation of \$13,196.81 was needed for this purpose. The emergency ordinance (as it is called) provided only for \$17,000.00, and there being but \$3,443.19 remaining at

the present time, which sum is only sufficient to pay the salaries of the present force for the first half of September, 1917.

I herewith transmit an ordinance (believing an ordinance necessary) making a further appropriation of \$13,196.81.

Respectfully yours,

E. S. MORROW,
City Controller.

—
MOYOR'S OFFICE.

Pittsburgh, Pa.,
September 10, 1917.

Hon. E. S. Morrow,
City Controller.

Dear Sir—I enclose you herewith a letter from Mr. Charles S. Hubbard, Director of the Department of Public Safety, calling my attention to the fact that the sum of \$13,196.81 is required to pay the salaries of the present force of emergency policemen from September 16 to December 31, inclusive, 1917, and as the fiscal officer of the City I desire you to take the proper steps to bring the matter to the attention of Council, asking them to provide the necessary sum of money.

Yours very truly,

JOS. G. ARMSTRONG,
Mayor.

—
DEPARTMENT OF PUBLIC SAFETY.

City of Pittsburgh, Pa.,
September 6, 1917.

Hon. Joseph G. Armstrong,
Mayor, City of Pittsburgh.

Dear Sir—The special appropriation of \$17,000.00 made by City Council and known as Code Account No. 1144½, for payment to emergency policemen assigned for duty at the water works, reservoirs and stations, is nearly exhausted, there being but \$3,443.19 remaining at the present time and which will only pay the salaries of the present force for the first half of September, 1917. A carefully compiled statement shows that it will require an additional amount of \$13,196.81 to pay the salaries of the present force from September 16 to December 31, 1917, inclusive.

As this will require Councilmanic action at an early date, I would respectfully request that you give the matter early consideration.

Yours very truly,

CHARLES S. HUBBARD,
Director.

No. 4222.

Pittsburgh, September 7, 1917.

To the Council of the City of Pittsburgh.

Gentlemen—Whereas. The appropria-

tion in the annual budget for 1917 to the Department of Public Works for the purchase of coal and other supplies for the various water pumping stations and other places, for which the coal supply is necessary, has proven entirely inadequate and insufficient owing to the extraordinary rise in coal prices in this community, resulting chiefly from war conditions; and

Whereas, The Department of Public Works has exhausted said appropriation by the purchase of coal and supplies up to September 10; and

Whereas, The absolute necessity of a coal supply to keep water pumping stations in operation for water supply to the inhabitants is apparent; now therefore,

We, the undersigned, pursuant to Section 13, Article 14, of the Charter Act of 1901, hereby certify that an emergency exists, creating the urgent necessity for a special appropriation by your Honorable Body to provide funds sufficient to purchase all necessary coal and supplies for the City use from said 10th day of September, 1917, to January 1, 1918, and the amount of said appropriation should be not less than \$209,275.46.

Respectfully submitted,

JOS. G. ARMSTRONG,

Mayor.

E. S. MORROW,

City Controller.

Which was read.

Mr. Garland moved

That the communication be received and filed, and attached to Bill No. 4161, An Ordinance making an emergency appropriation to the Bureau of Water, Department of Public Works, for the payment of bills for furnishing coal and other necessary supplies for the purpose of operating the several pumping stations of the City, in order to supply the City with water during the remainder of the fiscal year.

No. 4226.

September 17, 1917.

To the President and Members of
Council, City of Pittsburgh.

Gentlemen—We hand you herewith copies of a Resolution which it is proposed to adopt by the Civil Service Commission, regarding the filling of promotional positions made vacant by leaves of absence having been granted to a number of City employees for service in the military and naval forces of the United States during the period of the present war.

Under the present rules of the Civil Service Commission, where a leave of absence has been granted for a temporary period, it is not allowable to assign an employee in a lower grade to such position except as "acting," the said employee retaining his legal civil service standing during the period in which he temporarily discharges other duties. But we are not confronted with the problem of caring for necessary City employments for a more extended period of time than is contemplated under the ordinary privilege of granting leaves of absence, and it seemed to the Civil Service Commission that a just way of solving the problem would be by allowing the temporary advancement or promotion of qualified employees to higher positions, with the proviso, however, that such advancements or promotions are made in distinct accord with the rules and regulations governing such advancement or promotion within the service. In accordance with this idea the present resolution has been prepared and would already have been adopted but for the complication that may arise regarding the salaries of these positions.

On the 30th day of July of the present year, your Honorable Body adopted an Ordinance providing for the payment of one-half of the salary of any City employee enlisting or being drafted into the military or naval forces of the United States, which Ordinance was adopted pursuant to an Act of the Legislature of the State of Pennsylvania, making a similar provision. In adopting this Ordinance no reference was made as to the salary of an appointee who might fill the position of the departing employee. Under the aforesaid Act of the Legislature, it is provided as follows:

"But the duties of his said office or employment shall, if there is no other person authorized by law to perform the powers and duties of such officer or employee during said period, be performed by a substitute, who shall be appointed by the same authority who appointed such officer or employee if such authority shall deem the employment of such substitute necessary. Such substitute shall receive so much of the salary or wages attached to said office or employment as shall not be paid to the dependent or dependents of said officer or employee as hereinafter provided, and such substitute may receive such further compensation from appropriations made for that purpose or

otherwise as may be required when added to the amount received under the provisions of this act, to constitute a reasonable compensation for his services in the opinion of the authority appointing him."

You will see by the above provision the reason for the Civil Service Commission referring this whole matter to your honorable consideration. When the Ordinance of your Honorable Body above referred to was passed, there was contained in it no provision or appropriation of funds specifically to carry its provisions into effect, other than those provisions already having been set up in the Salary Appropriation Ordinance, adopted to cover the personnel services of the City for the year 1917. To have allowed the appointing officers to fill the positions of any officers or employees leaving for military or naval service immediately upon the vacancy by leave of absence, the person appointed would, under the said enactment, receive but one-half the salary of the officer or employee having been granted a leave of absence. We find that in all, except a very few cases, such half salary would not be sufficient to acquire the proper help for the conduct of the City's business, presupposing, of course, that the position vacated is absolutely essential and should be filled immediately. It would seem to the Civil Service Commission that, before they adopt the resolution proposed, and tendered you herewith, that your Honorable Body should clarify the situation by some enactment that would clearly set forth your intention as the appropriating body for the City.

We might add, however, that in some of the lower paid positions, and some positions in vital employments, like those that have charge of the public safety and health welfare, it has been necessary for the Civil Service Commission already to approve the appointment of a few individuals; and it is also true that not all employees leaving for military and naval service have had dependents to whom half their salary should be legally paid.

Trusting it shall please your Honorable Body to act promptly on the question presented, we remain

Most respectfully yours,

CIVIL SERVICE COMMISSION.

CHARLES S. BALL.

Secretary.

No. 4227. Whereas, On account of the present national emergency, created by the United States being at war with Germany, and a number of City employees having been granted indefinite leaves of absence, because of enlistment, or draft, in the military and naval forces of the United States; and Whereas, By Ordinance passed in Council, July 30, 1917, specifying that one-half of the salary of City employees enlisting or drafted, shall be paid to the dependents of City employees during their indefinite leave; and

Whereas, In many instances the positions vacated are known in civil service

practice as promotional positions, the filling of which would be normally by advancement within grade, upon seniority and efficiency records, or by promotional examination, as prescribed by the Civil Service Commission; now, therefore, be it

Resolved, By the Civil Service Commission, that any position filled by advancement or promotion, as cited above, when such position has been filled in accordance with the rules and regulations of the Civil Service Commission governing advancements and promotions, the person being so advanced or promoted to the higher position, shall, for the indefinite temporary period of the leave of absence granted the legal incumbent of the position, receive the title and salary attached to the said advanced or promotional position; with the clear and distinct understanding that said advancement or promotion shall be relinquished upon the return of the legal incumbent, as specified in the special resolution adopted by the Civil Service Commission covering indefinite leaves of absence for war service.

Resolved, Further, That it is the direction of the Civil Service Commission, so far as such action is compatible with the efficiency of the service, that all advanced or promotional positions should be filled by the advancement or promotion of those already in the service who might regularly be entitled to such advancement or promotion; and that all positions made temporarily vacant should be filled by the appointment of new employees in the lower grades, said new employees to be fully notified that employment is for the indefinite temporary period of the leave of absence for war service.

Resolved, Further, That each appointing officer shall have notice of this resolution, so that he may be governed accordingly in filling those positions that are made vacant by the leave of absence referred to under the preamble to this resolution.

DEPARTMENT OF PUBLIC WORKS.

Pittsburgh, September 14, 1917.

President and Members of Council.

Gentlemen—I am enclosing copy of letter from M. O'Herron Co. regarding their contract on Wheatland street. I must say I think the contractors are entirely right in wishing to go ahead with this street, and I would respectfully request that you take immediate action as to their desires in this matter.

Yours very truly,

JOHN SWAN,

Director.

Pittsburgh, Pa., September 13, 1917.

Mr. John Swan, Director,

Department of Public Works,

Pittsburgh, Penna.

Dear Sir—Again referring to our contract on Wheatland street, would say that we wish to call your attention to the fact that it is getting late in the season for the amount of work that is to be done on this street and get the asphalt laid before all the plants close down and cause it to be held over until next season, entailing a large expense. If operation can not be resumed at once arrange to pay us for what has been done, with what expense we have been put to, and the City assume the completion of this contract at such time as they see fit. We might add for your information that the people in this vicinity are blaming us for the non-completion and are sending out reports that are an injury to us, apparently not knowing the City is at fault. Therefore, we would ask you again to take up the matter and determine what is to be done. We do not want to be an annoyance, but necessity compels us to appeal to you for a decision.

Yours respectfully,

M. O'HERRON CO.,

(Signed) JOS. KISSANE, Pres.

MOTIONS AND RESOLUTIONS.

Mr. English presented

No. 4248. Whereas, The non-partisan Council of Nine has always maintained that the City employees should not be coerced or required to line up actively in politics; and

Whereas, By unanimous vote the Council has passed various resolutions on this subject, covering a period of five years, namely:

No. 2205, on October 22, 1912, introduced by Mr. Rauh.

No. 4123, on August 26, 1913, introduced by Mr. Woodburn.

No. 4217, on September 9, 1913, introduced by Mr. Rauh.

No. 4451, on October 28, 1913, introduced by Mr. Woodburn.

No. 190, on January 20, 1914, introduced by Mr. Rauh.

No. 997, on May 12, 1914, introduced by Mr. Hoeveler.

Whereas, A police Lieutenant, Elmer Mallasee, is alleged to have admitted to Councilman English on Monday, September 17, 1917, in the office of the Police Department in the Public Safety Building, in hearing of Commissioner Carroll and others, that he had done dirty political work in the Twentieth ward and was going to do it again; and

Whereas, In spite of the earnest protest of Councilman English made immediately to Superintendent Matthews, Director Hubbard and Mayor Armstrong, the said Lieutenant Mallasee was transferred from No. 2 Police Station to No. 8 Police Station, kept there on Primary Election Day, September 19, 1917, and is still on duty there; and

Whereas, Councilman English is informed:

First—That said Police Lieutenant Mallasee spent the entire day on September 19, 1917, electioneering around the Fifth district polling place in the Twentieth ward, contrary to the Act of Assembly which prohibits police officers from such active participation in elections.

Second—That said Mallasee ordered a policeman named Close to work actively at the polls on Wednesday, September 19, 1917, which is also contrary to the law.

Third—That said Mallasee ordered a policeman named Foley off his regular beat in the West End and ordered him to beat No. 81 on Mount Washington because Foley refused to take political orders. Mallasee ordered the transfer without instructions or consultation with his superior officers. (Next day the main office of the Police Department transferred this officer, Foley, to Hazelwood, where he is now on duty.)

Fourth—Said Mallasee held up members of a social club and urged them to support a certain candidate for Mayor. In return he promised protection for gambling privileges in case candidate was elected.

In view of the conditions as above related; therefore, be it

Resolved, That the Council hereby directs the Committee on Public Safety to investigate the alleged illegal political activity of Police Lieutenant Mallasee.

Which was read.

Mr. English moved

The adoption of the resolution.

Upon which motion the Chair ordered a call of the ayes and noes, and the ayes and noes were taken, and being taken were:

Ayes—Messrs.

McArdle (President pro tem.)
 Dailey Kerr
 English Rauh
 Herron

Noes—Messrs.

Garland Robertson

Ayes—6.
 Noes—2.

And a majority of the votes of Council being in the affirmative, the motion prevailed.

Mr. Herron presented

No. 4249. Whereas, The City of Pittsburgh is now improving Arbor street; and

Whereas, By the grading of this street a considerable cut has been made, which has endangered the abutting property; and

Whereas, One house has already been undermined and partially destroyed, and several other houses are likely to cave in; therefore, be it

Resolved, That the Mayor be requested to have the Director of the Department of Public Works take steps immediately to conserve the property of the people abutting upon this street and that necessary steps be taken at once to safeguard their property.

Which was read.

Mr. Herron moved

The adoption of the resolution.
Which motion prevailed.

And, on motion of Mr. Garland,
Council adjourned.

No. 4290.

Pittsburgh, October 1, 1917.

To the President and

Members of Council of the
City of Pittsburgh.

Dear Sirs—Not wishing to take up any more of your valuable time on the above subject, I am addressing this communication to you for your information. We understand that the ordinance fixing rentals for Diamond street market dealers as reported to Council from Committee calls for one-year leases. I have had a conference today with some of my clients, who are stall holders in the market house and as a result wish to advise that they have no disposition to have any difference with Council on the above subject.

While many of the stall holders prefer a five-year lease, they are willing to rest their case with Council, believing that your disposition will be to treat them justly. If you can see your way clear to grant a lease for two or three years, the stall holders will appreciate it. Personally I should like to have you consider this suggestion and, if possible, grant my clients a two-year lease. If, in your judgment such action is unwise on your part, we will accept your conclusions, believing that your decision, whatever it may be, will be prompted by what you believe to be for the best interests of all concerned.

Very truly yours,

C. E. THEOBALD.

Which was read, received and filed.

DEPARTMENT OF LAW.

Pittsburgh, Pa., September 14, 1917.
Finance Committee of Council.

Gentlemen—In response to motion of Mr. McArdle "that the City Solicitor be requested to furnish the Finance Committee with a copy of the letter from the Duquesne Light Company stating that they would shut off the light on September 1; also any other correspondence he may have on the matter," I beg to report:

That the letter of the Duquesne Light Company notifying the City that the light would be shut off on September 1, unless some provision was made to secure the company, etc. was addressed to the Mayor, and not to me, and I enclose you herewith a copy of the same.

So far as I am informed, there was no other correspondence, whatever, on the subject.

Respectfully yours,

CHARLES A. O'BRIEN,

City Solicitor.

August 2, 1917.

Hon. Jos. G. Armstrong,
Mayor of the City of Pittsburgh,
Pittsburgh, Pa.

Dear Sir—The contract of this company with the City of Pittsburgh for lighting the streets in the first twenty wards, expired February 1, 1917. Before and since that date, the company has been in negotiations with the City for a new contract, but the City has neither prepared its specifications upon which the proposals are to be based, nor called by advertisement for proposals. This Company has been furnishing current since February 1, 1917, upon a monthly payment of \$20,000.00, any amount over that to be adjusted later. This arrangement is quite unsatisfactory. The payment of any amount above \$20,000.00 may possibly not be approved, and this company might be helpless.

If the City will prepare its specifications and call for proposals, this company will be very glad to submit a proposal based upon fair and reasonable prices.

We are unwilling however, to continue to furnish electric current any longer without a contract entered into with the formalities provided for under the statutes of this State.

This company, therefore, notifies you that unless a legal contract is entered into between this company and the City covering this service, we will discontinue the service upon the 1st day of September, 1917.

Yours very truly,

JAMES D. CALLERY,
President.

Which was read, received and filed, and ordered printed in full in the Record.

Mr. Herron presented

No. 4293. Report of the Committee on Public Works for September 26, 1917, transmitting sundry papers to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 4236. An Ordinance entitled, "An Ordinance fixing the rentals of store rooms, stalls and stands, in the Diamond Market House, and providing the regulations pertaining to said store rooms, stalls and stands."

Which was read.

Mr. Herron moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. Bauh arose and said:

"Mr. President and Gentlemen—I wish to state that a one-year lease for any

business stand is not a good business proposition. As the bill, however, has been affirmatively recommended by a majority of the committee, I do not wish it understood that I am even against granting a one-year lease, when I wish to go on record as favoring a longer term. I will, therefore, vote Aye on the bill."

Mr. English arose and said:

"Mr. President—My judgment is that this market is an experiment today and that the best we could gather on it would indicate that we should not hamper the next Council or administration by making a long term lease and possibly force a deficit upon the City unwittingly. No hardship will come to the stall holders if they know they will be treated fairly and uniformly; and if the one-year lease as now contemplated goes into effect there is no question but the Council will probably adjust the term of the lease to suit the tenant if it is not satisfactory. But we must not lose sight of this fact, that as guardians of all the people in the City we must do what is right and best for all the citizens. As we have no other way to determine whether or not the prices fixed and the locations are satisfactory the best we can do is to experiment with a short term lease. Then an adjustment can be made next year at the time Council is considering the budget for 1919 if proof is presented that the short term lease is not satisfactory."

And the bill, as read a second time, was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes—Messrs.

The **Chair** presented

No. 4297.

DEPARTMENT OF PUBLIC SAFETY.

City of Pittsburgh, Pa.,

October 1, 1917.

To the President and

Members of Council.

Gentlemen—I have a communication from Mr. E. J. Martin, City Clerk, stating that the Committee on Public Safety desires a report from me as to what line of duty Mr. Harry Mellon, patrolman was assigned to when he was hurt, and for the payment of lost time account in the sum of \$203.04, in re Council Bill No. 4180.

Replying thereto, I wish to advise, in addition to my previous report, that, on the evening of March 26, 1917, Patrolman Harry Mellon's superior officer, Captain of Traffic B. R. Marshall, met said Patrolman Mellon, who had his hand bandaged, and requested of him what was the matter with the hand; that Mr. Mellon declined to give the captain an answer until he had been asked the third time, when the reply came that he had scratched it and it had probably become infected; that the said Mellon did not report to his superior officer how nor when the injury occurred and we have no official records or information to show that the said Mellon was detailed to the Maples Road House for any duty in behalf of the Department of Public Safety or the Bureau of Police.

Yours very truly,

CHAS. S. HUBBARD,

Director.

Which was read.

No. 4298.

DEPARTMENT OF LAW.

City of Pittsburgh, Pa.,

October 1, 1917.

To the President and

Members of Council.

Gentlemen—On Bill No. 4180, being a resolution for a warrant in favor of Harry Mellon, a member of the Bureau of Police, for \$203.04 for lost time on account of injuries, I beg to advise:

That if the said Harry Mellon has any legal claim against the City for lost time on account of injuries, it would be under the provisions of the Workmen's Compensation Law.

I would, therefore, suggest that the bill be not passed by Council and this department will immediately take the matter up with the Department of Public Safety to determine the extent of the liability under the Workmen's Compensation Law, or have the matter determined by the Workmen's Compensation Board pursuant to the provisions of said law.

Respectfully yours,

CHARLES A. O'BRIEN,
City Solicitor.

Which was read.

Mr. **English** moved

That the communications be referred, and the resolution recommitted to the Committee on Public Safety.

Which motion prevailed.

MOTIONS AND RESOLUTIONS.

Mr. **Rauh** presented

No. 4299. Whereas, The Eighteenth Regiment of Pennsylvania, formerly of the National Guard, now in the service of the United States, has, by a long and honorable career of over seventy-five years, become closely identified with the history of the City; and

Whereas, It is the only regiment in Western Pennsylvania whose members come exclusively from the City of Pittsburgh, and the only one which has an armory sufficient in size to accommodate the entire regiment; and

Whereas, By reason of its long and useful history in the service to which it has at any time been called, each member thereof has felt a deep pride in the preservation of its unity; and

Whereas, An Order has been promulgated by the War Department, that the regiment be disbanded and its members distributed among various other regiments and units; and

Whereas, It is the opinion of the citizens of Pittsburgh that it is at all times to the interest and advantage of all concerned, that wherever possible the unity of a regiment, when of long and honorable standing, whose member-

ship comes from one community, should be preserved, and thereby stimulate the pride and ambition of its members; therefore, be it

Resolved, By the Council of the City of Pittsburgh, that it is the desire of its citizens that the unity of the Eighteenth Regiment be preserved, if possible and that the War Department be requested to maintain the same, and to reconsider the order for its dismemberment, and if possible, rescind the same.

Resolved, That a copy of these preambles and resolutions, duly certified, be forwarded to the War Department, and also to the Governor of this Commonwealth.

Which was read.

Mr. English moved

To amend the resolution by inserting as the sixth preamble the words, "Whereas, It may be possible to fill up two regiments to complete war strength by assigning some conscripted men to the Eighteenth Regiment and the other regiment forming the new brigade and thus keep the Eighteenth Regiment as a separate unit."

Which motion prevailed.

Mr. Bauh moved

That the resolution, as amended, be adopted.

Which motion prevailed.

And on motion of **Mr. English**,
Council adjourned.

Council met.

Present—Messrs.

Dailey	Kerr (President)
English	McArdle
Garland	Rauh
Herron	Robertson

Absent—Mr.
Dillinger

The **Chair** stated that, if there were no objections, the minutes of the previous meeting would be approved.

And there being no objections, the minutes of the previous meeting was approved.

Mr. Ernest Frey was given the privilege of the floor and stated that the fish stands in the arcade through the Diamond Market House had not been removed in accordance with the report and promises of Mr. Swan, Director of the Department of Public Works. The Director stated in a report to the Committee on Public Works that the stands would be removed on Sunday, October 7, and the street opened to public use. This has not been done.

Mr. **English** moved

That a hearing be given the complainant immediately after the meeting of Council before the Committee on Public Works, and the Director of the Department of Public Works and the Superintendent of the Bureau of City Property be asked to be present, so that the complainant can meet them face to face.

Which motion prevailed.

The Chair presented

No. 4334.

Pittsburgh, October 8, 1917.

To the Council.

Gentlemen—Whereas, In passing the ordinance making appropriations for the fiscal year 1917, sufficient money was not appropriated for meeting certain expenses in the Bureaus of Water, Highways and Sewers, Parks and City Property; and

Whereas, At the present writing there is not appropriations from which the amounts required for the conduct of the City's business in these bureaus can be transferred; and

Whereas, It is necessary that amounts should be provided sufficient to take care of the rolls which will be sent for payment shortly; and

Whereas, Said deficiencies are as follows: Bureau of Water, net deficiencies, \$64,946.47; Bureau of Parks, net deficiencies, \$9,498.00; Bureau of City Property, net deficiencies, \$2,498.86; Bureau of Highways and Sewers, \$61,661.63; and

Whereas, The carrying on of the work of these bureaus is absolutely necessary for the comfort and convenience of the citizens of Pittsburgh, and we believe there has arisen a financial emergency which is covered by the Charter Act.

In view of the foregoing facts, we herewith submit an ordinance making additional appropriations for the year

1917, providing the funds necessary for the continuance of the work and ask its passage.

Respectfully submitted,

JOS. G. ARMSTRONG,
Mayor.

E. S. MORROW,
City Controller.

Bill No. 4259. Resolution authorizing the City Controller to transfer the sum of \$2,700.00 from Code Account No. 1144, Salaries, Regular Employees, Bureau of Police, to Code Account No. 42, Contingent Fund, for the purpose of paying the expenses incurred in honor of the departure of the "National Guard" and "Draftees."

Which was read.

Mr. Garland moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second time.

Mr. English arose and said:

"Mr. President, I am opposed to the transfer of any money whatever from Code Account No. 1144, Salaries, Regular Employees, Bureau of Police, to any fund whatsoever. My reasons for this are

well known to every member of this Council, but for the sake of any who may not remember, I would say briefly that the Director of the Department of Public Safety and the Superintendent of Police have been clamoring for several years for 200 additional policemen, although some members of Council believe that they have not properly managed the police department. This proposed transfer is proof that they had plenty of money with which to keep up police protection, but, either through ignorance or inability or, perhaps, deliberate design, they have allowed this money to remain idle when they should have employed sub-policemen. The effect of their action has been to deprive sub-policemen of legitimate work, for which the Council has appropriated money; and, secondly, and to my mind the worst feature of this case, they have deliberately withheld from the people police protection for which the public is paying. If this were the first instance of this kind it might be excused, but every member of Council knows that similar requests for transfers of appropriations have been made in the past and no doubt we will meet with similar requests before the end of the fiscal year.

"I anticipate that some one may say that the cause for which we are asked to transfer this \$2,700.00 is a just and worthy enterprise, namely, paying for music and other expenses necessary to honor our departing soldiers. There is no doubt whatever that this is a very just and worthy enterprise, particularly at this time, when our country is at war. The fact that such a just and worthy enterprise is being used as a vehicle to cover up the incapacity and mismanagement of the Department of Public Safety makes this offense more despicable in my estimation. There are plenty of code accounts in the budget which will permit of the transfer of \$2,700.00. The Council itself has one fund for special investigations which has not been drawn upon very heavily this year, and there is plenty of money available for this worthy enterprise. To sum it all up, we are once more confronted with an excuse instead of a reason for action from this mismanaged Department of Public Safety. I do not propose to allow any one to becloud the issue with patriotism, music, etc., and I do not propose to be swept off the foundations of justice and honesty to bolster up the incapacity of the Director of the Department of Public Safety. Consequently, I am compelled to vote No on this transfer and hold myself in readiness to vote for a transfer from the special investigation fund of Council to pay this \$2,700.00."

Mr. McArdle arose and said:

"I would like to say that in committee I supported the resolution for the transfer of this money and I propose supporting the resolution here for this reason: that I am in favor of paying this bill. The failure to transfer this money from the police bureau or the transfer

of it from the police bureau will have no effect directly or indirectly upon the operations of the police bureau. The money proposed to be transferred, as I understand it, is a saving that has already been made in the funds of the police bureau. That saving may have been made at the expense of the efficient operation of the bureau; it may have been made at the expense of injustice done sub-patrolmen by not giving them employment; it may have been made at the expense of affording inadequate police protection to the citizens of Pittsburgh; but its remaining there cannot in any sense remedy any of these injustices if they exist. The only thing that would inevitably happen to the money would be to lie in that fund until the expiration of the fiscal year, or later be transferred for some other purpose. I contend that it has nothing to do with the operation of the bureau, whether it be good or bad. The die is cast so far as this particular money is concerned. It cannot now be spent for the purpose for which it was appropriated. There is no charge against it, and there is no reason why this money should not be used as proposed in this resolution."

Mr. English arose and said:

"When the Mayor asked for watchmen at the reservoirs he changed his mind and put on policemen. By his action he was making a charge against the tax levy for 1918. Now we find there is money in the regular wage fund of the police department with which these emergency police could be paid without affecting next year's taxes. That is one reason why the transfer should not be made."

Mr. McArdle arose and said:

"I again call attention to the fact that, in the light of the representations made to us by the legal department, there was no obligation upon Council to make that emergency appropriation. The Mayor, in accordance with Article III, of the Charter Act, is given power to do the things he did, and for that reason I refused to vote in support of the emergency appropriation. However, that is not likened to this case. It was made quite clear that the Mayor would appoint the reservoir policemen whether we did or not appropriate the money. The action taken in passing that appropriation was purely voluntary on the part of Council."

Mr. English arose and said:

"The gentleman's statement does not alter the fact that an emergency appropriation was made, regardless of the opinion of the Mayor and the Law Department, and the tax levy for next year will be charged for that appropriation when there is still some money available in the police department right now."

MOTIONS AND RESOLUTIONS.

Mr. English presented

No. 4357. Whereas, The Council passed Resolution No. 4043, on July 30, 1917, asking the Mayor for the budget estimates by October 1, 1917; and

Whereas, It is now October 8, 1917, and budget estimates have not yet been presented to Council in accordance with said Resolution No. 4043; therefore, be it

Resolved, That the Mayor be notified that Council expects him to comply with Resolution No. 4043 at once.

Which was read.

Mr. English moved

The adoption of the resolution.

Upon which motion Mr. English demanded a call of the ayes and noes, and the call having been sustained, the ayes and noes were ordered taken, and being taken were:

Ayes—Messrs.

English	Kerr (President)
Garland	McArdle
Herron	Rauh
	Robertson

Noes—Mr.

Dalley

Ayes—7.

Noes—1.

And a majority of the votes of Council being in the affirmative, the resolution passed finally.

Mr. Herron presented

No. 4358. Whereas, It is alleged that at the primary election held on Wednesday, September 19, 1917, a large number of City employees were absent from their regular duties; that police beats were unpatrolled; that fire companies were undermanned; that many men were employed and engaged in and about polling places in the various precincts and wards in the City influencing voters for or against certain candidates for public office; and

Whereas, It is further alleged that such persons' names have been certified by their superior officers upon the September payrolls of the various bureaus and departments as having performed their regular service and having earned their salaries and wages from the City upon said day; now, therefore, be it

Resolved, That the City Council make inquiry, through the Finance Committee, as to the state of the payrolls for said month of September, and also make thorough investigation of the whereabouts and activities of said employees on said day; and be it further

Resolved, That the City Council, through the said committee, make inquiry into intimidation, fraud, violence or any other matters or things relating to said election that may be brought to their attention during this inquiry.

Which was read.

Mr. Herron moved

The adoption of the resolution.

Mr. Garland arose and said:

"Mr. Chairman, I want to say that I intend to vote against this resolution. If the gentleman has any evidence, let him bring it forward and make his charge. He has that right. This is simply a fishing expedition for political purposes, and I intend to vote against it. The gentleman has the right to bring in specific charges. It is his duty to make specific charges if he has the evidence and to have the matter investigated by the proper authorities."

Mr. English arose and said:

"Mr. Chairman, I will answer the gentleman who just spoke by reminding him that two weeks ago in Council I presented a resolution in which I named the police lieutenant and in which I related the various facts which had been charged, of which information had been brought to me, and I asked for an investigation in order to show the Council whether or not the facts as alleged were true or false. The gentleman who has just spoken on that occasion, in spite of my specific naming of the person and the alleged charges, refused to vote for my resolution, and said it was a political fishing expedition and served notice that he did not intend to be present at the investigation asked for. Now he gives this as an excuse for opposing this new resolution. What kind of a resolution will suit this member?"

Mr. Herron arose and said:

"Mr. Chairman, if there is anything wrong with the resolution, I stand ready to correct it. I am satisfied that the gentleman wants to serve the City of Pittsburgh. If any good will come to the City of Pittsburgh by this investigation he ought to be glad to vote for the resolution. We are the elected representatives of the taxpayers of Pittsburgh, and we have no right to close our eyes to the misuse of City funds. This investigation is proper and no harm will come to anyone in case he is not found guilty; however, if funds were misused the guilty party will have to make restitution to the City. If any person received payment for services he did not render he should be made to suffer. No person should object to such an investigation."

And the question recurring on the adoption of the resolution.

The motion prevailed (Mr. Garland voting No).

Mr. Robertson presented

No. 4359. Resolution providing that all City employees in the service of their country be paid one-half of their salaries while in such service, provided the same shall not exceed the sum of \$2,000.00 per annum.

Which was read and referred to the Committee on Finance.

And, on motion of Mr. Garland,
Council adjourned.

No. 4392.

Pittsburgh, October 12, 1917.

Dr. James P. Kerr,
President, City Council,
Pittsburgh, Pa.

Dear Sir—The Equitable Gas Company,

Allegheny Heating Company and Monongahela Natural Gas Company recently filed supplemental tariffs showing increases in their industrial rates, to become effective November 1, 1917. As these new rates applied to the same rates which Council recently authorized us to complain against, we thought that complaints should be filed against the last increases, and we have, accordingly, prepared and forwarded to the Public Service Commission a complaint covering the matter.

You will appreciate, of course, that failure to do this would leave the

pending case in a very awkward situation.

Yours respectfully,

C. K. ROBINSON,

C. ELMER BOWN,

Special Assistant City Solicitors.

BOROUGH OF HOMESTEAD.

Homestead, Pa., October 8, 1917.

The Pittsburgh City Council,
Pittsburgh, Pa.

Gentlemen—On behalf of the Police Department, the Council of the Borough of Homestead, and the citizens generally of this community, we desire to express to your Honorable Body our highest appreciation for the splendid work performed here in our town by Detective Arthur Ehrenfeld of your Secret Service Department, on Saturday, October 6, on the occasion of the demonstration given to the drafted men who departed for Camp Lee.

The prompt and rapid action of Detective Ehrenfeld in picking up seven of the most notorious crooks in the country forestalled the gathering of a rich harvest from the pockets of the great throngs gathered to do honor to our boys who have been drafted to the National Army. These crooks were from New York, Cleveland, Chicago and San Francisco, and among the most adept in the profession.

Again thanking your Honorable Body and assuring you of our people's high appreciation of your valued assistance given in the person of Detective Arthur Ehrenfeld, I am,

Very respectfully,

W. H. DAVIS,

Chief of Police.

And the rule having been suspended, the resolution was read a second time.

Mr. English arose and said:

"Mr. Chairman—I vote Aye on Bills Nos. 4307, 4308 and 4312, but do so under protest for this reason. It embarrasses the Council to be asked to transfer

money without knowing why the transfer should be made at this time. It is true the various bureaus sent in a sort of explanation, but to my mind they do not explain. My thought is that when we set up in the budget at the beginning of the year sufficient money for regular wages and salaries that is a sacred fund, for the reason that the person who set it up and submitted it to the Council told us in apparent good faith that they needed a certain number of employees and that sufficient money must be appropriated in order to pay such employees. Now, we find, after nine and one-half months, the bureaus and divisions come in and ask us to transfer from money appropriated for wages and salaries to pay for the high cost of materials. But they fail to explain how or why they have a surplus in the wages account. That, it seems to me, is very bad practice, and I have always opposed it since my membership in Council, and I oppose it now.

"For lack of sufficient information from the administrative officer, and owing to the great number of transfers it has been a physical impossibility for me or any other member of Council to check up these transfers. In other words, we are again reminded of the frenzied finance practiced in the early days of this Armstrong administration. The Council will recall that the only explanations were that they had confidence in the honor and integrity of the Directors and the Superintendents who made the requests at that time. We are placed in an embarrassing position by reason of the fact that they do not furnish sufficient information.

"I am voting Aye on these bills, but I do so under protest, as I object to any transfer of money appropriated for wages without a satisfactory explanation. Certainly we cannot afford to hold up necessary supplies, but I give notice that when we take up the 1918 budget I will insist on definite information regarding these transfers."

And the resolution was read a third time, and upon final passage the ayes and noes were taken, and being taken were:

Ayes—Messrs.

English	Kerr (President)
Garland	McArdle
Herron	Rauh
	Robertson

Ayes—7.

DEPARTMENT OF PUBLIC WORKS.

Pittsburgh, October 8, 1917.

Members of the

Public Works Committee.

Gentlemen—With reference to Council Bill No. 4199, being a resolution authorizing the payment of one-half salaries for certain employees in the Bureau of Engineering, who enlisted in the service of the Government prior to the passage of the Act of Assembly providing for their payment, I enclose herewith copy of report on this by the chief engineer of the Bureau of Engineering, where these men were employed, which explains this matter.

Yours very truly,

JOHN SWAN,
Director.

Pittsburgh, October 2, 1917.

Mr. John Swan,

Director,

Department of Public Works.

Dear Sir—Herewith I return you copy of Council Bill No. 4199, which is a resolution authorizing the payment of one-half salaries for certain employees in the Bureau of Engineering, who enlisted in the service of the Government prior to the passage of the Act of Assembly providing for their payment.

I have to advise that the beneficiaries of this resolution have dependents, and affidavits have been filed by each one, claiming one-half compensation from the date of the passage of the Act of Assembly.

There is no question as to the regularity of the proceeding; the only thing needed is authority to make the payments prior to the passage of the Act referred to above.

Yours truly,

N. S. SPRAGUE,
Chief Engineer.

No. 4398. Whereas, Rule No. 257, under the heading of Elections, on page 28 of the Police Manual for 1917, reads as follows: "Members of the force must not remain within fifty (50) feet of any polling place on an election day, or within one hundred (100) feet at a primary election, unless needed, or called upon, to preserve the peace;" and

Whereas, In the Uniform Primary Law, approved July 12, 1913, under Section 23, the following paragraph appears: "No police officer in commission, whether in uniform or in citizen's clothes, shall be within one hundred feet of a polling place during the conduct of a primary, unless in the exercise of his privilege of voting, or for the purpose of serving warrants, or in case of disturbance of the peace; and any police officer be so present within one hundred feet of a polling place, during the conduct of a primary, except for the purposes specified, shall be guilty of a misdemeanor, and upon conviction thereof shall be sentenced to pay a fine not exceeding five hundred (\$500.00) dollars, or to undergo imprisonment for a term not exceeding one year, or either or both, at the discretion of the court;" and

Whereas, Charles S. Hubbard, Director of the Department of Public Safety, and W. N. Matthews, Superintendent of the Bureau of Police, who appear to know the above rule of their own department, in addition to knowing full well the law of the State of Pennsylvania, at Council's investigation of the political activity of Police Lieutenant Mallasee, when under oath, testified that they knew the law of the State regarding policemen at the polls; nevertheless they condone the violation of the Uniform Primary Law by said police lieutenant; therefore, be it

Resolved, That the Council of the City of Pittsburgh hereby disapproves the action of the Director of the Department of Public Safety, Chas. S. Hubbard, and the Superintendent of the Bureau of Police, W. N. Matthews, in permitting any police official to do political work at the primary election in defiance of the law and of the rules of their department; and be it further

Resolved, That the attention of Mayor Joseph G. Armstrong is hereby directed

to this matter, and that he, the Mayor, be requested to inform the Committee on Public Safety at its meeting Tuesday, October 16, whether or not he is in sympathy with the actions of these officials and whether or not he proposes to take any official action in regard to this violation of the law.

Which was read.

Mr. English moved

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes—Messrs.

Dillinger
English
Garland
Herron

Kerr (President)
McArdle
Rauh
Robertson

Ayes—8.
Noes—None.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also

Bill No. 3888. An Ordinance entitled, "An Ordinance authorizing the Mayor and the Director of the Department of Supplies of the City of Pittsburgh to advertise for bids and to award a contract or contracts to the lowest responsible bidder or bidders for the purchase of two (2) scrubbing machines; seven hundred (700) more or less cuspidors; three (3) oil tanks; fifty (50) cases of toilet paper; fifty (50) cases of towel-ing paper, for use in the City-County Building, and authorizing the setting aside of the sum of thirty-four hundred (\$3,400.00) dollars, from Ordinance No. 134, providing the sum of eighty thousand (\$80,000.00) dollars to provide funds for the furnishing and equipment of the Municipal offices located in the joint City-County Building."

In Finance Committee, July 17, 1917. Read and amended in Section 1 and the title by striking out the words "fifty (50) cases of toilet paper; fifty (50) cases of towel-ing paper," and by striking out the words "thirty-four hundred (\$3,400.00) dollars" and by inserting, in lieu thereof, the words "twenty-four hundred fifty (\$2,450.00) dollars," and in Section 2 by striking out the words "thirty-four hundred (\$3,400.00) dollars" and, by inserting in lieu thereof, the words "twenty-four hundred fifty (\$2,450.00) dollars," and by adding at the end of the section, the words "Charge to Appropriation 183-A," and, as amended, ordered returned to Council with an affirmative recommendation.

In Council, July 23, 1917. Bill read and recommitted to the Committee on Finance.

In Finance Committee, October 16, 1917. Read and ordered returned to Council with an affirmative recommendation.

Which was read.

Mr. Garland moved

That the amendments of the Finance Committee, of July 17, 1917, be agreed to.

Which motion prevailed.

And the bill, as amended in committee and agreed to by Council, was read.

Mr. Garland moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. English arose and said:

"Mr. President—I am opposed to the passage of Bill No. 3888 for two reasons. These articles will be purchased from the proceeds of the twenty-year bonds. I don't think it is good business practice to purchase scrubbing machines which would only last a year or two, or cuspidors, the life of which are very uncertain, from the proceeds of bonds on which the people will have to pay interest and sinking fund charges for at least twenty years. The second reason is that there is not sufficient information furnished in the bill itself nor in any letter accompanying it; for instance, they don't tell us how much each scrubbing machine is to cost nor what the kind or unit cost of cuspidor is to be purchased. In the absence of more information and for these two specific reasons I am compelled to vote No on this bill."

And the bill, as read a second time, was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

"Mr. President—I am opposed to the passage of Bill No. 4369, because it transfers money from the appropriation made for regular wages of firemen. As I stated before when a similar bill was before us transferring money from regular wages of policemen, I do not think it right when the Council sets up in the annual budget an appropriation for wages for regular policemen and firemen to take this money for any other purpose. I say this particularly in view of the fact that there are many other appropriations or code accounts from which the money could be taken. For this reason I am compelled to vote No on this bill."

And the resolution was read a third time, and upon final passage the ayes and noes were taken, and being taken were:

Also

Bill No. 4171. Whereas, The Pittsburgh Iron & Metal Company was the highest bidder for Lot No. 15, consisting of the razing of a steel chimney and flues at the Brilliant Pumping Station, on June 28, at the opening of bids in the office of the City Sales Agent, awarded them the contract for the tearing down of the aforesaid chimney; and

Whereas, It appears that the Pittsburgh Iron & Metal Company, in making the bid, overlooked the fact that a certain provision contained in the plans and specifications on file in the office of the Department of Supplies, which contained, among other things, the following provision: "That the successful bidder begin active operations within three (3) days after notification from this office (Bureau of Water) and complete the razing and removal of all materials as shown on this plan within the space of time not exceeding fifteen (15) working days;" and

Whereas, The successful bidder has made repeated requests on the officials of the Bureau of Water to be allowed to remove said stack and, due to their not being ready to have said stack razed, the Pittsburgh Iron & Metal Company feel that it is being unnecessarily delayed; and

Whereas, The Pittsburgh Iron & Metal Company feel that it will be an indefinite period before the officials of the Bureau of Water are ready to have said stack razed; and

Whereas, The Pittsburgh Iron & Metal Company feel that, by reason of their oversight in reading carefully all the specifications of the advertisement, that they should be relieved of this obligation unless the City is ready to proceed at once; therefore, be it

Resolved, That the Mayor be and he is hereby authorized and directed to issue, and the City Controller to countersign, a warrant in favor of the Pittsburgh Iron & Metal Company in the sum of six hundred seventy-five dollars and seventy-five cents (\$675.75), the same to be payable from Code Account No. 42, Contingent Fund.

In Finance Committee, October 16, 1917. Read and amended by striking out the words "42, Contingent Fund," and by inserting in lieu thereof, the words "No. 43, Finance Fund," and, as amended, ordered returned to Council with an affirmative recommendation.

Which was read.

Mr. Garland moved

That the amendment of the Finance committee be agreed to.

Which motion prevailed.

And the resolution, as amended in Committee and agreed to by Council, was read.

Mr. Garland moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

"Mr. President—I am in favor of postponing further action on this resolution. However, I object to the manner in which this claim was handled by the Director of the Department of Public Safety. When the resolution was submitted to the Director for a report by the Committee on Public Safety he did not make a sufficient investigation when he turned down Mr. Ehrenfeld's request for payment in the report submitted to us on September 17. Then when the matter was called to the attention of Council and Director Hubbard was called before the Committee on Public Safety to answer questions as to why he refused to O. K. Mr. Ehrenfeld's payroll, he became panic-stricken and refused to appear before the Committee. Later on he sent in a letter dated October 11, stating that he had changed his mind and would O. K. the payroll. But we have not received any satisfactory explanation of the illegal suspension of the officer. However, the Director has approved the payroll and there is no further need to take action on the matter. Therefore, it is proper to indefinitely postpone further action on the resolution."

Which motion was seconded by Mr. Dillinger.

Mr. Garland, with the consent of the seconder, desired to withdraw his motion.

Mr. McArdle arose to a point of order, "That the motion is before the body and therefore the property of the body and cannot be withdrawn if there are any objections, except on a vote of the Council."

The Chair ruled Mr. McArdle's point "well taken," and stated that, as there were objections, the motion could not be withdrawn.

And the question recurring on the motion of Mr. Garland that the remarks be not printed in the Record, Mr. Garland demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were taken agreeably to law, and were:

Ayes—Messrs.	
Dillinger	Rauh
Garland	Robertson
Kerr (President)	

Noes—Messrs.	
English	McArdle
Herron	

Ayes—5.

Noes—3.

So the motion prevailed.

And on motion of Mr. Garland,

Council adjourned.

An Ordinance entitled, "An Ordinance amending Lines 1 and 2, Section 73, Department of Public Works, Bureau of City Property, of an ordinance entitled, 'An Ordinance fixing the number of officers and employees of all departments of the City of Pittsburgh, and the rate of compensation thereof,' approved January 5, 1917."

Which was read.

Mr. Garland moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. English arose and said:

"Mr. President—I think it is very unwise for Council to act on these ordinances at this time. For my part I propose to be recorded as not voting in case the members of Council insist on taking a vote. My reasons are as follows:

"Here are three ordinances purporting to raise or increase the salaries of perhaps 20 employees in the service of the City. Now, what is going to happen to the salaries or wages of some 2,000 or 3,000 other employees of the City who are entitled to just as much consideration as these particular ones which have been picked out by particular members of Council. If Mayor Armstrong had furnished us the budget estimates on October 1 as requested in several resolutions passed by Council we would be in a position to tell these particular employees of the City just what they might expect in the way of salary increases. Now, I will submit, Mr. President, that it is hardly a fair proposition to grant the increases in these ordinances and then not know whether or not these particular employees are going to get the \$150.00 additional, as provided by the 'Burke' Bill. Now, on the other hand it will not be fair to these particular

employees to vote against this increase in salary for fear they might get the impression that we do not intend to do anything for them in the next budget; and in fact the budget time is so close that there is some ulterior motive back of these ordinances, and they are not brought in here in good faith when other employees are not given similar consideration by the introduction of ordinances. I do not think it is fair to vote against the ordinance and on the other hand I do not believe it is fair to vote for it. Therefore, I must take the middle position and refuse to vote one way or the other. I intend to act fairly and justly with all the City employees and I could not vote at this time to favor a few of them."

Mr. Robertson arose and said:

"Mr. Chairman—I presented the ordinance for the comfort station attendants. At that time I took into consideration the \$150.00 additional they would receive under the 'Burke' Bill. They are now getting \$55.00 a month, making about \$12.50 a week. If we allow them the increase provided for in the present ordinance and in addition to the \$150.00 they will receive under the 'Burke' Bill they will be making \$900.00 a year next year. I know of several married men who work at these comfort stations and it is barely possible for them to live on the small salary they now receive. For that reason I am going to support this ordinance as well as the other two before us today."

Mr. English arose and said:

"Did you figure the \$150.00 they would receive under the 'Burke' Bill on the other two ordinances?"

Mr. Robertson arose and said:

"No, sir; I did not. I figured on the ordinance that I presented."

Mr. English arose and said:

"This particular Councilman is looking out for the comfort station attendants and has not taken into consideration on the other two ordinances the increase the employees will receive under the 'Burke' Bill to become effective January 1, 1918. It is unfair to thousands of other employees to consider these few employees at this time unless you have the budget before you."

Mr. Robertson arose and said:

"When the ordinance increasing the salary of seven clerks in the Bureau of Highways and Sewers was before Council a few weeks ago the gentleman voted for it. There are nine clerks in this bureau while only seven of them were included in the ordinance, which left two clerks receiving less than \$100.00 a month. When Director Swan was before the committee he said that two clerks could do the work of three and that a laborer was performing the duties of a clerk. If seven clerks are entitled to \$100.00 a month, I think the other two are, too."

Mr. **Rauh** arose and said:

"Mr. Chairman—It gives me great pleasure to vote for these ordinances. Take the comfort station ordinance. You have people working in them who only receive \$55.00 a month, which is less than \$13.00 a week. Now, I want to say that it is well and good to say to wait until the budget estimates are before us, but in the meantime with potatoes and flour and other things where they are I say \$13.00 a week is too little for any person to live on. I, therefore, vote in the affirmative on these ordinances."

And the bill, as read a second time, was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Which was read.

Mr. **Garland** moved

A suspension of the rule to allow the second and third readings and final passage the the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second time.

Mr. **English** arose and said:

"Mr. President—I must again repeat my remarks in opposition to any ordinance which transfers money from the regular wages of the Bureau of Police to any other fund. Once more a very

worthy enterprise is taken as the vehicle for doing this unbusiness-like method of transferring money. It seems to me that the actions of the Department of Public Safety in clamoring for more policemen does not contrast with the fact that we are again called upon to transfer the sum of \$3,000.00 from the regular wages of the Bureau of Police. The Council must sooner or later sit down and stop such practice. I say this in view of the fact that we have other code accounts from which to get this money. I am not opposed to paying legitimate expenses which the City authorized in sending away the soldiers or receiving them on their return or any other legitimate enterprise. In the matter of patriotism I will go as far as any other member of Council; but I object to using such enterprises when it robs sub-patrolmen of money which was specifically set up in the budget for them. I predict sooner or later the Council will sit down on this matter."

And the resolution was read a third time, and upon final passage the ayes and noes were taken, and being taken were:

Mr. English presented

No. 4498. Whereas, Council has passed several resolutions requesting the Mayor to present the budget estimates for 1918; and

Whereas, The Mayor continues to ignore the Council by failing to present the budget; therefore, be it

Resolved, That Council hereby expresses its disapproval of the Mayor's neglect to properly attend to the public business.

Which was read.

Mr. English moved

The adoption of the resolution.

Mr. English arose and said:

"Mr. President—I arise to a question of personal privilege, and wish to have placed in the Record the following statement.

"On three different occasions the Council has passed a resolution requesting Mayor Armstrong to submit the budget for the ensuing year, but up to this writing we have no definite word regarding it.

"In making up the budget every member of Council knows, but the public perhaps does not know, that the last six months of the preceding year, together with the first six months of the current year, is used as a basis for making the appropriations for the year following. On this basis the six months from July 1, 1916, to January 1, 1917, together with the six months, beginning January 1, 1917, and ending June 30, 1917, is the period upon which the appropriations for 1918 will be based.

"When the Council passed Resolution No. 4043 on July 30, the time in which the Mayor was asked to have the budget ready was fixed as October 1, which makes a total of three months time, which every one will agree is sufficient time in which to prepare the budget.

"On October 8 the Council passed Resolution No. 4357, calling the Mayor's attention to the matter.

"At the meeting of Council on October 15 I again raised the question, but up to this time we have not received anything definite.

"At the last meeting of Council, on October 22, I again raised the question, but up to this time we have no definite information.

"Mr. President, I feel it is my duty as a servant of the public to denounce this attitude on the part of Mayor Armstrong. It is in keeping with the defined attitude of his directors and superintendents, who not only refused to appear before the Council sitting in committee, but flaunt their contempt by actually leaving the City without sending a message of any kind whatsoever to the Council.

"Some of the members of Council will recall the attitude of the Director of the Department of Public Safety and the Superintendent of Police when on the witness stand in the matter of the illegal activity of a certain police officer at the primary election.

"In addition to this the Mayor has contemptuously ignored the resolution passed by Council asking what he proposes to do regarding the violation of the primary election law when police officers were doing election work at the polling places.

"It seems to me that the entire City administration is banded together under the direction of some invisible govern-

ment, which is placing the personal political fortunes of certain candidates above the interests of the tax-paying public. Such an attitude strikes at the very foundation of municipal government. I do not know how the other members of Council feel about this matter, but for my part, as a servant of the people, I wish this protest placed in the Record that I am unalterably opposed to such proceedings.

"It is plainly evident that, instead of attending to the business of the City, the administrative forces of the government are bending every effort, through the coercion of the City employees, to endeavor to elect certain persons who perhaps have promised to continue them in their positions. I sincerely hope that this state of affairs will meet with disaster and that, sooner or later, the employees of the City, including certain high-classed cabinet appointees, will do their sworn duty and serve the public instead of following the instructions of an invisible government."

And the question recurring on the adoption of the resolution.

The motion prevailed (Mr. Garland voting No).

Also

No. 4499. Whereas, The Pittsburgh Leader, on Saturday evening, October 27, published an article reflecting on the Department of Public Safety in general and the Bureau of Detectives in particular; and

Whereas, The article referred to is attached to this resolution; and

Whereas It is the duty of Council to make an effort to remedy any defects or errors in the City government; therefore, be it

Resolved, That a copy of the article referred to be furnished the Director of the Department of Public Safety; and be it further

Resolved, That the Director of the Department of Public Safety be requested to appear before the Committee on Public Safety on Tuesday, October 30, 1917, and bring with him all the City employees who know anything about this case.

AN AMAZING EXPOSURE OF POLICE PROTECTION GIVEN TO GAMBLERS.

City Detectives Rush to the Aid of a Gambler Who Had Lost Part of His Roll and Persecute Innocent Clerk in Hotel With Infamous "Third Degree." Detectives Betray Guilty Knowledge of Entire Gambling System of City, but Make No Arrests.

An amazing scandal, directly connecting the City detective force with local gambling activities has come to light.

It is a realistic underworld story, with such melodramatic features as the theft of a gambler's profits, an enthusiastic effort on the part of detectives to recover the gambler's money and the persecution by the detectives of the one and only respectable person in the case, who became connected with it in a perfectly legitimate manner.

The story exposes a guilty knowledge by the police authorities that gambling on a big scale is going on in the City.

That the police personally know the proprietors of these gambling houses, have complete information as to where their dens are located, and could rid the City of them all in an hour, if so disposed, is another scandalous feature of the story.

Instead of making any effort to restrict crime, the police, the story shows, actually protect the violators of the law, and pursue like bloodhounds any person who is suspected of interfering with the big profits of the gamblers.

Over on Diamond street there is a gambling house run by a man whom the police and his other friends address as "Buck."

A game called "stuss" is the specialty in "Buck's" den, and his profits range about \$2,000.00 a night.

After working hours, meaning that time in the morning when all the "suckers" have been "trimmed" and gone sadly home, "Buck" usually locks up his gains in his own safe.

But one night last week "Buck" was prevented from presiding in person over his business, so he telephoned to a couple of frequenters of the "joint" to take the night's winnings to a downtown hotel and rent one of the boxes there, so that "Buck" could get the cash in the morning.

The two messengers appeared at the hotel some time after midnight, told the night clerk, a well-known young man of tested probity, that they wanted to leave a valuable package, and the night clerk assigned them to a box.

The next day "Buck" came to the hotel, was given the key to the box, took out the package and went to a room upstairs to count the money.

A few minutes later he plunged down the stairs into the hotel office, and roared that the count showed a shortage of \$1,036.00.

After the excitement had quieted down "Buck" sent for City detectives to make an investigation. They came, very sympathetic, very solicitous, and very eager to be of service to their friend, "Buck".

Their first act was to pick on the only decent man in the affair—the night clerk of the hotel.

With all the brutality of the low-

browed crook-chaser, they proceeded to give this young man the "third degree." They called him a thief and other worse names, and threatened him with dreadful punishment if he did not confess that he had taken their friend's money.

The night clerk withstood their persecution with the courage of innocence, and the detectives were compelled to release him, with threats that they would "get him yet."

By some odd coincidence, another gambler came the next day to deposit some of his money, and the coincidence became stronger when the hotel clerk gave him the same box which the previous gambler had used.

That night the "sleuths" decided to make a search of all the boxes, and, securing the hotel's master key, found in the box the money the second gambler had deposited.

To their acute intelligence, this clinched the case against the hotel clerk.

"He's scared," they said, "and is trying to put the money back and make a get-away."

Once more the unfortunate night clerk was pounced upon and given the "third degree."

They jeered at his statement that another man had put the money in the box.

"Can you identify him?" they demanded.

The clerk said that he could.

And then, in their stupid desire to punish somebody for robbing a gambler, they betrayed their knowledge of the whole gambling system.

In less than an hour the proprietors of nearly every gambling resort were brought to the hotel and paraded before the innocent clerk for identification.

But the man who deposited the money was not in the first batch, and the sleuths, with their "we told you so" expression, were making ready to hustle the young man off to jail when he saw, entering the hotel lobby, the man who rented the box the second time and brought him forward to declare that he had done so.

The detectives tried to give this man the "third degree" also, but he defied them, and they were forced to accept his statement as vindicating the clerk from the charge that he had tried to replace stolen money.

So far as the public knowledge is concerned the case ends there.

The young hotel clerk is ill from the shock of the accusation and his brutal treatment.

The only decent person in the whole transaction, he was made the victim of this unholy alliance between the gamblers and City detectives.

Instead of protecting society from criminals, the detectives seem to think that their duty is to protect the criminals in their preying upon society.

It is an amazing story, but an absolutely true story, and one that carries a shock to all decent people.

Incidentally, it may be added that one of the two messengers who carried "Buck's" money to the hotel had lost \$36.00 that evening in gambling.

The sum "Buck" claims was stolen was \$1,036.00.

Is there any clue in these figures that might help "Buck's" detective friends to solve the mystery of the missing money?

Which was read.

Mr. English moved

The adoption of the resolution.

Mr. Bauh moved

To amend the resolution by striking out the words "Tuesday, October 30, 1917," and by inserting, in lieu thereof, the words "Wednesday, November 7, 1917."

Bill No. 4558. An Ordinance entitled, "An Ordinance providing for the letting of a contract or contracts for ten years for furnishing electric lights to the City of Pittsburgh on its streets, boulevards, alleys, by-ways and parks, and any other public thoroughfares or places in wards numbered one to twenty of said City, both inclusive, and providing for the cost thereof for the fiscal year of 1917."

Which was read.

Mr. Herron moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. Rauh arose and said:

"Mr. Chairman—To make a ten-year contract today, when the price of materials and supplies of all kinds is quoted at a very high figure is, in my opinion, very unwise. Besides, the possibility may arise of having new methods and inventions introduced into the electric world which may greatly cheapen the cost of production. To tie up our City therefore with a ten-year contract under the circumstances is, to my mind, evidence of poor business management.

"In my own private business I would not think of tying up our firm with a ten-year contract under present existing conditions, and what I would not do in my private affairs, I would not advocate for the taxpayers of Pittsburgh.

"With the unsettled world affairs confronting us, I think ten years is too far to look ahead. I would much prefer to vote for a slightly increased rate for a three-year or a five-year contract than to vote for a ten-year contract today."

Mr. Garland arose and said:

"Mr. Chairman—I would like to say, if Mr. Rauh is right in his contention that the price or labor, fuel and other commodities entering into the generation of electricity might be cheaper within the next five years, I would not be in favor of a contract for even that length of time if it were not provided in the contract that the City would receive the benefit of any reductions in coal during that time, in the way of lower prices for its street lighting. If the City would not be protected in those matters I would not be in favor of a contract for even one, two or three years.

"The contract for street lighting as provided for in this Ordinance will be based on just the points about which Mr. Rauh speaks. A variant price for coal is provided in the specifications on which the contract will be based. This

has been recommended to us by Mr. C. K. Robinson and Mr. Bown after many conferences and meetings, not only with the members of Council, but with representatives of the Duquesne Light Company. Considerable time was spent on the subject. I believe the City will receive a fair price for its street lighting. I would rather favor a contract for ten years at the price provided for in the Ordinance than for one, three or five at a higher price. The matters which Mr. Bauh refer to will be taken care of in the specifications and contract to be entered into between the City and the Company."

Mr. McArdle arose and said:

"Mr. Chairman—Mr. Garland has covered the objection raised by Mr. Bauh thoroughly. If it were founded on the actual facts of the case it would be very important, but we have been told by the gentlemen who have negotiated this contract that the very thing he objects to is represented in the contract form which they have drawn and the specifications upon which this contract will be let under the provisions of this Ordinance—that the very basis of it is \$1.25 per ton coal rate. So far as anyone may look into the future it would not require a wizard to say that in ten years we will not again see a coal rate below \$1.25. And as I understand it the development of the art is taken care of in the specifications also, as well as any advantage which might accrue from any such development. And this \$1.25 coal rate does not merely take care of the coal rate, but it takes care of the relationship between the coal rate and the increased labor cost, insofar as that can be determined; and all these points are actually taken care of in the specifications and contract form which are to be offered when this Ordinance is passed. And these conditions can only be secured through a contract for a reasonable term of years. From what I could learn in committee here and from Messrs. Robinson and Bown, it is their belief, as the result of their study and negotiations and the help received by them from competent men in the electrical world that this approaches as reasonable a proposition as we could get under the circumstances, with all the City's interests protected, insofar as all the facts could be foreseen for a number of years."

Mr. Herron arose and said:

"Mr. President—From the remarks made by Mr. Bauh it would lead the unobservant person to believe that we are not watching the City's interests in this matter and that we are not paying any attention to the business of the City. This Ordinance was brought in here after negotiations had been entered into between Messrs. Robinson and Bown representing the City and representatives of the light company, and it is the result of careful thought and study. Mr. Donkin of the light company is here and I would like him to say whether the

City would make a better contract than is provided in this Ordinance."

Mr. Garland moved

That Mr. W. A. Donkin of the Duquesne Light Company be given the privilege of the floor.

Which motion prevailed.

Mr. Donkin arose and said:

"Mr. Chairman—I just want to say that the specifications were gone into very carefully both by the company and Mr. Robinson. He had experts from away and from the City here who went very thoroughly into the situation. The contract price is based on normal conditions—not on conditions as they exist today—the high price of everything. The fuel is the only sliding scale provided in the contract. The contract is really based on normal conditions plus the variant price of fuel. The development of the art is very ably taken care of in the specifications. Should there come into existence some particular lamp that would be much more efficient, the City may ask the company to put in those lights or lamps instead of the present equipment and therefore gain by that efficiency in the art. All these matters are taken care of in the specifications and I think every member of Council was forwarded a copy of the specifications. And the contract price, I want to bring that out particularly is based on normal conditions—not on the prices of copper, labor and 101 other commodities used in the business. The only condition whereby a sliding scale is provided for is in the price of fuel."

And the bill, as read a second time, was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

No. 4647.

MAYOR'S OFFICE.

Pittsburgh, November 26, 1917.

The Honorable, the Council
of the City of Pittsburgh.

Gentlemen—I am transmitting herewith the Departmental Estimates for the Budget of 1918, Section One-B, containing the estimates of the Department of Public Health.

In connection with your consideration of the estimates of this department, I desire to call your attention to the attached table showing comparative costs of refuse disposal in Pittsburgh and eleven other cities; this data having been compiled from replies to inquiries sent out to the cities mentioned. Comparison of the average cost of garbage

removal and disposal in these cities shows the following:

	Average of all Cities.	Pitts- burgh.	Per. cent. Pitts- burgh is higher than average.
Pounds per capita per year.....	173.8	307.8	77 %
Cost per ton for removal and disposal	\$2.00	\$2.25	12½ %
Cost per capita....	.17	.346	103 %

By further reference to the table attached, you will see that the experience of Cleveland and Columbus in handling this work by a municipal owned plant has resulted in very low ton and per capita costs. Operating data supplied by the Cleveland plant shows the following results for 1915 and 1916:

	1915	1916.
Tonnage dis- posed of.....	62,351	60,717
Gross income from sales of grease, tank- age, etc.....	\$224,725.87	\$302,527.16
Net income from sales of grease tankage, etc....	71,641.83	146,842.36

In other words, the net income of the City of Cleveland was 104 per cent. greater in 1916 than in 1915, made possible by the increase in the sale price of the products derived from the garbage.

The amount set up for refuse disposal service in the estimates of the Department of Public Health is \$430,000.00, but from the data at hand, I believe that this amount can in some way be reduced one-third or one-half.

The complete estimates for the Department of Public Works (Sections 2 and 3 of the Departmental Estimates) will be delivered to you next Monday, and the final section and complete book containing the estimates for all activities within a few days from that date.

Respectfully yours,

JOS. G. ARMSTRONG,
Mayor.

MAYOR'S OFFICE.

Pittsburgh, November 26, 1917.

President and Members of Council of the City of Pittsburgh.

Gentlemen—I am forwarding you herewith an ordinance that has been left at my office with a request that I present it to your Honorable Body for your consideration.

I am advised that there is some uncertainty as to the extent of grants heretofore made to this corporation and the present ordinance is for the purpose of determining its rights with more exactness.

You will understand that I am making no recommendation in the premises but am simply transmitting the ordinance to you for the usual course of procedure.

Yours very truly,

JOS. G. ARMSTRONG,
Mayor.

ployed in the new City-County Building, asking that their title be changed to that of janitors or utility men, and asking for an increase in salary.

Also

No. 4667. Whereas, Section 1 of the Election Law of March 5, 1906, provides that the term "Election Expenses" shall include all expenditures of money or other valuable things to defeat the nomination or election to public office of any person or persons; and

Whereas, It is known to members of Council that Mayor Armstrong sent out the attached circular letter, dated November 2, 1917, to City employees, in which he urged the defeat of certain candidates and enclosed other printed matter urging the election of other candidates; and

Whereas, The letter was printed on letterhead of the Mayor's office; and

Whereas, The Council of the City of Pittsburgh desires to know whether or not the paper, postage and labor costs involved in this was done at the private expense of Mr. Armstrong or whether it was done at the expense of the taxpayers of the City of Pittsburgh; and

Whereas, If at private expense, the Mayor is required to file an account of the expense for the information of the public, as provided in the Election Law of March 5, 1906; and

Whereas, If at public expense, it constitutes an unwarranted and illegal use of public funds and may be misfeasance or malfeasance in office; therefore, be it

Resolved, That Council hereby calls the attention of Mayor Armstrong to this matter; and be it further

Resolved, That a hearing be held on Wednesday afternoon, December 5, at 2 P. M., in order that the Mayor may be given an opportunity to explain to the Council.

MAYOR'S OFFICE.

Pittsburgh, November 2, 1917.

My Dear Sir:

I have had the privilege of serving the City of Pittsburgh as Mayor on the same payroll with you for the past four years. During that time our relation-

ship has been such that I do not hesitate to write you these few lines, asking you to favor our friends who are candidates for Mayor and City Council, and whose names are shown on the enclosed card.

I have always been the friend of the men working with me and in a number of cases have attempted to secure better living and working conditions for them, but, as you well know, some of the members of the present Council have always stood in the way.

It is not necessary to consult the councilmanic records to show that English, Herron and Dailey always cast their ballot in opposition to giving the City employees a square deal.

Therefore, I do not hesitate to ask you to support our friends when opposed to those who were not willing to give you fair treatment when it lay within their power to do so.

You have been smitten on one cheek—can you stand a blow on the other? When Colonel Roosevelt made his last speech in Pittsburgh, he said: "When a person hits you, hit him back, and hit him as hard as you can." Does this not apply now to you, protecting your family and yourself by giving your support to the candidates for Mayor and Council whom you can depend upon to give you a square deal at all times and not merely pretending to do so at the eleventh hour of a political contest.

Yours very truly,

JOS. G. ARMSTRONG,
Mayor.

TALK GIVEN BY COUNCILMAN JOHN S. HERRON BEFORE THE COMMERCIAL CLUB AT WILLIAM PENN HOTEL, OCTOBER 19, 1917.

Reprinted from the Pittsburgh Dispatch of October 20, 1917:

"Mr. Herron declared that the City employees in Pittsburgh were better paid than the employees of any other City in the State. He said Council should look out for the interests of the taxpayers more, and quit playing politics and boosting salaries in order to get the payroll vote. He charged that there was an organized effort to propagate the idea that the City employees were underpaid, some of those furthering the idea complaining particularly that the firemen were underpaid. Mr. Herron said these men knew there were fire companies that have not answered an alarm for two or three years, but their pay goes on. The yearly cost of the Philadelphia fire department he showed to be \$1,183,838, as against \$1,185,280 in Pittsburgh."

It is not stated where Mr. Herron got these figures, but whoever furnished them made a bad guess.

You know, after paying your bills on pay day, whether or not you are overpaid.

Mr. English, Mr. Herron and Mr. Dailey have always voted against giving the City employees a square deal.

UNFINISHED BUSINESS.

The Chair presented

No. 4698.

CHANTLER, McCLUNG &
ALEXANDER.

Attorneys at Law.

1113 Park Building.

Pittsburgh, November 30, 1917.

Mr. E. J. Martin, City Clerk,

510 City and County Building,

Grant Street, Pittsburgh, Pa.

Dear Mr. Martin:

Will you kindly call the attention of Council to the ordinance repealing the extension of Archon way, concerning which I had a phone conversation with you the other day. I should like very much if Council would dispose of this repealing ordinance at their meeting on Monday, December 3, 1917. You will recall this is the ordinance that was affirmatively recommended by the committee last July. When it came before Council, the vote was four for repeal and four against repeal. The matter, I presume, has been delayed on account of the uncertainty of having all the members of Council present during the summer. I understand now that all of the members are in the City, excepting Dr. Dillinger, and they will probably attend the meeting of Council on Monday.

Thanking you for the many courtesies you have extended in this matter, I am,

Very truly yours,

THOS. D. CHANTLER.

Which was read and, on motion of Mr. McArdle, received and filed.

Also

Bill No. 3831. An Ordinance entitled, "An Ordinance repealing an ordinance entitled, 'An Ordinance extending and opening Archon way, in the Eighth ward of the City of Pittsburgh, from the southerly line of Lot No. 23, as

shown in Dr. A. H. Gross' Plan of Friendship Grove, northwardly for the distance of 50 feet; establishing the grade thereof, and providing that the cost, damages and expenses occasioned thereby be assessed against and collected from properties benefited thereby,' approved March 15, 1917."

In Council, July 30, 1917. Rule suspended, read three times and failed to pass for want of a legal majority of votes.

Which was read.

Mr. English moved

To reconsider the vote by which the bill was read a second and third time and failed to pass for want of a legal majority of votes.

Which motion did not prevail.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes—Messrs.

Herron

McArdle

Kerr (President)

Robertson

Noes—Messrs.

Dalley

Rauh

Garland

Ayes—4.

Mr. Garland moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second time.

Mr. English arose and said:

"Mr. Chairman—I move that this bill be returned to the committee for further consideration. In explanation, I wish to state that we have here another spectacle of a few months ago, when money was transferred from account

regular salaries to emergency funds, like music for soldiers leaving for army camps. Now, this bureau finds it needs money to pay for legitimate supplies required in the operation of the bureau. There is something wrong with the Department of Public Safety, particularly the Bureau of Police. Every week they are crying for more policemen, and with the money that has been and is being transferred additional policemen and more sub-policemen could have been employed. Now, we are at the end of the year, and instead of fussing over \$50.00 items during the budget hearings, here is an opportunity to perhaps make a substantial saving. We should know definitely what they intend to do with the \$8,500.00 asked for in this resolution before us. Until a thorough explanation is given I am opposed to the transfer.

"I have personal knowledge that in a certain bureau in the City a number of men have been discharged because it is alleged the money in the wage account has run short. That shows the administration can do certain things when they desire. Now, why can't they show us in this instance what the money is to be spent for? Their refusal to do so shows absolute contempt of this Council, and that fact alone should be explained to this Council or its committee before the resolution is passed."

Mr. English moved

That the resolution be recommended to the Committee on Finance.

Upon which motion **Mr. English** demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were ordered taken, and being taken were:

Ayes—Messrs.

English McArdle
Herron

Noes—Messrs.

Dalley Rauh
Garland Robertson
Kerr (President)

Ayes—3.

Noes—5.

And there not being a majority of the votes in the affirmative, the motion did not prevail.

And the resolution was read a third time, and upon final passage the ayes and noes were taken, and being taken were:

Ayes—Messrs.

Dalley Rauh
Garland Robertson
Kerr (President)

Noes—Messrs.

English McArdle
Herron

Ayes—5.

Noes—3.

And a majority of the votes of Council being in the affirmative, the resolution passed finally.

Also, with a negative recommendation,

Bill No. 4342. Resolution providing that the Viewers' proceedings, so far as the property of Eva R. Blaney is concerned, in the assessment of special benefits by reason of the grading, paving and curbing of Zenith way, Thirteenth ward, be reviewed and be so amended as justice and equity may require.

Which was read.

Mr. Garland moved

That further action on the resolution be indefinitely postponed.

Which motion prevailed.

Also

Bill No. 4476. Resolution authorizing the issuing of a warrant in favor of Ellen McMahon in the sum of \$—, in full of her claim for damages by reason of her house on Laurel avenue being destroyed by an explosion of sewer gas, and charging the same to Appropriation No. 42, Contingent Fund.

Which was read.

Mr. Garland moved

Which were severally read and referred to the Committee on Finance.

UNFINISHED BUSINESS.

Bill No. 3831. An Ordinance entitled, "An Ordinance repealing an ordinance entitled, 'An Ordinance extending and opening Archon way, in the Eighth ward of the City of Pittsburgh, from the southerly line of Lot No. 23, as shown in Dr. A. H. Gross Plan of

Friendship Grove, northwardly for the distance of 50 feet; establishing the grade thereof, and providing that the cost, damages and expenses occasioned thereby be assessed against and collected from properties benefited thereby,' approved March 15, 1917."

In Council, December 3, 1917. Motion to reconsider the vote by which the bill was read a second and third times and failed to pass finally, failed, and bill failed to pass finally for lack of a legal majority of votes.

Which was read, and upon final passage the ayes and noes were taken agreeably to law, and were:

Ayes—Messrs.

English	McArdle
Herron	Robertson
Kerr (President)	

Noes—Messrs.

Dalley	Rauh
Garland	

When the name of Mr. English was called, he arose and said:

"Mr. Chairman—I am voting in favor of the repeal, for the reason that the damages in the amount of \$950.00 awarded by the Viewers to Mr. Scott are not, in my estimation, sufficient. Mr. Scott gives up 50 feet by 20 feet, or a thousand square feet of ground, for which he would receive \$950.00. If the improvement would be made he would have to pay one-half of the cost of paving and be compelled to construct a retaining wall four feet high and perhaps 50 or 60 feet long on one side and perhaps 20 feet long on the other side. In my estimation he is not getting enough money for the loss of ground and subsequent costs of the physical improvement. I refused to vote either way on the ordinance until I had the above information, but now that it is before Council I am perfectly free to vote for the repeal."

Ayes—5.

Noes—3.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

REPORTS OF COMMITTEES.

Mr. Garland presented

No. 4736. Report of the Committee on Finance for December 4, 1917, transmitting sundry ordinances and resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 4659. An Ordinance entitled, "An Ordinance authorizing and directing an increase of the indebtedness of the City of Pittsburgh in the sum of ten thousand (\$10,000.00) dollars, and providing for the issue and sale of bonds of said City in said amount, to provide funds for the furnishing of the Mayor's

office and the Council Chamber in the new City-County Building, and providing for the redemption of said bonds and the payment of interest thereon."

Which was read.

Mr. Garland moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes—Messrs.

Dailey
Garland
Herron

Kerr (President)
McArdle
Rauh
Robertson

Noes—Mr.

English

Ayes—7.

Noes—1.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also

Bill No. 4649. An Ordinance entitled, "An Ordinance authorizing a contract between the Pennsylvania Railroad Company and the Director of the Department of Charities for the removal and relaying of certain tracks at the City Home and Hospital at Mayview."

Which was read.

Mr. Garland moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes—Messrs.

Dailey
English
Garland
Herron

Kerr (President)
McArdle
Rauh
Robertson

Ayes—8.

Noes—None.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also

Bill No. 4638. Resolution authorizing the issuing of a warrant in favor of J. & H. Phillips Company in the sum of \$4,842.30, in payment of 7642 feet of two (2) inch street hose furnished to the Bureau of Highways and Sewers, the same to be payable from and chargeable to Code Account No. 1525.

Which was read.

Mr. Garland moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second and third times, and upon final passage the ayes and noes were taken, and being taken were:

Ayes—Messrs.

Dailey
English
Garland
Herron

Kerr (President)
McArdle
Rauh
Robertson

Ayes—8.

Noes—None.

And there being two-thirds of the votes of Council in the affirmative, the resolution passed finally.

Also

Bill No. 4639. Whereas, The following bills for materials for equipment were contracted by the Department of Supplies without competitive bids, and certain requisitions presented to said Department during the week from November 12 to November 23, 1917, to confirm purchases made by the several Departments, and consequently can be paid only by authority of a resolution passed by Council in conformity with the Act of 1874; and

No. 4737.

CITY OF PITTSBURGH, PENNSYLVANIA.

DEPARTMENT OF LAW.

December 5, 1917.

Finance Committee of Council.

Gentlemen—On Bill No. 4675, Resolution providing for the payment to Leo D. Coleman of \$33.33, being the difference between the monthly salary of police patrolman and lieutenant of police, I beg to report:

That the appointment herein mentioned is not in conformity with the provisions

of the Military Service Act of June 7, 1917, for that act expressly says that the position of a municipal employee or officer, enlisting in the military or naval service of the United States, shall not be vacated by said enlistment, but a substitute shall be appointed by the head of the department, and the dependents of the employee or officer enlisting shall receive one-half of the regular salary of said position, and the substitute shall receive the other half, plus "such further compensation from appropriations made for that purpose, or otherwise, as may be required, when added to the amount received under the provisions of this act, to constitute a reasonable compensation for his services in the opinion of the authority appointing him."

This requires, therefore, that the head of the department appoint a substitute, who, automatically, received one-half the salary of the position, and then, upon request from the head of the department, such further reasonable compensation as he shall suggest.

I think it has already been suggested that, as the war progresses and these enlistments must necessarily multiply, a special fund should be provided in the budget to meet these extra payments of salary, and avoid the necessity of legislative action in each case.

As this pending bill provides less than the extra 50 per cent. of the salary for this position, it may be passed without constituting any troublesome precedent.

Respectfully yours,

CHAS. A. O'BRIEN,
City Solicitor.

Which was read and, on motion of Mr. Garland, received and filed.

Also, with an affirmative recommendation,

Bill No. 4675. Resolution authorizing the issuing of a warrant in favor of Leo D. MOTIONS AND RESOLUTIONS.

The Chair presented
No. 4741.

DEPARTMENT OF CHARITIES.

Pittsburgh, December 10, 1917.

Honorable Members of Council,
City of Pittsburgh, Pa.

Gentlemen—I herewith submit for your consideration report on the opening of a coal mine at the Pittsburgh City Home and Hospitals, Mayview, Pa.

After I advertised for proposals for 17 days, I received but two bids on contract No. 1, which was for the construction of railroad tracks, main shaft, man-way slope and foundations. This work

was estimated by the engineer to cost \$35,000.00. The lowest bid was \$69,974.00, and the other bid was \$115,824.00. No bids were submitted for contract No. 2, which includes the construction of wooden tippie, buildings and machinery, which was estimated to cost \$15,000.00.

As the appropriation is not sufficient to carry out the opening of the mine, will you kindly advise what to do in this matter.

Yours very truly,

JOHN J. McKELVEY,
Director.

Which was read and, on motion of Mr. Rauh, referred to the Committee on Finance.

Mr. English moved

That the Council ask the Mayor to report to the Finance Committee tomorrow (Tuesday, December 11, 1917) when the Council may expect to receive the complete budget, so that Council may go to work on it.

Which motion prevailed.

And, on motion of Mr. Garland,
Council adjourned.

No. 4823.

MAYOR'S OFFICE.

Pittsburgh, Pa., December 18, 1917.
President and Members of Council
of the City of Pittsburgh.

Gentlemen—In the matter of the repeal of the ordinance extending Archon way a distance of fifty feet northwardly from its present terminus, I find that when this original ordinance was passed there had been an agreement made between Fannie Lewin and Robert Lewin, her husband, owners of an adjacent property, and the City of Pittsburgh, whereby the Lewins agreed to pay all the expenses of this improvement, provided the same was made.

I also find that when the plan of lots was laid out, of which the proposed extension of the way is a part, this plan provided for an alley practically extending from Harriet street to Friendship avenue. The opening of communication between these two streets in this built-up and valuable section of our residence district is an improvement much to be desired, and the ordinance providing for the extension of Archon way is a step in the right direction.

I also find that Viewers' proceedings have been held on this extension of Archon way and, according to law, any person dissatisfied with their findings has his remedy by appealing to the Courts.

No reason having been advanced to show why this improvement should not be made since the original ordinance was approved by me, and, on the other hand, the foregoing commending themselves as reasons for the approval of this improvement, I hereby return the repealing ordinance, Bill No. 3831, without my approval.

Yours very truly,

JOS. G. ARMSTRONG,
Mayor.

Which was read and, on motion of Mr. McArdle, received and filed.

And

Bill No. 3831. An Ordinance entitled, "An Ordinance repealing an ordinance entitled, 'An Ordinance extending and opening Archon way, in the Eighth ward of the City of Pittsburgh, from the southerly line of Lot No. 23, as shown in Dr. A. H. Gross' Plan of Friendship Grove, northwardly for the distance of 50 feet; establishing the grade thereof, and providing that the cost, damages and expenses occasioned thereby be assessed against and collected from properties benefited thereby,' approved March 15, 1917."

In Council, December 10, 1917. Bill passed finally.

MAYOR'S OFFICE.

Pittsburgh, Pa., December 26, 1917.

To the Honorable, the Council.

Gentlemen—I return herewith Bill No. 4621, an Ordinance repealing an ordinance approved February 26, 1916, vacating Gordon street, without my approval for the following reasons:

First—I find that the records show that on the faith of the vacation ordinance and the correspondence with the various bureaus and the records of the City Council the Potter Title & Trust Company insured the title of the purchaser and retained more than \$10,000.00, which money it now holds for the pur-

pose of guaranteeing the grading, paving and curbing of Lynn way as soon as the conditions make it impossible to do so.

Second—I find that an honest effort has been made to have the improvements completed, as stated above, and as per the enclosed letter from Mr. N. S. Sprague, Chief Engineer, Bureau of Engineering, Mr. Charles A. Finley, Managing Engineer, and Mr. E. E. Lanpher, Division Superintendent, of the Bureau of Water.

Yours very truly,

JOS. G. ARMSTRONG,
Mayor.

December 21, 1917.

Hon. Jos. G. Armstrong,
Mayor, City of Pittsburgh.

Dear Sir—Replying to your letter of the 20th inst. inquiring whether or not any request or application was made within the past three or four months by Mr. John Born, for the laying of a sewer on Lynn way, I have to advise that an ordinance authorizing the construction of a public sewer on the northeast sidewalk of Lynn way, from a point about 15 feet northwest of North Murtland street to the existing sewer on Gordon street, was transmitted to Council on December 7, 1917. The ordinance is now pending in the Public Works Committee, being Bill No. 4755. The Public Works Committee has just returned the bill to the department for a report as to whether the ordinance repealing the ordinance for the vacation of Gordon street, between a point 30 feet north of Lynn way and North Murtland street would have any effect on the ordinance providing for the construction of a sewer on Lynn way. A reply is being sent to the Public Works Committee today, to the effect that the ordinance for the construction of the sewer will not be affected by the vacation ordinance.

Trusting this information covers this matter fully, I am,

Yours very truly,
N. S. SPRAGUE,
Chief Engineer.

BUREAU OF WATER.

Pittsburgh, Pa., December 20, 1917.

Hon. Jos. G. Armstrong, Mayor.

Dear Sir—In reply to your letter of December 20, 1917, relative to application by Mr. John Born, for water line on Lynn way.

It appears that our pipe line office is awaiting notice from Mr. Born, to the effect that he had completed his grading, and is ready for us to go ahead.

Please note attached report from Division Superintendent of Distribution relative thereto.

Yours very truly,
CHAS. A. FINLEY,
Managing Engineer.

December 20, 1917.

Mr. Charles A. Finley,

Managing Engineer.

Dear Sir—I am returning herewith, letter of the Mayor in regard to water line on Lynn way.

Mr. John E. Born made application for water line on Lynn way, November 19, 1917. A sketch was made and approved as of November 20, 1917. The water line in question runs from Gordon street at Dallas avenue to Murtland street—a distance of about 700 feet. Gordon street has been closed, and we will remove the pipe from that street and place it on Lynn way.

Mr. Born was last in the office about two weeks ago, and he was to do some grading and let us know when he was ready for us to start the work.

Yours truly,

(Signed) E. E. LANPHER,
Division Superintendent.

Which was read, and on motion of Mr. McArdle, received and filed.

And

Bill No. 4621. An Ordinance entitled, "An Ordinance repealing an ordinance entitled, 'An Ordinance vacating Gordon street, from a point 30 feet north of Lynn way to North Murtland street, as laid out by the Security Investment Company, in Westinghouse Park, in the Fourteenth ward of the City of Pittsburgh,' approved February 26, 1916, and recorded in Ordinance Book, Vol. 27, page 395."

In Council, December 17, 1917. Motion to recommit lost. Rule suspended, read three times and finally passed.

Was read.

And on the question, "Shall the bill become a law notwithstanding the objections of the Mayor?"

The ayes and noes were taken agreeably to law, and were:

Ayes—Messrs.

Dailey	Kerr (President)
English	McArdle
Herron	

Noes—Messrs.

Garland	Robertson
Rauh	

When the name of Mr. English was called, he arose and said:

"Mr. Chairman—I am in favor of passing this ordinance repealing the vacation of Gordon street notwithstanding the Mayor's veto. My reasons are as follows: When Council passed the original vacation ordinance giving up Gordon street it was for the purpose of having Lynn way improved, but Lynn way has never been improved and no effort was made to improve Lynn way; consequently the Council was deceived into passing the original vacation ordinance. Second, the Council understood that the object of vacating Gordon street

and improving Lynn way was for the purpose of bringing high class residences to this district. It was never intended that railroad sidings or warehouse developments were to be placed on this vacated Gordon street. Third, the people who bought lots and improved the property in the neighborhood were assured by the real estate companies that there was a building restriction against anything other than substantial dwelling houses in this vicinity. It is clearly our duty to consider the interests of the many who have built homes in this district rather than the speculative advantages of one or two individuals. No harm will come if we pass this repealing ordinance if for no other reason than to force the party to do business in the manner prescribed by the Council. No injury has been suffered by any person up to this time and no injury will result if this repealing ordinance is passed. All parties interested should be compelled to come before the Council and we would then be in a position to force one or the other to be fair with the City as well as with the opposition. Under these circumstances I feel that the proper thing to do is to repeal the ordinance notwithstanding the veto of the Mayor, and for that reason I vote Yes on the question."

Ayes—5.

Noes—3.

And there not being two-thirds of the votes of Council in the affirmative, the objections of the Mayor were sustained.

UNFINISHED BUSINESS.

The Chair presented

No. 4830.

DEPARTMENT OF ASSESSORS.

City of Pittsburgh, Pa.,

December 28, 1917.

To the Council,

City of Pittsburgh.

Gentlemen—Concerning Bill No. 4377, an Ordinance vacating Cantee street, Hike way and an unnamed 10-foot way in the Fourth ward, City of Pittsburgh, would say that we place a valuation on these several properties of \$14,100.00, viz: \$600.00 for an unnamed 10-foot alley, \$7,500.00 for Cantee street, and \$6,000.00 for Hike way. These valuations conform to the assessed value of the adjoining property.

Concerning Bill No. 4378, an Ordinance accepting the dedication of certain property in the Fourth ward, City of Pittsburgh, would say that we place a valuation on the land described in the ordinance \$2,125.00, viz: 15 feet by 100 feet on Second avenue, \$2,025.00, and 123 square feet in the rear \$100.00. These valuations conform to the assessed value of the adjoining property.

Yours respectfully,

BOARD OF ASSESSORS.

By THOMAS J. HAWKINS,

Chief Assessor.

Which was read, received and filed.

Also

Bill No. 4377. An Ordinance entitled, "An Ordinance vacating Cantee street, from Second avenue to the southerly line of Hike way; Hike way, from Cantee street to Brady street, and an unnamed 10-foot way, from Brady street eastwardly, for the distance of 77.635 feet, in the Fourth ward of the City of Pittsburgh."

In Council, December 26, 1917. Bill read and referred to the Department of Assessors for report as to value of property taken by the vacation.

Which was read a second time and agreed to.

Mr. Garland moved

A suspension of the rule to allow the third reading and final passage of the bill.

Which motion prevailed.

And the bill was read a third time and agreed to.

"Mr. Chairman—I would like to have recorded my reason for voting No on Bill No. 4803. I am opposed to making any transfers of appropriations from Salaries, Regular Employees, Bureau of Fire. I am not opposed to helping out the Firemen's Disability Fund or correcting any errors which might have arisen regarding their particular appropriation, but it seems to me that the money could have been taken from some other account, or the error could have been corrected by a bookkeeping entry rather than taking the money from the salaries of regular employees in the Bureau of Fire. So, with that explanation, I wish to be recorded as voting No."

When the name of Mr. English was called, he arose and said:

"Mr. Chairman—Ordinarily I am in favor of improving any street which needs improvements and which is possible to improve at a reasonable cost. I have taken the position early in this budget proceedings that we shall work no hardship on the property owners by keeping up appropriations which cannot be spent within a reasonable time. We have several million dollars worth of street improvements authorized by Council and it will be absolutely impossible to go through with 10 per cent. of those contracts in the next year. I don't think it is fair to burden the property owners and taxpayers with a fixed and definite sum to be paid for the work at exceedingly high prices of material and labor due to the abnormal times. We know the country is at war and men and material are scarce, and for that reason it is not just to inflict a higher priced contract than possible on them. It is a question whether we can get bids at the price estimated in the ordinance. We have tried in on other ordinances which were of greater importance than the improvement of Virginia avenue. It seems to me that this ordinance should be held over owing to the circumstances which we are unfortunately placed in due to the world upheaval, and let it go until such time as we can get the men and material to do the work at reasonable prices. I stand ready at all times to vote for the improvement of Virginia avenue when we can get the men and material with which to do the work at a reasonable cost."

When the name of Mr. Garland was called, he arose and said:

"Mr. Chairman—I want to say that I voted against this ordinance in committee. My recollection is that when a hearing was granted all those interested in the improvement, a large majority of the property owners on Virginia avenue were opposed to the improvement. I understand they are still opposed to it being improved at this time. It is for that reason I vote No."

Mr. Herron also presented

No. 4833.

City of Pittsburgh, Pa.,

December 28, 1917.

To the President and
Members of Council,

Gentlemen—I am returning for your approval, Council Bill No. 4795, being a resolution for a warrant in favor of Thomas Cronin Company, for \$1,214.71. I wish to advise that this work became necessary with the repaving of Forbes street. As you are aware, it is impossible to get the railways company to proceed with improvements on their tracks, to enable us to properly fix the shoulders of the street. It became necessary to put 2" plank, one foot over from the rail, and to backfill the same with dirt. This we ordered the contractor to do and he has completed his contract, and as there is sufficient amount of money available in repaving of said Forbes street, I would respectfully recommend the passage of this resolution.

The same statement applies also to Council Bill No. 4796, being a resolution for a warrant in favor of Thomas Cronin Company for \$1,015.15, for extra work in repaving Liberty avenue.

Yours very truly,

JOHN SWAN,

Director.

Which was read, received and filed.

Mr. Herron also presented, with an affirmative recommendation,

Bill No. 4795. Resolution authorizing the issuing of a warrant in favor of Thomas Cronin Company for

the sum of \$1,214.71, for extra work on a contract for the repaving of Forbes street, from Woodlawn avenue to Murdoch entrance to Schenley park, and charging same to Code Account No. 1489-E, Repaving Schedule.

And there being two-thirds of the votes of Council in the affirmative, the resolution passed finally.

MOTIONS AND RESOLUTIONS.

Mr. English presented

No. 4836. Whereas, The attached advertisement which appeared in the Gazette Times of Monday, December 31, 1917, states that the Pittsburgh Railways Company will not be able to pay interest on bonds which is due January 1, 1918, covering some fifteen (15) subsidiary companies; therefore, be it

Resolved, That this advertisement be forwarded to the City Solicitor for an opinion and report; and be it further

Resolved, That the City Solicitor advise whether or not the City has any legal rights which require protection in this matter.

"NOTICE.

The Philadelphia Company has in the past loaned large sums of money to the Pittsburgh Railways Company to enable it to continue its operations and is now

a creditor of the Railways Company for a very large amount. The Philadelphia Company directors refuse to make any further loans to the Railways Company but, in order to avoid hardship to security holders whose interest will come due on January 1, 1918, the Philadelphia Company announces that, as the Pittsburgh Railways Company will not be able to pay the interest due January 1, 1918, upon bonds of the following underlying companies in the Pittsburgh Railways system:

The Central Traction Company.

The Duquesne Traction Company.

The Federal Street & Pleasant Valley Passenger Railway Company. (General mortgage).

The Federal Street & Pleasant Valley Passenger Railway Company. (Consolidated mortgage).

Pitcairn & Wilmerding Street Railway Company.

Pittsburgh, Canonsburg and Washington Railway Company.

Pittsburgh, Crafton and Mansfield Street Railway Company.

Pittsburghh Incline Plane Company.

Pittsburgh and West End Passenger Railway Company.

Second Avenue Traction Company.

United Traction Company of Pittsburgh.

Washington & Canonsburg Railway Company.

West End Traction Company.

West Liberty Street Railway Company.

West Liberty and Suburban Street Railway Company.

It has arranged with the Farmers Deposit Trust Company of Pittsburgh, Pa., to purchase the coupons representing said interest, when properly presented to it by the holders, with the certificates of ownership attached required by the Federal Income Tax Law.

J. H. REED,
President."

Which was read.

Mr. English moved

The adoption of the resolution.

Which motion prevailed.

Mr. Herron moved

That the following members be excused for absence from Council and committee meetings:

Mr. Dillinger on November 23, and December 3, 4, 5, 6, 10, 11, 12, 13, 17, 18, 19, 21, 24, 26, 27, and 31, 1917.

Mr. English on November 23, and December 17, 18, and 21, 1917.

Mr. Garland on November 23, and December 18, 1917.

Mr. Kerr (President) on December 12 and 26, 1917.

Which motion prevailed.

Mr. English arose and read:

No. 4837.

Mr. President—On this occasion which is the last stated meeting of this Council, as well as marking the final week of the Armstrong administration, I am not in the mood which usually prevails. I feel that some one of us should omit the usual perisfrage and recount for our mutual good and guidance for the future some memories and events of the past four years. Should anything I say cause any unpleasant recollections I hope you will pardon me, as I do not wish to offend any person, whether present or absent. I simply express the sincere desire on my part to be of service to the people of Pittsburgh in an effort for better government.

I regret exceedingly that I cannot read a long list of achievements or review with pride the accomplishments of the administrative branch of the government, because we all know there was a lack of co-operation by the executive. Ordinances passed by the Council, and approved by the Mayor, covering matters of importance to the people have either been neglected and ignored or actually misinterpreted and reversed. A riot of mismanagement and extravagance has increased the burdens of the taxpayers and shamed the name of our City. We have suffered from a continuous round of high taxes; scandals, neglect, vice and immorality have run rampant, one-man clubs have been the rule instead of the exception, and the disorganization and demoralization of the police and fire bureaus is so far reaching that the public demands a complete and thorough clean up. The municipal government has been run like the life of a hail fellow well met joy rider who says, "Have another on me, eat, drink and be merry, for what do we care."

The aid of the Legislature was invoked to rejuvenate a decadent and corrupt organization of political pirates for personal profit, who tried to pay political promises by unjust and illegal demands on the Council to turn over to them the treasury of the City. I refer to the disgraceful scene when a bold attempt was made to hold up the Council in the matter of wage increases in June, 1917, just as the primary election campaign was about to open. Even the City Solicitor was called in to bolster up the illegal demand of the chief executive to advance the Burke law by six months as a bid for the pay roll vote. The shameful mismanagement of the police and fire bureaus and the political manhandling of the men will never be forgotten by the people of Pittsburgh. The Mayor even stooped to the low level of personal appeals to prejudice printed on City letter heads in his frenzy to direct the political opinions and votes of men who owe allegiance alone to the people who pay their salaries. Civil service is known as servile service.

The first year of this administration was bad enough, we all know, but truly the last estate of such a one was much

worse than the first; the 19-mill budget now before us was deliberately held back until after the primary in September and also election in November in spite of all the resolutions passed by Council. The last session was sent to Council on December 15 in spite of Council's July request that the entire budget be presented on September 10.

Fortunately for the tax payers, some members of Council have had and still have the courage to keep up the effort for better government. As a result the complaints against public utilities companies are now out of the control of a weak and compromising sit-down-and-have-another-conference-mayor and the issue is squarely before the Public Service Commission at Harrisburg. Also the matter of reclaiming valuable wharf property is now on the way to final decision as a result of the Council's continuous prodding the administration. These important matters are approaching settlement, but no credit is due the executive or administrative branch of the government. If the Council had received any real help or even encouragement from the executive much more might have been accomplished for the people.

My object in reviewing the high lights of the worst administration within the memory of living Pittsburghers is not for the purpose of adding any additional criticism, far be it from me to attempt a criticism. Quoting the familiar expressions of a well-known City official, "I did not leave the basket on the doorstep." Let us as did the immortal Lincoln, with "Charity toward all and malice toward none," draw the veil on this last day of 1917 and, as Shakespeare would write, let this administration pass on "unwept, unhonored and unsung." "Requiescat-in-pace."

Mr. President, the reason I offer the foregoing review is hope for the future under a new administration. On next Monday five men or a majority of Council will be called upon to take the oath to serve the people for the next four years. Let us highly resolve that we will all truly serve the people who have so graciously honored us. Eight members of the present Council will be members of the next. The new member has had considerable experience in former Councils and also as a State Senator. Can we not all rise to the occasion, and with a full knowledge of our powers and responsibilities go forward in harmony with the new Mayor and by wise and efficient government wipe out the nightmare of the past?

Our country is at war, and the people of Pittsburgh will loyally support the National Government. Let us help ease the burden of taxation by cutting down the appropriations to absolute essentials. Why make contracts at abnormal market prices when neither men or material is available? Should the affairs of the world and our country suddenly drop to ante-bellum status, the Mayor and Controller would join in

declaring that an emergency had arisen and we would quickly provide for any necessary work.

In the matter of salaries and wages, most of you know that in many cases the \$150.00 increase required by the Burke law is not sufficient for the kind and character of the work performed. In many other cases any increase at all is additional waste, which should not be tolerated. In brief, we have an opportunity to speed up the work of municipal employees by paying sufficient salaries to cover the increased cost of living to such employees as are willing to work. I had hoped the members would have given some consideration to ordinances I introduced several weeks ago. These ordinances provided for one person to be Director of the Department of Health and Charities; one person to be City Treasurer and Director of Department of Supplies; the number of assessors to be five instead of nine; the number of police magistrates to be five instead of seven. These are all practical and the City would be saved the sum of \$23,800.00 annually. The opinion of the City Solicitor was received several days ago and definite action could have been had today. I introduced those ordinances in good faith and in time to prevent any embarrassment or humiliation to the new administrator. I purpose re-introducing these same ordinances in the new Council next Monday. I here and now disclaim any and all responsibility for any friction or trouble the future may bring by reason of Council's neglect of this opportunity to serve the people. I would also add a word of caution to any person, whether in or out of Council, who might be considering these four ordinances as the subject of barter and trade in payment for political favors.

Mr. President, I want to take this opportunity of placing in the Record my position regarding the powers and duties of Council. I have always claimed that the eleven elected officials, namely, the Mayor, the Controller and the nine members of Council, really constitute the municipal government of Pittsburgh. The particular duties are clearly defined. The Council as the legislative or law-making body, the Mayor as the executive or administrator and the Controller as the check or control of financial affairs. My understanding is that every one should serve the people and no one should attempt to embarrass or trouble another, but all should work in harmony

for the people's welfare. Technically and perhaps in a hair-splitting manner a member of Council is not directly charged with, nor does he assume any personal responsibility for the conduct of any bureau, such as the Bureau of Police, for instance. As a matter of fact, however, the Council is responsible for the people's money which is spent to operate the Bureau of Police. Hence it has always seemed to me that the Council should be concerned with all the principal plans and policies of the Mayor and his cabinet in the conduct of the public business. My object in going into this matter is that I deem it of the highest importance that my position be understood at this time. I hope therefore that no one will take offense or feel insulted if I, as a member of Council, wish to get official information on certain public matters. For instance I would like to see a complete clean-up in the Bureaus of Fire and Police. I hope for a genuine separation of pay-roll from politics, ward committees, etc. The new administration is not yet in power, but the nominations for members of Congress is already under way. I want to know if the Law Department is to help Council fight the increase in car fare and also demand better service and rates from all public utility corporations. Are we to have vigorous prosecutions of the wharf cases? Simple statements or promises like we received on the occasion of the last inaugural when compared with the performance of the past four years warrant me in taking this public position at this time.

In conclusion, I sincerely hope that the new Council will take its proper place as an important part of the life and welfare of the City of Pittsburgh and not merely sink to the grind of passing routine ordinances. We should be interested in the proper handling of utilities, railroad transportation and terminal facilities, housing and sanitation, water supply and countless other matters which promote Pittsburgh's progress. On the other hand, we should root out and banish all barnacles, political and otherwise, which tend to retard the City. To attain this, let us pull together and with the Mayor and Controller make it possible for every Pittsburgher to assert as did the Apostle Paul of Tarsus when he said, "I am a citizen of no mean City."

And on motion of Mr. McArdle,
Council adjourned.

AN ORDINANCE—Providing for the free use of City water in automatic sprinkler systems installed and operated in buildings within the limits of the City of Pittsburgh; regulating the use of water in, and intended for, said systems, and providing a penalty for the violation of the provisions thereof.

Whereas, The installation and operation of automatic sprinkler systems in buildings are a great aid in the prevention, extinguishment and spreading of fire, and tend to prevent conflagrations within the City, and the installation of such automatic sprinkler systems should be encouraged; therefore,

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That the owner or lessee of any building in which an automatic sprinkler system is installed and operated shall not be charged for water furnished to said sprinkler system by the City of Pittsburgh, and which is used in the prevention or extinguishment of fires, or in the testing of said system.

Section 2. That no owner or lessee of any building using city water in the automatic sprinkler system installed and operated therein shall be required to install a meter for said system.

Section 3. The water furnished by the City for said automatic sprinkler system, and intended for use therein, shall not be used for any other purpose than the prevention or extinguishment of fire, or the testing of said system.

Section 4. Any person, firm or corporation, being the owner or lessee of a building in which an automatic sprinkler system is installed and operated, who shall use City water in said sprinkler system, or intended for use therein, for any other purpose than for the prevention or extinguishment of fire, or the testing of said system, shall upon conviction thereof before any Justice of the Peace or Magistrate of the City, be sentenced to pay a fine of not more than \$100.00, or in default of payment thereof, undergo an imprisonment in the Allegheny County jail for a period not exceeding thirty days for each offense.

Section 5. That any Ordinance or part of Ordinance conflicting with the provisions of this Ordinance be and the same is hereby repealed, so far as the same affects this Ordinance.

Passed January 8, 1917.

Pittsburgh, January 22, 1917.

I do hereby certify that the foregoing ordinance, which has been disapproved by the Mayor, and returned with his objections to the Council, was passed by a two-thirds vote of said Council, this 22nd day of January, A. D. 1917.

No. 11

AN ORDINANCE—Granting unto the Monongahela Street Railway Company, its successors, lessees and assigns, the right to enter upon, use and occupy certain streets and highways in the City of Pittsburgh, subject to the terms and conditions herein provided.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That the Monongahela Street Railway Company, its successors, lessees and assigns, shall have the right, and it is hereby authorized to enter upon, use and occupy for the purpose of its street railway, the streets and highways included in the following route, to-wit:

Beginning at a point of connection with the easterly track of this company on Murray avenue at a distance of about one hundred five feet north of the center line of Hazelwood avenue; thence in a southerly and westerly direction by a curve to the right to a point of connection with the southerly track of this company on Hazelwood avenue, at a point about eighty-five feet west of the center line of Murray avenue.

And to construct, maintain, operate and use railway tracks on the route hereinbefore mentioned, and to operate its cars thereon and to use electricity as a motive power, and to erect, maintain and use in the streets and highways before mentioned, such posts, poles and other supports as said company may deem convenient for the support and maintenance of its overhead system, and for the operation of its railway; subject, however, to the provisions of an Ordinance approved February 25, 1890, entitled, "A General Ordinance relating to the entry upon, over or under, or the use or occupation of any street, lane or alley or any part thereof for any purpose by passenger or street railway companies or by companies operating passenger or street railways, and providing reasonable regulations pertaining thereto for the public convenience and safety."

Section 2. The term of this grant shall be ten years from the date of its

acceptance, subject to the following qualifications and conditions:

First. It may be terminated at any time within said period of ten years by one year's notice in writing from the Mayor of the City to the company, said notice being given in pursuance of a resolution of Council, in which case the City shall pay to the company the actual cost of the construction work done by the company under the terms of this grant, as set forth in Section 1 hereof, less ten per centum thereof for each year between the date of the acceptance of this Ordinance and the time therein fixed for its termination, and the City shall remove said track and restore said streets in good condition at its own expense.

Second. In case the company shall fail to comply with the provisions of this Ordinance, or the General Ordinance of February 25, 1890, or any of them, and shall not within thirty days after notice thereof remedy and correct the same, then the City may revoke and terminate this grant and Ordinance immediately by notice in writing from the Mayor of the City pursuant to a resolution of Council, without the payment of any compensation whatever, and thereupon the company shall remove said tracks and restore said streets to their original condition, and in good order and repair.

Third. This grant (unless six months' notice shall have been given by the City to the company of the termination of this grant at the expiration of the ten-year period) shall continue from and after the said term of ten years, subject to revocation and termination at any time by the City upon one year's notice in writing from the Mayor, pursuant to a Resolution of Council, in which case no compensation shall be paid to the company, and the company shall at its own expense remove said track and restore said streets to their original condition and in good order and repair.

Section 3. The company shall furnish clean, sanitary and well-lighted cars, properly heated and ventilated and shall provide sufficient cars to furnish reasonable service to accommodate the traffic.

Section 4. This ordinance shall be accepted by the Monongahela Street Railway Company within thirty days after its passage or approval by a certificate of acceptance of all the conditions and provisions thereof, the said certificate to be executed under the corporate seal of the company duly attested by the President or Vice President and Secretary or Assistant Secretary thereof, and filed with the Controller of this City.

Section 5. It is hereby understood and agreed that neither the purpose nor intent, nor the obligation of this contract, if and when approved by the Public Service Commission of the Commonwealth of Pennsylvania, is such as to impair or in any wise affect the exercise by said commission of any of the

powers vested in it by the Public Service Company Law, approved July 26, 1913.

Section 6. That any Ordinance or part of Ordinance conflicting with the provisions of this Ordinance, be and the same is hereby repealed, so far as the same affects this Ordinance.

Section 7. That any Ordinance or part of Ordinance conflicting with the provisions of this Ordinance be and the same is hereby repealed, so far as the same affects this Ordinance.

AN ORDINANCE—Granting to Mayer Wagon Company, a corporation, the right and privilege to construct and maintain a bridge over and across Luna way for the purpose of connecting present building of said company with building on opposite side of Luna way.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That Mayer Wagon Company, its successors and assigns, be, and are hereby given the right and authority, at their own cost and expense, to construct, maintain and operate an overhead bridge, over and across Luna way at a point about one hundred and ninety-five (195) feet east of the intersection of Luna way with Paulson avenue. The said structure to be constructed for the purpose of connecting an existing building located on the northerly side of Frankstown avenue, the rear of which extends to the southerly side of Luna way, with a proposed building on the northerly side of Luna way, both buildings to be occupied by the said Mayer Wagon Company; the said structure shall be

constructed in accordance with the provisions of this Ordinance and in accordance with the plan hereto attached and made a part hereof, entitled, "Proposed Overhead Bridge Crossing Luna Way," at a point about 195 feet east of Paulson avenue.

Section 2. The said overhead bridge shall connect the second floors of aforesaid buildings and the exterior shall not exceed ten (10) feet in width and eight (8) feet in height. The clearance between the lowest part of the underside of said overhead bridge and present surface of the street beneath shall be at least fourteen (14) feet.

Section 3. The said company prior to beginning the construction of the said structure, shall submit to the Director of the Department of Public Works of said City, a complete set of plans in triplicate showing the location, and all details of construction on the said structure and said plan, and the construction of said structure shall be subject to approval and supervision of the said Director; the said structure to be constructed under the authority of this Ordinance shall further be subject to the regulations of the Bureau of Building Inspection, and to the Ordinances of the said City relating thereto.

Section 4. The rights and privileges herein granted shall be subject and subordinate to the rights of the City of Pittsburgh, and its powers over City streets, and to the Ordinances of the City of Pittsburgh relating thereto, and to the provisions of any General Ordinance which may hereafter be passed relating to the construction, operation and maintenance of overhead structures on City streets.

Section 5. The said grantee shall bear the full cost and expense of the replacement and repair of the street, pavement, sewers, water lines and other surface and sub-surface structures which may be in any way damaged or disturbed by reason of the construction, maintenance and use of the said bridge. All of the said work shall be done in the manner and at such times, as the Director may order, and shall be subject to his approval and supervision.

Section 6. The rights and privileges granted by this Ordinance are granted upon the express condition that the City of Pittsburgh without liability reserves the right to cause the removal of said overhead bridge upon giving six (6) months' notice through the proper officers or by Resolution or Ordinance of Council to the said Mayer Wagon Company, its successors and assigns to that effect; and that the said grantee, shall, when so notified, remove the said structure and replace the street to its original condition at its own cost and expense.

Section 7. The said grantee shall be liable for all damages to persons or property, including the street and sub-surface structures therein, by reason of the construction, maintenance and operation of the said bridge, and it is a condition of this consent that the City of Pittsburgh assumes no liability to

either persons or property on account of this consent.

Section 8. This Ordinance shall be accepted by the Mayer Wagon Company within thirty (30) days after its enactment in writing, duly executed by the said company, accepting all the terms and conditions hereof, and filed with the Controller of the City of Pittsburgh, and in default thereof this Ordinance shall be null and void.

Section 9. That any Ordinance or part of Ordinance conflicting with the provisions of this Ordinance be and the same is hereby repealed, so far as the same affects this Ordinance.

AN ORDINANCE—Vacating Thirty-sixth street, between Neville street and Sassafras street, in the Sixth ward of the City of Pittsburgh.

Whereas, It appears by the petition and affidavit on file, in the office of the City Clerk, that all the owners of property fronting or abutting upon the line of Thirty-sixth street, between Neville street and Sassafras street, have petitioned the Council of the City of Pittsburgh to enact an Ordinance for the vacation of the same; therefore,

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That* Thirty-sixth street, between Neville street and Sassafras street, in the Sixth ward of the City of Pittsburgh, shall be and the same is hereby vacated within the following described boundary lines, to-wit:

Beginning at a point on the northerly line of Neville street and the easterly line of Thirty-sixth street, as they were laid out in Mrs. E. F. Denny's Plan, recorded in the Department of Public Works, Bureau of Engineering, Division of Surveys, in Plan Book, Volume 5, page 61, and in Plan Book, Volume 8, pages 238 and 239; thence along the easterly line of Thirty-sixth street and in a northerly direction for the distance of 100 feet to the southerly line of Sassafras street; thence deflecting to the left 91° 58' and in a westerly direction, along the southerly line of Sassafras street, for the distance of 40.02 feet to the westerly line of Thirty-sixth street; thence deflecting to the left 88° 02' and in a southerly direction along the westerly line of Thirty-sixth street, for the distance of 100 feet to the northerly line of Neville street; thence deflecting to the left 91° 58' and in an easterly direction along the northerly line of Neville street, for the distance of 40.02 feet to the place of beginning, containing 4002 square feet.

Section 2. This Ordinance, however, shall not take effect or be of any force

or validity whatsoever, unless the Pittsburgh Brewing Company, owners of the property abutting upon Thirty-sixth street, between Neville street and Sassafras street, shall, within thirty (30) days after the passage of this Ordinance, pay into the Treasury of the City of Pittsburgh the sum of three thousand six hundred and eighty (\$3,680.00) dollars, for the use of the City of Pittsburgh.

Section 3. The City Treasurer is hereby authorized and directed to receive said sum at any time within the period prescribed and to acknowledge receipt therefor, and upon the payment of the same this Ordinance shall forthwith take effect.

Section 4. This Ordinance shall be accepted and construed in harmony with and based upon the petition and agreement of the owners of property fronting upon said street, to be vacated, as the same appears of record in the office of the City Clerk.

Section 5. That any Ordinance or part of Ordinance conflicting with the provisions of this Ordinance be and the same is hereby repealed, so far as the same affects this Ordinance.

No. 21

AN ORDINANCE—Amending Section 3 of an Ordinance entitled, "An Ordinance authorizing and regulating the use of concrete and reinforced concrete in the construction of buildings," approved December 11, 1913, insofar as the same relates to the use of steel reinforcing bars and permitting the use of rail-steel concrete reinforcement bars rolled from standard section tee rails.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That* parts of Section 3 of an Ordinance entitled, "An Ordinance authorizing and regulating the use of concrete and reinforced concrete in the construction of buildings," passed December 4, 1913, approved December 11, 1913, and recorded in Ordinance Book, Volume 25, page 470, and which reads under heading Chemical and Physical Properties, insofar as given for the sub-heading only, as follows:

"Chemical and Physical Properties." shall be amended to read as follows:

"Chemical and Physical Properties for Structural Grade Steel Reinforcement Bars."

That Section 3 shall also be amended by adding under the heading "Chemical and Physical Properties" certain clauses following the heading "Number of Twists" and before the heading "Finish" as hereinbelow given:

"Physical Properties for Rail Steel Reinforcement Bars Rolled from Standard Section Tee Rails."

The physical properties shall be determined by an analysis of one tension and one bend test, made from each lot of ten tons or less of each size of bar rolled from rails varying not more than 10 pounds per yard in nominal weight and a correct report of such test shall be furnished to the Superintendent of the Bureau of Building Inspection by the engineer or architect.

MANUFACTURE.

(a) The bars shall be rolled from standard section tee rails.

Hot-twisted bars shall have one complete twist in a length not over 12 times the thickness of the bar.

PHYSICAL PROPERTIES AND TESTS.

(b) The bars shall conform to the following minimum requirements as to tensile properties:

Properties Considered.	Deformed and	
	Plain Bars.	Hot-twisted Bars.
Tensile strength, lb. per sq. in....	80,000	80,000
Yield point, lb. per sq. in.....	50,000	50,000
Elongation in 8 in., per cent....	1,200,000	1,000,000

Tens. str. Tens. str.

(c) The yield point shall be determined by the drop of the beam of the testing machine.

(d) For bars over ¾ in. in thickness or diameter, a deduction of 1 from the percentages of elongation specified in paragraph (b) shall be made for each increase of ¼ in. in thickness or diameter above ¾ in.

(e) For bars 7/16 in. in thickness or diameter, a deduction of 1 from the percentages of elongation specified in paragraph (b) shall be made for each decrease of 1/16 in. in thickness or diameter below 7/16 in.

(f) The test specimen shall bend cold around a pin without cracking on the outside of the bent portion, as follows:

Thickness or Diameter of Bar.	Deformed and	
	Plain Bars.	Hot-twisted Bars.
Under 3/4 in.	180 deg.	180 deg.
3/4 in. or over..	90 deg.	90 deg.

Both cases bars under 3/4 in. and over 3/4 in. minus D equals 3 T. D equals 4 T.

NOTE—D equals the diameter of pin about which the specimen is bent. T equals the thickness or diameter of the specimen.

(g) Tension and bend test specimens for plain and deformed bars shall be taken from the finished bars, and shall be of the full thickness or diameter of bars as rolled except that the specimens for deformed bars may be machined for a length of at least 9 in., if deemed

necessary by the manufacturer to obtain uniform cross-section.

(h) Tension and bend test specimens for hot-twisted bars shall be taken from the finished bars, without further treatment.

(i) If any test specimen shows defective machining or develops flaws, it may be discarded and another specimen substituted.

(j) If the percentage of elongation of any tension test specimen is less than that specified in paragraph (b) and any part of the fracture is outside the middle third of the gage length, as indicated by scribe scratches marked on the specimen before testing, a retest shall be allowed.

PERMISSIBLE VARIATIONS IN WEIGHT.

(1) The weight of any lot of bars shall not vary more than 5 per cent from the theoretical weight of that lot.

Section 2. That any Ordinance or part of Ordinance conflicting with the provisions of this Ordinance be and the same is hereby repealed, so far as the same affects this Ordinance.

Passed January 15, 1917.

Pittsburgh, January 30, 1917.

I do hereby certify that the foregoing Ordinance, duly engrossed and certified, was delivered by me to the Mayor for his approval or disapproval, on January 16, 1917, and that the Mayor failed to approve or disapprove the same, or to return the same to Council within ten (10) days from said date, whereupon the same became a law without his approval under the provisions of the Act of Assembly in such case made and provided.

E. J. MARTIN,

Clerk of Council.

No. 29

AN ORDINANCE—Vacating a portion of Hamilton avenue, between Torrens street and Zodiac way.

Whereas, The City of Pittsburgh in re opening of Hamilton avenue, of a variable width, from Torrens street to Rastus way, took all of the house and lot owned by Lizzie Masters, between Torrens street and Zodiac way, which left a narrow strip or sliver of land between Hamilton avenue, 60 feet wide, and the property of Mathilda Ramsey, comprising 421 square feet, and,

Whereas, It is desirous to both the City of Pittsburgh and Mathilda Ramsey that the said Hamilton avenue be reduced to conform in width, with the remainder of the street, by vacating the said strip of land, which is included within the now Hamilton avenue, and,

Whereas, the vacating of the said strip of land has been formerly approved by the Council of the City of Pittsburgh by an agreement whereby the City of Pittsburgh is to deliver to the said Mathilda Ramsey a special warranty deed, for the portion of the street to be vacated upon her paying to the City the amount of the assessment assessed against said property in the grading, paving and curbing of the same; therefore,

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That the certain portion of Hamilton

avenue, as opened by Ordinance No. 120, approved April 22, 1914, between Torrens street and Zodiac way, as herein-after described, be and the same is hereby vacated.

Beginning at the intersection of the westerly line of Torrens street, with the northerly line of Hamilton avenue, as opened by the aforesaid Ordinance; thence in a northwesterly direction along the northerly line of Hamilton avenue, as opened by the said Ordinance, for the distance of 100.03 feet to the easterly line of Zodiac way; thence deflecting to the left $104^{\circ} 15' 45''$ and in a southwesterly direction, for the distance of 0.96 feet; thence deflecting to the left $72^{\circ} 11' 25''$ and in a southeasterly direction by a line parallel with and 60 feet northwesterly from the southerly line of Hamilton avenue, as opened by the aforesaid Ordinance, for the distance of 101.72 feet to the westerly line of Torrens street; thence deflecting toward the left $107^{\circ} 48' 35''$ and in a northeasterly direction along the said northerly line of Torrens street, for the distance of 7.46 feet to the place of beginning, containing 421 square feet.

Stuart, his heirs, successors, assigns and lessees the right to construct, maintain and use a 5-inch steam line and a 2½-inch return line and other pipes or conduits necessary for the transmission of power, electrical current, water, etc., under and across Gold way at a point approximately 115' 0" northwest of Baum boulevard, as per blue print attached, Accession No. G. L. 223, Folder G-23.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That the aforesaid James L. Stuart, his heirs, successors, assigns and lessees be and

are hereby given the right and authority, at his own cost and expense to construct, maintain and use a 5-inch steam main and a 2½-inch return pipe under and across Gold way, in the City of Pittsburgh, at a point approximately 115' 0" northwest of Baum boulevard for the purpose of conveying steam, etc., from the White Company Plant on Gold way. The said pipes to be approximately 5' 0" below the surface of the street and shall be constructed in accordance with the provision of this Ordinance and in accordance with the plan hereto attached and identified as Accession No. G. L. 223, Folder G-23, in the files of the Bureau of Engineering, Department of Public Works, entitled "Proposed steam lines under Gold way near Baum boulevard, for James L. Stuart."

Section 2. The said James L. Stuart, prior to beginning the construction of the said pipes shall submit to the Director of the Department of Public Works of the said City, a complete set of plans in triplicate showing the location and all details of construction of the said pipes and said plans and the construction of the said pipes shall be subject to the approval and supervision of the said Director.

Section 3. The rights and privileges herein granted shall be subject and subordinate to the rights of the City of Pittsburgh and its powers over City streets and to the Ordinances of the City of Pittsburgh relating thereto, and to the provisions of any General Ordinance which may hereafter be passed relating to the construction, maintenance and use of pipes under City streets and compensation for same.

Section 4. The said grantee shall bear the full cost and expense of the repaving and repair of the street pavement damaged, repair of sewers, water lines and other surface and sub-surface structures which may be in any way damaged or disturbed by reason of the construction, maintenance and use of the said pipes. All of the said work, including the repaving of the street damaged, shall be done in the manner and at such times as the Director may order, and shall be subject to his approval and supervision.

Section 5. The right and privileges granted by this Ordinance are granted upon the express condition that the City of Pittsburgh without liability reserves the right to cause the removal of said pipes upon giving six months' notice through the proper officers pursuant to Resolution or Ordinance of Council to the said James L. Stuart, his heirs, successors, assigns and lessees to that effect; and that the said grantee when so notified shall, at the expiration of said six months, forthwith, remove the said pipes and replace the street to its original condition at their own cost and expense.

Section 6. The said grantee shall assume any liability of the City of Pittsburgh for damages to persons or property, including the street and sub-surface structures therein, by reason of the

construction, maintenance and use of the said pipes, and it is a condition of this grant that the City of Pittsburgh assumes no liability to either person or property on account of this grant.

Section 7. That any Ordinance or part of Ordinance conflicting with the provisions of this Ordinance be and the same is hereby repealed, so far as the same affects this Ordinance.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That* the Famous Biscuit Company, its successors and assigns, be and are hereby given the right and authority, at its own cost and expense, to construct, maintain and use a railroad track on and across South Twenty-second street, in the Sixteenth ward, Pittsburgh, said track to be located at a point approximately three hundred and ten (310') feet north of Wharton street, for the purpose of con-

veying materials, etc., from the Pittsburgh & Lake Erie Railroad Company's tracks to a proposed cracker factory to be erected by the Famous Biscuit Company, on property belonging to Mrs. Joseph Y. Breese, situated at the north corner of South Twenty-second and Wharton streets, in the Sixteenth ward, City of Pittsburgh. The said track shall be constructed in accordance with the provisions of this Ordinance, and in accordance with the plan hereto attached and identified as Accession No. GL-225, Folder No. G-23, in the files of the Bureau of Engineering, Department of Public Works, entitled, "Plan of Track for the Famous Biscuit Company, South Twenty-second street, Sixteenth Ward, Pittsburgh, Pa."

Section 2. The said company, prior to beginning the construction of the said track shall submit to the Director of the Department of Public Works of the said City, a complete set of plans in triplicate showing the location and all details of construction of the said track, and said plans and the construction of the said track shall be subject to the approval and supervision of the said Director.

Section 3. The rights and privileges herein granted shall be subject and subordinate to the rights of the City of Pittsburgh and its powers over City streets, and to the Ordinances of the City of Pittsburgh relating thereto, and to the provisions of any General Ordinance which may hereafter be passed relating to the construction, maintenance and use of tracks on City streets and compensation for same.

Section 4. The said grantee shall bear the full cost and expense of the repaving and repair of the street pavement damaged, repair of sewers, water lines and other surface and sub-surface structures which may be in any way damaged or disturbed by reason of the construction, maintenance and use of the said tracks. All of the said work, including the repaving of the street damaged, shall be done in the manner and at such times as the Director may order, and shall be subject to his approval and supervision.

Section 5. The rights and privileges granted by this Ordinance are granted upon the express condition that the City of Pittsburgh without liability reserves the right to cause the removal of said track upon giving six (6) months' notice through the proper officers pursuant to Resolution or Ordinance of Council to the said Famous Biscuit Company, its successors and assigns, to that effect; and that the said grantee when so notified shall, at the expiration of said six months, forthwith, remove the said track and replace the street to its original condition at its own cost and expense.

Section 6. The said grantee shall assume any liability of the City of Pittsburgh for damages to persons or property, including the street and sub-surface structures therein, by reason of the construction, maintenance and use of the said track, and it is a condition of this

grant that the City of Pittsburgh assumes no liability to either persons or property on account of this grant.

Section 7. The foregoing rights and privileges are granted subject to the following conditions, to-wit: This Ordinance shall become null and void unless within thirty (30) days after the passage and approval of this Ordinance, the Famous Biscuit Company shall file with the City Controller, its certificate of acceptance of this Ordinance, said certificate of acceptance to be executed by the president and secretary of the company with its corporate seal attached.

Section 8. That any Ordinance or part of Ordinance conflicting with the provisions of this Ordinance be and the same is hereby repealed, so far as the same affects this Ordinance.

AN ORDINANCE — Granting unto McAleenan Brothers Company, a corporation, its successors and assigns, the right to construct, maintain and use a railroad track on and across Railroad street, in the Second ward, Pittsburgh, said track to commence at a point on said street on the southward main track of the Western Pennsylvania or Conemaugh Division of the Pennsylvania Railroad Company, approximately three hundred and fourteen (314) feet east from the east line of Twenty-fifth street, for the purpose of conveying materials, etc., from said railroad company's tracks to the manufacturing plant of McAleenan Brothers Company, located at the northeast corner of Twenty-fifth street and Railroad street.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That McAleenan Brothers Company, a corporation, its successors and assigns, be and are hereby given the right and authority, at its own costs and expense, to construct, maintain and use a railroad track on and across Railroad street, in the Second ward, Pittsburgh, said track to be located as follows: Beginning at a point on the southward main track of the Western Pennsylvania or Conemaugh Division of the Pennsylvania Railroad,

approximately three hundred and fourteen (314) feet from the easterly line of Twenty-fifth street and extending thence westwardly from said main track crossing Railroad street, for a distance of approximately one hundred and seventy-five (175) feet to land of McAleenan Brothers Company, Lessee, and owned by John B. Heron, Jr.; thence along and in said land of said lessee and owner, paralleling the north line of Railroad street, west, a distance of one hundred and forty (140) feet, to the east line of Twenty-fifth street, the latter point being the termination of said track; for the purpose of conveying and hauling materials and manufactured products to and from the plant of McAleenan Brothers Company to the tracks of the Pennsylvania Railroad Company, said plant being situated at the northeast corner of Railroad street and Twenty-fifth street, in the Second ward of the City of Pittsburgh. The said track shall be constructed in accordance with the provisions of this Ordinance and in accordance with the plan hereto attached and identified as Accession No. G. L. 231, Folder No. G-24, in the files of the Bureau of Engineering, Department of Public Works, entitled, "Plan of Track for McAleenan Brothers Company, Railroad Street, Second Ward, Pittsburgh, Pa."

Section 2. The said company, prior to beginning the construction of the said track, shall submit to the Director of the Department of Public Works of the said City, a complete set of plans in triplicate showing the location and all details of construction of the said track and said plans and the construction of the said track shall be subject to the approval and supervision of the said Director.

Section 3. The rights and privileges herein granted shall be subject and subordinate to the rights of the City of Pittsburgh and its powers over City streets, and to the Ordinances of the City of Pittsburgh relating to the construction, maintenance and use of tracks on City streets and compensation for same.

Section 4. The said grantee shall bear the full cost and expense of the repaving and repair of the street pavement damaged, repair of sewers, water lines and other surface and sub-surface structures which may be in any way damaged or disturbed by reason of the construction, maintenance and use of the said tracks. All of said work, including the repaving of the street damaged, shall be done in the manner and at such times as the Director may order and shall be subject to his approval and supervision.

Section 5. The rights and privileges granted by this Ordinance are granted upon the express condition that the City of Pittsburgh, without liability, reserves the right to cause the removal of said track upon giving six (6) months' notice through the proper officers, pursuant to resolution or Ordinance of Council to the said McAleenan Brothers Company, its successors and assigns, to that effect;

and, that the said grantee when so notified, shall, at the expiration of said six months, forthwith, remove the said track and replace the street to its original condition at its own cost and expense.

Section 6. The said grantee shall assume any liability of the City of Pittsburgh for damages to persons or property, including the street and sub-surface structures therein, by reason of the construction, maintenance and use of the said track, and it is a condition of this grant that the City of Pittsburgh assumes no liability to either persons or property on account of this grant.

Section 7. The foregoing rights and privileges are granted subject to the following condition, to-wit: This Ordinance shall become null and void unless, within thirty (30) days after the passage and approval of this Ordinance, the McAleenan Brothers Company shall file with the City Controller its certificate of acceptance of this Ordinance, said certificate of acceptance to be executed by the president and secretary of the company, with its corporate seal attached.

No. 109½

THIS AGREEMENT — Made this twenty-fourth day of January, 1917, between Fannie Lewin and Robert

Lewin, her husband, both of the City of Pittsburgh, County of Allegheny, State of Pennsylvania, first parties, and the City of Pittsburgh, a municipal corporation created and existing under the laws of the State of Pennsylvania, second party.

Witnesseth:

Whereas, The said Fannie Lewin is the owner of all that certain lot or piece of ground situate in the Eighth ward (formerly Twentieth ward) of the City of Pittsburgh, County of Allegheny, and State of Pennsylvania, being lot number twenty-three (No. 23) and the southerly ten (10) feet of lot number twenty-four (24) in a plan of late laid out by Mrs. Evaline Gross as recorded in the Recorder's office of Allegheny County in Plan Book, Vol. 6, page 244; said lot being bounded and described as follows, to-wit:

Beginning on the easterly side of Atlantic avenue, at a point distant three hundred and twenty-five (325) feet northwardly from the northeast corner of Atlantic avenue and Harriett street; thence extending northwardly along the line of Atlantic avenue fifty (50) feet to a point and thence extending back eastwardly, parallel with Harriett street preserving the same width throughout of fifty (50) feet, one hundred forty (140) feet to the line of property of William Scott.

Said property is known as 345 South Atlantic avenue, City of Pittsburgh; and

Whereas, Archon way, a public way, is located and opened between Atlantic avenue and Rebecca street, extending for a distance approximately of three hundred twenty-five (325 ft.) feet northwardly from said Harriett street; and

Whereas, The said first parties deem it advantageous and necessary for the proper development and use of their property to have a means of ingress and egress from the rear of their property to Harriett street by means of said Archon way; and

Whereas, For advantages accruing to said City and the consideration herein-after referred to, said City of Pittsburgh is willing to cause to be opened Archon way for an additional distance of fifty (50 ft.) feet northwardly from the present terminus of said Archon way along the lines and to the grade more specifically and in details set forth in the Ordinance providing for said opening hereto attached and made part hereof; and

Whereas, Said first parties for the advantages accruing to them are willing to waive any damages, costs, or expenses, as well as to assume all costs and expenses to the said City for the ground taken and the damage by grade for the opening of said Archon way as above referred to in consideration of the said City passing the necessary Ordinance and taking such other steps as may be necessary for the legal opening of said Archon way for the additional distance of fifty (50 ft.) feet as above described for public use.

Now, this indenture witnesseth, That, in consideration of the premises and for the advantages and benefits accruing to said first parties by reason of the opening of said Archon way for the additional distance of fifty (50 ft.) feet as above described to the grade above referred to, the said first parties do hereby stipulate, covenant and agree to and with the City of Pittsburgh, said second party as follows:

First. Said first parties hereby agree to waive, quit claim, release, and discharge said City of Pittsburgh from any and all claim for damages, costs and expenses to the property of the said Fannie Lewin for or by reason of the opening of the said way to said grade.

Second. Said first parties hereby agree to indemnify and save said City harmless in the payment of any costs whatsoever that may be assessed against said City by the opening of said way to said grade.

Third. Upon the opening of said Archon way for the additional distance above described and as more especially set forth in said Ordinance herein referred to and upon the assessment of damages and benefits by the Board of Viewers in accordance with the provisions of the Acts of Assembly of the Commonwealth of Pennsylvania relating thereto or such other due process of law as may be necessary for the proper fixing and adjudication of such damages and benefits, the first parties agree to assume and pay to the City Treasurer within a period of thirty days after the final adjudication of the damages and benefits, any costs or damages that may be assessed against the City by reason of the opening and damage by grade of said Archon way for the said additional distance of fifty (50) feet as above described.

Said first parties hereby assume for themselves, their heirs, and assigns, any costs or damages that may be assessed against the City of Pittsburgh and authorize the Treasurer of the said City to collect from them their proper share of any such costs to be determined by the amount of their frontage on said Archon way.

In witness whereof, the said first parties have hereunto set their hands and seal and the said second party has affixed its seal duly attested the day and year first above written.

AN ORDINANCE—Granting unto the Keystone Bronze Company, its successors and assigns, the right to lay, maintain and use a steam pipe, water pipe, and an oil pipe under and across Lodi way in the Sixth ward, Pittsburgh, said pipes to be located at a point approximately two hundred and fifty (250') feet north of the north building line of Foster street for the purpose of conveying steam, water and oil between buildings of the Keystone Bronze Company, situated on Lodi way between Foster street and the Allegheny Valley Railroad.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That* the Keystone Bronze Company, its successors and assigns, be and are hereby given the right and authority, at its own cost and expense, to lay, maintain and use a steam pipe, water pipe, and an oil pipe under and across Lodi way in the Sixth ward, Pittsburgh, said pipes to be located at a point approximately two hundred and fifty (250') feet north of the north building line of Foster street, for the purpose of conveying steam, water, and oil between buildings of the Keystone Bronze Company, situated on Lodi way, between Foster street and the Allegheny Valley Railroad, Sixth ward, City of Pittsburgh. The said pipes shall be laid in accordance with the provisions of this Ordinance, and in accordance with the plan hereto attached and identified as Accession No. GL-229, Folder G-23, in the files of the Bureau of Engineering, Department of Public Works, entitled, "Plan of Pipes for the Keystone Bronze Company, situated on Lodi way between Foster street and the Allegheny Valley Railroad, Sixth ward, Pittsburgh, Pa."

Section 2. The said Company, prior to beginning the laying of the said pipes

shall submit to the Director of the Department of Public Works of the said City, a complete set of plans in triplicate showing the location and all details for the laying of the said pipes, and said plans and the laying of the said pipes shall be subject to the approval and supervision of the said Director.

Section 3. The rights and privileges herein granted shall be subject and subordinate to the rights of the City of Pittsburgh and its powers over City streets, and to the Ordinances of the City of Pittsburgh relating thereto, and to the provisions of any General Ordinance which may hereafter be passed relating to the laying, maintenance and use of pipes under City streets and compensation for same.

Section 4. The said grantee shall bear the full cost and expense of the repaving and repair of the street pavement damaged, repair of sewers, water lines and other surface and sub-surface structures which may be in any way damaged or disturbed by reason of the laying, maintenance and use of the said pipes. All of the said work, including the repaving of the street damaged, shall be done in the manner and at such times as the Director may order, and shall be subject to his approval and supervision.

Section 5. The rights and privileges granted by this Ordinance are granted upon the express condition that the City of Pittsburgh without liability reserves the right to cause the removal of the said pipes upon giving six (6) months' notice through the proper officers pursuant to Resolution or Ordinance of Council to the said Keystone Bronze Company, its successors and assigns, to that effect; and that the said grantee when so notified shall, at the expiration of said six months, forthwith, remove the said pipes and replace the street to its original condition at its own cost and expense.

Section 6. The said grantee shall assume any liability of the City of Pittsburgh for damages to persons or property, including the street and sub-surface structures therein, by reason of the laying, maintenance and use of the said pipes, and it is a condition of this grant that the City of Pittsburgh assumes no liability to either persons or property on account of this grant.

Section 7. The foregoing rights and privileges are granted subject to the following conditions, to-wit: This Ordinance shall become null and void unless within thirty (30) days after the passage and approval of this Ordinance, the Keystone Bronze Company shall file with the City Controller, its certificate of acceptance of this Ordinance, said certificate of acceptance to be executed by the president and secretary of the company with its corporate seal attached.

Section 8. That any Ordinance or part of Ordinance conflicting with the provisions of this Ordinance be and the same

is hereby repealed, so far as the same affects this Ordinance.

No. 117

AN ORDINANCE — Ratifying and confirming the action of the Mayor and Director of the Department of Public Works in the appointment of a mechanical engineer to design and supervise the installation of the heating, ventilating and electrical systems in the City-County Building as provided in a contract executed between the City and E. B. Lee, architect, pursuant to an Ordinance authorizing the same, approved February 18, 1914, recorded in Ordinance Book No. 25, page 633; and providing for the payment of the City's share of the cost thereof.

Whereas, The Mayor and the Director of the Department of Public Works entered into a contract jointly with the County Commissioners for the employment of E. B. Lee, architect, to design and supervise the erection of a new City and County Building. The compensation for such services to be paid by the City of Pittsburgh being the one-half part of a sum equal to six (6) per cent, on the total cost of the entire building, which payment was authorized by Ordinance of Council; and

Whereas, It was further agreed in this contract that the architect should employ an engineer to design and supervise the installation of the heating, ventilating, mechanical and electrical work, whose selection should meet with the approval of the Department of Public Works and that the compensation for such services to the City of Pittsburgh should not exceed the one-half part of eleven thousand two hundred and fifty (\$11,250.00) dollars; therefore,

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That the action of the Mayor and the Director of the Department of Public Works in the execution of a contract for the employment of an engineer to design and supervise the heating, ventilating, mechanical and electrical work on the new City and County Building is hereby ratified and confirmed.

Section 2. That E. B. Lee, architect for the City and County Building, shall be reimbursed for payments which have already or may hereafter be made by him for such services, provided that the total amount so paid by the City of Pittsburgh shall not exceed the one-half part of eleven thousand two hundred and fifty (\$11,250.00) dollars, same to be paid from the amount set aside for this contract from Appropriation No. 156, City Hall Bonds.

Section 3. That any Ordinance or part of Ordinance conflicting with the provi-

sions of this Ordinance be and the same is hereby repealed, so far as the same affects this Ordinance.

Whereas, It appears by the petition
and affidavit on file in the office of the
City Clerk, that all the owners of
property, fronting or abutting upon
Vennette street, from Adams street to
Deldorf street, have petitioned the
Council of the City of Pittsburgh, to
enact an Ordinance for the vacation of
the same; therefore,

Section 1. *Be it ordained and enacted
by the City of Pittsburgh, in Council
assembled, and it is hereby ordained and
enacted by the authority of the same,* That
Vennette street, in the Twenty-first ward
of the City of Pittsburgh, as laid out
in Updike & Sipe's Plan, not recorded,
from Adams street to Deldorf street and
as hereinafter more fully described,
shall be and the same is hereby vacated.

Beginning at a point on the northerly
line of Adams street and the easterly
line of Vennette street; thence in a north-
erly direction along the said easterly
line of Vennette street, for the distance
of 220 feet to a point on the southerly
line of Deldorf street; thence at right
angles and in a westerly direction along
the southerly line of Deldorf street, for
the distance of 30 feet to the westerly
line of Vennette street; thence at right

thence at right angles and in an easterly
direction along the said northerly line
of Adams street, for the distance of 30
feet to the place of beginning, contain-
ing 6,600 square feet.

Section 2. This Ordinance, however,
shall not take effect, or be of any force
or validity whatsoever unless the
National Supply Realty Company,
owners of the property abutting upon
Vennette street, between Adams street
and Deldorf street, shall, within thirty
(30) days after the passage of this
Ordinance, pay into the Treasury of the
City of Pittsburgh the sum of thirty-
three hundred (\$3,300.00) dollars, for
the use of the City of Pittsburgh.

No. 157

AN ORDINANCE — Granting unto the Pittsburgh Transformer Company, its successors, lessees and assigns, the right to construct, maintain and use railroad tracks on Preble avenue, Twenty-first ward, North Side, Pittsburgh, said tracks to connect with the tracks of the Pittsburgh, Fort Wayne & Chicago Railroad Company, located on Preble avenue between Juniata street and Columbus avenue, for the purpose of conveying materials to and from proposed buildings of the Pittsburgh Transformer Company situated on Preble

avenue and extending from Juniata street to Columbus avenue.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That the Pittsburgh Transformer Company, its successors, lessees and assigns, be and are hereby given the right and authority, at its own cost and expense, to construct, maintain and use railroad tracks on Preble avenue, Twenty-first ward, North Side, Pittsburgh, said tracks to connect with the tracks of the Pittsburgh, Fort Wayne & Chicago Railroad Company, located on Preble avenue between Juniata street and Columbus avenue, for the purpose of conveying materials to and from proposed buildings of the Pittsburgh Transformer Company situated on Preble avenue and extending from Juniata street to Columbus avenue. The said tracks shall be constructed in accordance with the provisions of this Ordinance, and in accordance with the plan hereto attached and identified as Accession No. GL-242, Folder No. G-24, in the files of the Bureau of Engineering, Department of Public Works, entitled, "Proposed Tracks on Preble Avenue for the Pittsburgh Transformer Company, Twenty-first Ward, North Side, Pittsburgh, Pa."

Section 2. The said company, prior to beginning the construction of the said tracks, shall submit to the Director of the Department of Public Works of the said City, a complete set of plans in triplicate showing the location and all details for the construction of the said tracks, and said track plans and the construction of the said tracks shall be subject to the approval and supervision of the said Director.

Section 3. The rights and privileges herein granted shall be subject and subordinate to the rights of the City of Pittsburgh and its powers over City streets, and to the Ordinances of the City of Pittsburgh relating thereto, and to the provisions of any General Ordinance which may hereafter be passed relating to the construction, maintenance and use of tracks on City streets and compensation for same.

Section 4. The said grantee shall bear the full cost and expense of the repaving and repair of the street pavement damaged, repair of sewers, water lines and other surface and sub-surface structures which may be in any way damaged or disturbed by reason of the construction, maintenance and use of the said tracks. All of the said work, including the repaving of the street damaged, shall be done in the manner and at such times as the Director may order, and shall be subject to his approval and supervision.

Section 5. The rights and privileges granted by this Ordinance are granted upon the express condition that the City of Pittsburgh without liability reserves the right to cause the removal of the said tracks upon giving six (6) months' notice through the proper officers pursuant to Resolution or Ordinance of

Council to the said Pittsburgh Transformer Company, its successors, lessees and assigns, to that effect; and that the said grantee when so notified shall, at the expiration of the said six months, forthwith, remove the said tracks and replace the street to its original condition at its own cost and expense.

Section 6. The said grantee shall assume any liability of the City of Pittsburgh for damages to persons or property, including the street and sub-surface structures therein, by reason of the construction, maintenance and use of the said tracks, and it is a condition of this grant that the City of Pittsburgh assumes no liability to either persons or property on account of this grant.

Section 7. The foregoing rights and privileges are granted subject to the following conditions, to-wit: This Ordinance shall become null and void unless within thirty (30) days after the passage and approval of this Ordinance, the Pittsburgh Transformer Company shall file with the City Controller, its certified certificate of acceptance of this Ordinance, said certificate of acceptance to be executed by the president and secretary of the company with its corporate seal attached.

Section 8. That any Ordinance or part of Ordinance conflicting with the provisions of this Ordinance be and the same is hereby repealed so far as the same affects this Ordinance.

No. 167

AN ORDINANCE — Authorizing and directing an increase of the indebtedness of the City of Pittsburgh in the sum of fifty-four thousand (\$54,000.00) dollars, and providing for the issue and sale of bonds of said City in said amount, to provide funds for the purchase of property for park purposes, and providing for the redemption of said bonds and the payment of interest thereon.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That the indebtedness of the City of Pittsburgh be increased by the amount of fifty-four thousand (\$54,000.00) dollars, to provide funds for the purchase of property for park purposes.

Section 2. That bonds of the City of Pittsburgh in the aggregate principal amount of fifty-four thousand (\$54,000.00) dollars be issued for the purpose aforesaid, with interest coupons attached, payable semi-annually, with the privilege of exchanging such coupon bond or bonds for a registered bond or bonds of the same maturity as, and of any denomination not exceeding the aggregate principal amount of the coupon bond or bonds surrendered in exchange therefor, by surrendering such coupon bond or bonds, with all coupons not then due, at the office of the City Controller; and the City Controller is hereby authorized and directed to cause such coupon and registered bonds to be engraved, and to issue the same in the name of the City of Pittsburgh, the expense thereof to be charged to Appropriation No. 42, Contingent Fund.

Section 3. Said bonds shall be issued in denominations of one hundred dollars, or multiples thereof, shall be dated as of the first day of January, A. D. 1917, and shall be payable in nine (9) equal annual installments, as follows:

Bonds to the aggregate amount of six thousand (\$6,000.00) dollars shall be payable on the first day of January in each and every year, beginning with the year one thousand nine hundred and eighteen and ending with the year one thousand nine hundred and twenty-six.

Said bonds shall bear interest at the rate of four (4) per centum per annum, payable semi-annually at the office of the City Treasurer of said City.....

.....on the first day of July and January, of each year, without deduction for any

taxes which may be levied thereon by the State of Pennsylvania pursuant to any present or future law, the payment of which is hereby assumed by the City of Pittsburgh, and the principal thereof shall be payable at maturity at the same place. The said bonds shall be signed by the Mayor, countersigned by the City Controller, and sealed with the corporate seal of said City, and the coupons shall be authenticated with the lithographed fac-simile signature of the City Controller.

That such uninvested balances in the Sinking Fund, as may be available for the purpose, shall be invested in the same without public notice by advertising or otherwise. And the proceeds of such sales, or so much thereof as shall be necessary, shall, if specifically appropriated by Ordinance, therein fixing the amounts and conditions of expenditure, be applied to the purposes set forth in this Ordinance and to no other purpose whatsoever. Each of said bonds shall be known and designated as "Park Bonds, Series A, 1917."

Section 4. Until said bonds, issued as herein provided, shall be fully paid, there is hereby levied and assessed annually upon all subjects now by law liable or hereafter to be made liable to assessment for taxation for City purposes, an annual tax, commencing the year after said bonds have been issued, sufficient to pay the interest on said bonds as the same shall accrue and become payable; and also an annual tax equal to 11.11+ per centum of the total amount of said bonds hereby authorized, to be applied to and set apart as a Sinking Fund for the payment of the principal and redemption of said bonds as they become due and payable according to their terms, and the same are hereby appropriated out of the revenues of said City for the payment and redemption aforesaid.

Section 5. All registered bonds issued in exchange for coupon bonds, as provided in Section 2 of this Ordinance, shall be registered with the City Treasurer of said City and be transferable only on the books of said City Treasurer.

Section 6. All bonds issued by the authority of this Ordinance and the Acts of Assembly authorizing the same shall be and become part of the funded debt of the City of Pittsburgh, and shall be entitled to all the rights, privileges and immunities thereof; and shall be free from taxation, as aforesaid, and for the payment of the principal of said bonds, and the interest thereon semi-annually, as aforesaid, as the same shall mature and become payable, the faith, honor, credit and property of said City are hereby pledged.

Section 7. Said bonds shall be coupon bonds, exchangeable for registered bonds, and shall be substantially in the following form, to-wit:

No. 186

AN ORDINANCE — Regulating the construction, alteration, additions to, arrangement and equipment of buildings and rooms used for the purpose of storing, examining, repairing, demonstrating or exchanging nitro-cellulose or like inflammable motion picture films, and which shall hereafter be known as buildings of Classification No. 5, Division B; regulating the installation of heating, ventilating and lighting systems; requiring the installation of sprinkler systems, vaults, cabinets, and appurtenances thereto, and like appliances for fire prevention and protection in which said inflammable motion picture films are examined, repaired, demonstrated or stored; prohibiting the manufacture of said motion picture films within the City limits; providing for the issuance of construction and occupancy permits therefor; and providing penalties for the violation of the provisions hereof.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That from and after the first of May, 1917, the following regulations provided for buildings of Classification No. 5, Division B, as hereinafter defined, shall be in full force and effect.

Section 2. Scope of Ordinance.

(1) Relation to Building Code. This Ordinance shall be taken as a part of the Building Code of the City of Pittsburgh and in conjunction with the General Building and Engineering Regulations hereafter to be enacted.

(2) Short Title: This Ordinance shall be known as the Motion Picture Exchange Regulations, Classification No. 5, Division B.

(3) Matter Covered: All matters concerning, affecting or relating to the construction, alteration of buildings, now erected or to be erected, in the City and occupied or to be occupied for the purposes of Classification No. 5, Division B, are presumptively provided for in this Ordinance, except insofar as the meaning of the same may be interpreted by the rulings and findings of the Board of Standards and Appeals.

(4) Intent: This Ordinance shall be taken by all whose duty it is to interpret the same exactly as provided, and the rulings thereunder of the Bureau of Building Inspection and Board of Stan-

dards and Appeals shall conform to the intent of this Ordinance.

(5) **New Buildings:** No building shall hereafter be erected, altered, repaired, added to or extended, equipped with appurtenances or apparatus, or occupied for the purposes of Classification No. 5, Division B, except in conformity with the provisions of this Ordinance.

(6) **Old Buildings:** No building shall hereafter be occupied, used or maintained for the purposes stated in the definition of buildings of Classification No. 5, Division B, unless such buildings conform to, or shall first have been so altered, added to, extended and equipped with appurtenances and apparatus as to conform in every respect with the provisions of this Ordinance.

Section 3. Building Permits.

(1) Construction Permits:

(a) **Applications:** Application for construction permits shall be made to the Bureau of Building Inspection and shall be accompanied by plans and specifications or other evidence which shall fully illustrate and describe the following:

I. The thickness and kinds of all materials, partitions and doors and the degree of fire protection afforded, according to the definitions relating thereto, given in the Ordinances of the City of Pittsburgh for each part of the construction of the building.

II. The equipment and apparatus to be provided for preventing and fighting fire anywhere within such portions of a building as are to be used for the purposes of Classification No. 5, Division B.

III. The number, location and construction of vaults, cabinets, and rooms used for examining and repairing of motion picture films.

IV. The locations of all passageways in the foregoing rooms and their exits, corridors, general fire exits, escapes, towers and means of communication from rooms to same and therefrom to the street.

V. Any other information required by the Superintendent of Building Inspection so that he may satisfy himself that the intent of this Ordinance is to be complied with.

(b) **Permits:** Construction permits shall convey no further rights than those provided in the Ordinance conferring certain powers and duties upon the Department of Public Safety, and the Bureau of Building Inspection, known as the "Administrative Sections," approved January 23, 1916.

(c) **Records:** All necessary information in order to record full and complete compliance with the provisions of this Ordinance shall be included in the plans, specifications and application.

(2) Occupancy Permits:

(a) **Application:** Applications for occupancy permits shall be made by

each person, firm or corporation occupying or to occupy any building or part of building for the purposes of Classification No. 5, Division B.

The information furnished with each application shall be the same as that herein required for construction permits, provided plans and specifications are not already on file in the Bureau of Building Inspection containing all the information required.

Occupancy permits may be granted or refused, based upon plans of buildings, or parts of buildings, already on file in the Bureau of Building Inspection, provided in the opinion of the Superintendent of Building Inspection the aforesaid plans are a true and faithful record of the conditions existing in the buildings at the time of granting said occupancy permit.

(b) **Inspections:** Before granting occupancy permits an inspection of the premises shall be made in order to determine whether or not the construction and equipment of the building, or part thereof to be occupied, conforms to the provisions and requirements of this Ordinance.

(c) **Permits:** Occupancy permits shall convey no rights other than those provided in an Ordinance conferring certain powers and duties upon the Department of Public Safety and the Bureau of Building Inspection, approved January 23, 1916, and shall only be granted when the records of the said Bureau show that the persons, firms, or corporations responsible therefor shall have complied with the requirements of this Ordinance in every respect and when all information required in this section, under Heading No. 1, Sub-heading (a), is on record in said Bureau.

Section 4. Definitions:

(1) **General:** For the purposes of this Ordinance, the words and terms used are hereby defined, as follows:

(a) **Classification No. 5, Division B,** shall include all buildings or parts of buildings occupied for the demonstration, examination, storage, repair and exchange of nitro-cellulose or like inflammable motion picture films.

(b) **Nitro-Cellulose:** The term Nitro-Cellulose shall mean any highly inflammable substance or compound having soluble cotton as its base, including celluloid, fibrelloid, pyralin, viscelloid, zylonite and similar products in whatever form same may be handled.

(c) **Film:** For the purposes of this Ordinance the word "Film" shall be taken to mean nitro-cellulose or like inflammable motion picture film.

(d) **Fire Division Partitions:** Shall mean partitions of such materials and thicknesses as will comply with, and pass the requirements of the following fire test:

The size of test specimen shall be not less than 9 feet 6 inches by 14 feet 6 inches long. The test specimen shall be constructed in place in the testing ap-

paratus complete including plastering, if any, in the manner in which it is intended to serve, and joined tight with mortar all around the edges.

The test specimen shall be subjected to a continuous fire on one side for a period of four hours, the temperature gradually increasing to 1,700 degrees Fahrenheit during the first half hour and maintained at an average temperature of 1,700 degrees for the balance of the test period. It shall immediately after the expiration of the fire test and while the partition is still in a highly heated condition, be subjected to a stream of water from a seven-eighths inch diameter nozzle, held not more than twenty feet from the test specimen, operating under a pressure of fifty pounds per square inch at the nozzle. It shall be kept moving over the test specimen for a period of five minutes.

A partition to successfully pass this test shall not permit fire or smoke to pass through the partition during the test. The partition shall safely sustain the pressure and shall not warp or bulge or disintegrate under action of the fire or water to such an extent as to make it unsafe. The heat transmitted through the test specimen shall not be sufficient to cause a board of dry white pine, or similar combustible material to become charred when held directly in contact with the unexposed side of the test specimen throughout the period of application of the heat.

(e) Enclosed Fire Exit Stairways: Shall mean stairways built of incombustible materials and enclosed on all sides by fire division partitions.

(f) Standard Class "A" Fire Door: Shall mean such a fire door as is defined and required for Class "A" fire doors of the Underwriters' Laboratories Incorporated.

A copy of this standard specification shall be kept on file in the Bureau of Building Inspection for public use and information.

(g) Demonstrating Room: Shall mean such a room as is used for the demonstration of films to an audience of not more than twelve persons at one time.

(h) Panic Hardware: Shall mean all hardware for doors so designed and applied that the doors will automatically become unlocked as soon as slight pressure is applied from the inside.

(i) Height of Buildings: The height of a building is to be taken from the average curb level to the highest portion of the coping.

Section 5. Occupancy Restrictions.

(1) Joint Occupancies:

(a) Unrelated Occupancy: Joint occupancy of buildings used in part for the purpose of Classification No. 5, Division B, and in part for any other occupancy not related to this classification is hereby prohibited.

(b) Related Occupancy: Joint occupancies with portions of buildings

used for offices for the conduct of the business and for the storage, handling, and shipping of posters for motion picture exhibitions, exhibition machines, supplies and the shipping thereof, shall be permitted if such joint occupancy is separated from the portions used for the handling of films by fire division partitions as hereinbefore defined.

(2) Prohibited Occupancy: The manufacture of nitro-cellulose and like inflammable motion picture film is hereby prohibited within the City limits.

Section 6. Exit Requirements:

(1) General: All buildings of this classification shall have at least two exits. Basement floors shall be provided with exits in the same manner as floors above the exit level.

(2) Enclosed Fire Exit Stairways: Except as herein provided, exits from all buildings more than two stories in height shall be enclosed fire exit stairways, at least one of which shall extend to the roof, and all of which shall extend to the basement. All exit stairways shall extend in an unbroken manner from the exit level to the most remote story served thereby. All exits shall serve upon a street or alley, or a court connecting with a street or alley by a direct passageway.

(3) Elevator Hatchway Enclosures: All elevator hatchway enclosures shall be completely closed on all sides with fire division partitions as hereinbefore defined, and equipped with Standard Class "A" fire doors.

(4) Doors:

(a) General: All doors shall swing in the direction of the nearest main exit and shall not be obstructed in any manner. They shall be self-closing and equipped with panic hardware and remain closed at all times. All stairway doors shall have exit signs directly over and on them.

(b) Construction: The minimum requirements for doors opening upon enclosed fire exit stairways and all rooms in which films are handled for any purpose shall be Standard Class "A" fire doors.

Section 7. Fire Extinguishing Equipment.

(1) Sprinkler Systems Required: All buildings used for the purposes of Classification No. 5, Division B, shall be fully equipped throughout with automatic sprinkler equipment which shall be connected to the City water supply with connections of sufficient size to adequately serve said sprinkler equipment, together with not less than one 2-way Siamese connection, outside of the building and not more than 12 inches above the grade, threaded to fit the standard coupling of the Fire Department.

Each vault for the storage of films shall be provided with at least four sprinkler heads so arranged as to distribute the water evenly over the vault.

Baffle plates shall be provided between sprinkler heads so as to insure the proper and uninterrupted operation thereof.

(2) Standpipes: One standpipe shall be provided in each enclosed stairway with one 2½-inch and one 1½-inch outlet for hose attachment on every floor. Said standpipes shall be supplied through an independent connection to City water main, equipped with one 2-way Siamese connection outside of the building, not more than 12 inches above grade, threaded to fit the standard couplings of the Fire Department, and as may be further required by City Ordinances.

(3) Hose: Each standpipe outlet shall be provided with one 2½-inch and one 1½-inch unlined linen hose, not in excess of 100 feet, that a stream may be thrown into any part of the floor served or to reach the area served by the nearest standpipe.

(4) Fire Extinguishers: Each room occupied for the handling of films and of related occupancies containing posters or other inflammable material shall be equipped with at least one fire extinguisher, and in no case shall there be less than one for each 1,000 square feet of floor area.

(5) Water and Sand: At least one pail of water and one of sand shall be provided for each vault and examining, repair and shipping room.

Section 8. Requirements for Construction of Buildings.

(1) Construction Not Permitted: The occupancy of buildings for the purposes of Classification No. 5, Division B, of wood or frame construction shall not be permitted.

The occupancy of buildings for the purposes of Classification No. 5, Division B, over six stories or 80 feet in height shall not be permitted.

(2) Construction Requirements:

(a) The minimum allowable construction of buildings over four stories or 55 feet in height and not to exceed six stories or 80 feet in height shall be that defined as full fire protection in the Ordinances relating thereto.

(b) The minimum allowable construction of building over two stories or 28 feet in height and not to exceed four stories or 55 feet in height shall be that defined as slow-burning construction in the Ordinances relating thereto.

(c) The minimum allowable construction of buildings not exceeding two stories or 28 feet in height shall be that defined as brick-joisted in the Ordinances relating thereto.

(d) Every building of this classification shall have one or more storage vaults to be used exclusively for the storage of all film not in the process of being inspected, examined, repaired, shipped or received. Doors on vaults

shall not communicate with rooms containing related occupancies.

Section 9. Requirements for Demonstrating Rooms:

(a) The machine used for the display of films shall be enclosed at all times within a standard booth, or separate fireproof room for the use of said machine only.

(b) The seats of the room shall be so arranged at all times as to leave a passageway for safe and free exit of the occupants thereof.

(c) In case the machine is placed within the demonstrating room, the arrangement shall be such that at least one exit shall be placed at the end of the room opposite to the machine.

Section 10. Construction Required for Vaults.

(a) The size of a single vault for the storage of films shall not exceed 1,000 cubic feet.

(b) Each vault for films shall be constructed with walls and ceiling of reinforced concrete at least five inches thick or brick at least nine inches thick, and the floor shall be of concrete or its equivalent. No combustible material shall be kept within such vaults except the film stored.

(c) All vaults in buildings of other than full fire protection shall have foundation walls carried from the cellar to the uppermost vault, or be supported by steel construction, either on posts or girders, properly designed to carry the load imposed, protected from the effects of fire by insulating materials conforming to the requirements in the Ordinances for full fire protection, or reinforced concrete of equivalent construction.

(d) Each vault shall be provided with a separate pressure relief vent, which shall open to the outside of the building directly through a separate stack with walls of reinforced concrete at least five inches thick or brick at least nine inches thick, and shielded at the top against the weather by a siphon ventilator not less than 18 inches in diameter or by louvres or by other equivalent devices made of incombustible materials. A light wire screen of not greater than one-half inch mesh shall be placed so as to effectively cover all openings over each ventilator so arranged as not to interfere with the free operation of the vent. The effective area of the vent opening and of the stack shall be at least four square feet for the maximum size vault, and in proportion for smaller vaults.

(e) Fixtures inside of vaults shall be of incombustible materials. No light other than stationary vapor proof incandescent electric lamps, properly guarded, shall be installed inside and the switch shall be outside and provided with pilot light or other indicator.

(f) Each vault shall be provided with a four-inch iron or steel screw-joint pipe drain, the discharge end of which shall

be carried through an outside wall and protected with $\frac{3}{8}$ -inch mesh non-corrosive wire screen. The vault end of the drain shall be provided with a cesspool bell trap.

(g) Each vault shall be provided with a water-tight door sill, the top of which shall be not less than six inches above the level of the vault floor.

(h) Each vault shall be equipped with a Class "A" swinging fire door, which shall be provided with self-closing and panic hardware and shall close into a smoke-proof rebate. Such door shall remain closed at all times.

(i) No heating device shall be permitted in any vault.

Section 11. Construction Required for Cabinets.

(a) The size of a single cabinet for the storage of films shall not exceed ten cubic feet.

(b) Each cabinet shall be constructed of incombustible materials throughout and shall be tightly enclosed and may be made of sheet iron of not less than No. 18, U. S. gauge, in thickness, stiffened with angle irons, double walled, with at least $1\frac{1}{4}$ inches of air space. It shall have metal legs at least six inches high and unless placed upon an incombustible floor, shall be set upon a mat of incombustible materials at least two inches thick. The construction of all cabinets shall be approved by the Bureau of Building Inspection.

All cabinets as per foregoing specifications shall be understood to be used only for temporary storage and are not to be substituted in any sense for a vault.

Section 12. Examination and Repair.

(a) Examination and repair of motion picture films shall be done in a room having outside ventilation, separated from the balance of the building by fire division partitions and equipped with Class "A" fire doors at the openings, which shall always open in the direction of exit. Said rooms shall not be used for the storage nor handling of other inflammable materials than that required in the repair of motion picture films.

(b) The number of film inspectors in any room shall be limited to ten. All film shall be kept either in metal cans or stored in vaults or cabinets at all times, except when being transferred from cans to storage or from storage to cans for shipment or during examination and repair.

During examination and repair, films shall be kept in enclosed racks constructed upon the examination tables entirely enclosed with not less than No. 18 gauge metal, with doors of the same materials, hinged at the top. Separate compartments not to exceed three feet

six inches in length and one reel high shall be provided for each operator. Only one film for each operator may be exposed at any time.

(c) All scrap or waste shall be kept in self-closing metal waste cans, partially filled with water, all of which shall be removed from the building at least once a day to a safe location and the contents destroyed.

(d) Wherever films are being examined the lamps shall be provided with a metal guard or safety device to keep the film a safe distance from the lamp.

Section 13. Storage of Inflammable Cement.

Any compound of collodion and amylacetate or similarly inflammable cements, when stored inside the building, shall be limited to the quantity required for a day's work or not greater than one gallon, and shall be kept entirely separate from any other combustible material.

Section 14. Use of Electric Motors.

Electric motors, if used, shall preferably be of the induction type, without commutators, or if a direct current motor, the commutator shall be enclosed. All switches, rheostats or other current controlling devices must be enclosed in dust-proof and fire-proof cabinets.

Section 15. Electric Lighting.

Lighting shall be by electric incandescent lights only. Lamps, if subject to mechanical injury, shall be protected by wire guards. Entire installation shall be in accordance with the requirements of the City Ordinances.

Section 16. Heating System.

Only hot water or steam heat shall be used. All radiators and vertical or horizontal heat lines occurring in rooms used for examining and repair of motion picture films shall be protected as follows:

All radiators shall be enclosed at back, both ends and top with not less than No. 24 gauge sheet iron. The top shall slope not less than 45 degrees from back to front and all securely fastened to the floor. The front shall be open, but protected by wire mesh with not less than No. 18 gauge and not more than $\frac{3}{8}$ -inch mesh. This guard shall be hinged to permit of its being opened for the purposes of cleaning in and about the radiator.

All supply and return pipe connecting with radiators directly or indirectly shall be protected with asbestos or cork pipe covering held in place in the usual manner.

All registers shall be on the wall, starting not less than six inches above the floor.

Section 17. Penalties for Violation.

Any person, firm or corporation violating any of the provisions of this Ordinance shall upon the conviction thereof before any Alderman or Police Magistrate of the City of Pittsburgh, be

subject to a fine not exceeding \$100.00 and costs for any one offense and, in default of payment of said fine and costs, shall be subject to imprisonment in the County Jail for a period not exceeding thirty (30) days.

No. 203

AN ORDINANCE — Accepting the dedication of certain property, in the Fourteenth ward of the City of Pittsburgh, for public use for highway purposes, opening and naming the same "Banbridge way" and establishing the grade thereof.

Whereas, Clara B. McCombs, widow, of the City of Pittsburgh, County of Allegheny and State of Pennsylvania, the owner of the property hereinafter described, has executed and delivered to the City of Pittsburgh, her certain deed of dedication, bearing date April 19, 1917, now on file in the Bureau of Engineering of said City, wherein she has conveyed said ground to said City, for a public highway and has released said City from any liability for damages for or by reason of the physical grading of said public highway to the grade hereinafter established; therefore,

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That the said deed of dedication be and the same is hereby accepted, and the Bureau of Engineering is hereby authorized and directed to place the same of record in the office of the Recorder of Deeds in and for the County of Allegheny.

Section 2. The ground, so as aforesaid, conveyed to said City for public highway purposes, shall be and the same is hereby appropriated and opened as a public highway, in accordance with the terms of said deed of dedication and shall be known as "Banbridge way," the same being bounded and described as follows, to-wit:

Beginning on the easterly line of South Negley avenue, at the distance of 173.12 feet southwardly from the southerly line of Wilkins avenue; thence deflecting to the left $79^{\circ} 06'$ and in an easterly direction parallel with and 170 feet south from the southerly line of Wilkins avenue, for the distance of 414.97 feet, to a point; thence deflecting to the right $79^{\circ} 06'$ and in a southerly direction parallel with and 120 feet west from the westerly line of Murray avenue, for the distance of 173.83 feet to the northerly line of Solway street; thence deflecting to the right $100^{\circ} 54'$ and in a westerly direction along the said northerly line of Solway street, for the distance of 20.37 feet to a point; thence deflecting to the right $79^{\circ} 06'$, in a northerly direction parallel with and 140 feet west from the westerly line of Murray avenue, for the distance of 136.94 feet to a point of curve; thence deflecting to the west by the arc of a curve, having a central angle of $79^{\circ} 06'$ and a radius of 20 feet, for the distance of 27.61 feet to a point of tangent; thence in a westerly direction, by the tangent to the said curve, parallel with and 190 feet south from the southerly line of Wilkins avenue, for the distance of 378.08 feet to the easterly line of South Negley avenue; thence deflecting to the right $79^{\circ} 06'$ and in a northerly direction along the said easterly line of South Negley avenue, for the distance of 20.37 feet to the place of beginning.

Section 3. The grade of said Banbridge way, from South Negley avenue to Solway street, is hereby established as follows, to-wit:

The grade of the south line shall begin on the east curb line of South Negley avenue, at an elevation of 354.87 feet; thence rising at the rate of 4.80 feet per 100 feet, for the distance of 388.27 feet to a point of curve to an elevation of 373.51 feet; thence by a convex parabolic curve, for a distance of 27.61 feet to a point of tangent to an elevation of 374.31 feet; thence rising at the rate of 1.0 foot per 100 feet, for a distance of 102.72 feet to a point of curve to an elevation of 375.34 feet; thence by a convex parabolic curve, for a distance of 44.40 feet to a point of tangent at the west curb line of Solway street to an elevation of 374.67 feet, curb as set.

Section 4. The Department of Public Works is hereby authorized and directed to enter upon, take possession of and appropriate the said described ground for a public highway, in conformity with the provisions of this Ordinance.

Section 5. That any Ordinance or part of Ordinance conflicting with the provisions of this Ordinance be and the same is hereby repealed, so far as the same affects this Ordinance.

No. 211

AN ORDINANCE—Granting unto the Fort Pitt Street Passenger Railway Company, its successors, lessees and assigns, the right to enter upon, use and occupy certain streets and highways in the City of Pittsburgh, subject to the terms and conditions herein provided.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That the Fort Pitt Street Passenger Railway Company, its successors, lessees and assigns, shall have the right and it is hereby authorized to enter upon, use, and occupy for the purpose of its street railway, the street and highways included in the following routes, to-wit:

Beginning at a point on the westbound track of said company on Liberty avenue near Thirty-first street; thence by a curve onto Thirty-first street, and thence by a single track along Thirty-first street to a point near Penn avenue; and thence by a "Y" track, one branch curving to the right to a point of connection with one of the tracks of the Citizens Passenger Railway Company on Penn avenue, and the other branch curving to the left to a point of connection with the other track of the Citizens Passenger Railway Company on Penn avenue; also,

Beginning at a point on the eastbound track of said company on Liberty avenue near Thirty-first street; thence by a curve to a point of connection with the single track to be constructed on Thirty-first street; also,

Beginning at a point on the westbound track of said company on Liberty avenue near Thirty-second street; thence by a curve onto Thirty-second street, and thence by a single track along Thirty-second street to a point near Penn avenue; and thence by a "Y" track, one branch curving to the right to a point of connection with one of the tracks of the Citizens Passenger Railway Company on Penn avenue, and the other branch curving to the left to a point of connection with the other track of the Citizens Passenger Railway Company on Penn avenue; also,

Beginning at a point on the eastbound track of said company on Liberty avenue, near Thirty-second street; thence by a curve to a point of connection with

the single track to be constructed on Thirty-second street; and to construct, maintain, operate and use railway tracks on the routes hereinbefore mentioned, and to operate its cars thereon and to use electricity as a motive power, and to erect, maintain and use in the streets and highways before mentioned, such posts, poles and other supports as said company may deem convenient for the support and maintenance of its overhead system, and for the operation of its railway; subject, however, to the provisions of an Ordinance approved February 25, 1890, entitled, "A General Ordinance relating to the entry upon, over or under, or the use or occupation of any street, lane or alley or any part thereof for any purpose by passenger or street railway companies or by companies operating passenger or street railways, and providing reasonable regulations pertaining thereto for the public convenience and safety."

Section 2. The term of this grant shall be for ten (10) years from the date of its acceptance, subject to the following qualifications and conditions:

First: It may be terminated at any time within said period of ten (10) years by one (1) year's notice in writing from the Mayor of the City to the company, said notice being given in pursuance of a Resolution of Council, in which case the City shall pay to the company the actual cost of the construction work done by the company under the terms of this grant as set forth in Section 1 hereof, less ten per centum thereof for each year between the date of the acceptance of this Ordinance and the time therein fixed for its termination, and the City shall remove said track and restore said streets in good condition at its own expense.

Second: In case the company shall fail to comply with the provisions of this Ordinance, or the General Ordinance of February 25, 1890, or any of them, and shall not within thirty days after notice thereof remedy and correct the same, then the City may revoke and terminate this grant and Ordinance immediately by notice in writing from the Mayor of the City pursuant to a Resolution of Council, without the payment of any compensation whatever, and thereupon the company shall remove said track and restore said streets to their original condition, and in good order and repair.

Third: This grant (unless six months' notice shall have been given by the City to the company of the termination of this grant at the expiration of the ten-year period) shall continue from and after the said term of ten years, subject to revocation and termination at any time by the City upon one year's notice in writing from the Mayor, pursuant to a Resolution of Council, in which case no compensation shall be paid to the company, and the company shall at its own expense remove said track and restore said streets to their original condition and in good order and repair.

Section 3. The company shall furnish clean, sanitary and well lighted cars, properly heated and ventilated, and shall provide sufficient cars to furnish reasonable service to accommodate the traffic.

Section 4. The foregoing rights and privileges are granted for the purpose of permitting street cars to be operated one way upon Penn avenue and one way upon Liberty avenue between Thirty-first and Thirty-second streets, and at least as far as Eleventh street in the downtown section of the City. The purpose of this grant being to provide the necessary connections between the existing tracks on Penn avenue and Liberty avenue at Thirty-first and Thirty-second streets so that cars moving westward may be operated on Penn avenue, and that cars moving eastward may be operated on Liberty avenue, and that the system of one way car operation shall extend into the downtown section of the City, at least as far west as Eleventh street, and that so far as practicable one way traffic may be established generally between Thirty-first or Thirty-second street westward on Penn avenue as far as Eleventh street, and eastward on Liberty avenue between Eleventh and Thirty-first or Thirty-second streets.

This Ordinance shall become null and void, and all rights hereunder shall cease and terminate whenever the said company ceases to operate its cars one way on Penn avenue and one way on Liberty avenue between Thirty-first and Eleventh streets. This provision, however, shall not apply when cars are operated in both directions on either Penn avenue or Liberty avenue because of fires, floods, blockades or any unusual or unavoidable occurrences.

Section 5. This Ordinance shall be accepted by the Fort Pitt Passenger Railway Company within thirty days after its passage or approval by a certificate of acceptance of all the conditions and provisions thereof, the said certificate to be executed under the corporate seal of the company duly attested by the president and secretary thereof, and filed with the Controller of this City.

Section 6. It is hereby understood and agreed that neither the purpose nor intent, nor the obligation of this contract if and when approved by the Public Service Commission of the Commonwealth of Pennsylvania, is such as to impair or in any wise affect the exercise by said Commission of any of the powers vested in it by the Public Service Company Law, approved July 26, 1913.

Section 7. That any Ordinance or part of Ordinance conflicting with the provisions of this Ordinance be and the same is hereby repealed, so far as the same affects this Ordinance.

AN ORDINANCE—Granting unto the Pittsburgh, Allegheny and Manchester Passenger Railway Company, its successors, lessees and assigns, the right to enter upon, use and occupy certain streets and highways in the City of Pittsburgh, subject to the terms and conditions herein provided.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That the Pittsburgh, Allegheny and Manchester Passenger Railway Company, its successors, lessees and assigns, shall have the right and it is hereby authorized to enter upon, use and occupy for the purpose of its street railway, the streets and highways included in the following route, to-wit:

Beginning at a point on the west-bound track of said company, on East Ohio street, west of its intersection with Cedar avenue; thence by a curve to the left to a point of connection with the southbound track of the Cedar Avenue Street Railway Company on Cedar avenue; and to construct, maintain, operate and use railway tracks on the routes hereinbefore mentioned, and to operate its cars thereon, and to use electricity as a motive power, and to erect, maintain and use in the streets and highways before mentioned, such posts, poles and other supports as said company may deem convenient for the support and maintenance of its overhead system and for the operation of its railway; subject, however, to the provisions of an Ordinance approved February 25, 1890, entitled, "A General Ordinance relating to the entry upon, over or under, or the use or occupation of any street, lane or alley or any part thereof for any purpose by passenger or street railway companies or by companies operating passenger or street railways, and providing reasonable regulations pertaining thereto for the public convenience and safety."

Section 2. The term of this grant shall be ten years from the date of its acceptance, subject to the following qualifications and conditions.

First. It may be terminated at any time within said period of ten years by one year's notice in writing from the Mayor of the City of Pittsburgh to the company, said notice being given in pursuance of a resolution of Council, in which case the City shall pay to the company the actual cost of the construction work done by the company under the terms of this grant as set forth in Section 1 hereof, less ten per centum thereof for each year between the date of the acceptance of this Ordinance and the time herein fixed for its termination, and the City shall remove said track and restore said streets in good condition at its own expense.

Second. In case the company shall fail to comply with the provisions of this Ordinance, or the General Ordinance of February 25, 1890, or any of them, and shall not within thirty days after notice thereof remedy and correct the

same, then the City may revoke and terminate this grant and Ordinance immediately by notice in writing from the Mayor of the City pursuant to a resolution of Council, without the payment of any compensation whatever, and thereupon the company shall remove said tracks and restore said streets to their original condition, and in good order and repair.

Third, This grant (unless six months' notice shall have been given by the City to the company of the termination of this grant at the expiration of the ten year period) shall continue from and after the said term of ten years, subject to revocation and termination at any time by the City upon one year's notice in writing from the Mayor, pursuant to a resolution of Council, in which case no compensation shall be paid to the company, and the company shall at its own expense remove said track and restore said streets to their original condition and in good order and repair.

Section 3. The company shall furnish clean, sanitary and well lighted cars, properly heated and ventilated, and shall provide sufficient cars to furnish reasonable service to accomodate the traffic.

Section 4. This Ordinance shall be accepted by the Pittsburgh, Allegheny and Manchester Passenger Railway Company within thirty days after its passage or approval by a certificate of acceptance of all the conditions and provisions hereof, the said certificate to be executed under the corporate seal of the company duly attested by the president or vice president and secretary or assistant secretary thereof, and filed with the Controller of this City.

Section 5. It is hereby understood and agreed that neither the purpose nor intent, nor the obligation of this contract, if and when approved by the Public Service Commission of the Commonwealth of Pennsylvania, is such as to impair or in any wise affect the exercise by said Commission of any of the powers vested in it by the Public Service Company Law, approved January 26, 1913.

AN ORDINANCE — Granting unto the Duquesne Light Company, its successors, lessees and assigns, the right to enter upon, use and occupy the new North Side Point Bridge, together with the approaches thereto, for six (6) $3\frac{1}{2}$ " iron conduit pipes, subject to the terms and conditions herein provided.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That* the Duquesne Light Company, its successors, lessees and assigns shall have the right and is hereby authorized to enter upon, use and occupy the new North Side Point Bridge, together with the approaches thereto, for the purpose of placing thereon, six (6) $3\frac{1}{2}$ " iron conduit pipes; said conduit lines to be constructed and located as shown on blueprint hereto attached and made a part hereof.

Section 2. The rights herein conferred in Section 1 hereof, are and shall be subject to the following terms and conditions:

First. The Duquesne Light Company shall pay to the City of Pittsburgh annually the sum of \$50.00 for each of the said conduit pipes that may be in actual use for the installation of cables or wires. The Duquesne Light Company shall notify the City of Pittsburgh at least five days prior to the time when it proposed to install any cable or wire in any of the said conduit pipes and shall make the said payments to the City within 30 days after the actual installation in any of the said conduit pipes, and shall thereafter pay annually in advance at the rate of \$50.00 per annum for each conduit pipe that may be in actual use.

Second. All detail and supplemental plans relating thereto providing for the construction and location of said pipe lines, shall be subject to the approval of the Director of the Department of Public Works.

Third. Should, at any time, the maintenance and operation of the said pipe lines, together with the fixtures and appliances connected therewith, render such bridge unsafe for travel by vehicles or pedestrians, the said company will make such changes, alterations and repairs, at its own expense, as shall be necessary to render the said bridge safe for public travel, and should it be necessary at any time to reconstruct the said

bridge, then the light company will make such changes, alterations and repairs at its own expense in and to the said pipe lines, fixtures and appliances connected therewith, as will conform to such reconstruction of said bridge. Such changes, alterations or repairs to be made in accordance with plans and specifications approved by the Director of the Department of Public Works.

Fourth. The Duquesne Light Company agrees to indemnify and save harmless the City of Pittsburgh from and against any loss or damage which the City may be compelled to pay by reason of the construction, maintenance or operation of the said pipe lines and the appliances and fixtures connected therewith.

Section 3. The Duquesne Light Company shall, within thirty (30) days after the passage and approval of this Ordinance, file its written acceptance of this Ordinance, together with all the terms and conditions herein provided, in the Controller's office of the City of Pittsburgh, and shall pay the first year's charge, as herein provided, and in case the said payment is not made and this Ordinance accepted within the said thirty days, then all right hereunder shall cease and terminate and this Ordinance shall become null and void.

Section 4. The rights and privileges herein granted shall be subject and subordinate to the rights of the City of Pittsburgh and its powers over City streets and to the Ordinances of the City of Pittsburgh relating thereto, and to the provisions of any General Ordinance which may hereafter be passed relating to the compensation, construction, operation and maintenance of sub-surface or other structures on City streets or bridges.

Section 5. The rights and privileges granted by this Ordinance to the Duquesne Light Company shall be for a term of fifteen years; but the City of Pittsburgh reserves the right to revoke the rights and privileges hereby granted and to cause the removal of said pipes at the expiration of fifteen years upon giving one year's notice through the proper officers, or by Resolution or Ordinance of Council, to the said Duquesne Light Company, its successors and assigns to that effect; and that the said grantee shall when so notified, remove the said structure and replace the bridge to its original condition at its own cost and expense.

Section 6. It is hereby understood and agreed that neither the purpose nor intent, nor the obligation of this contract, if and when approved by the Public Service Commission of the Commonwealth of Pennsylvania, is such as to impair or in any wise affect the exercise by said Commission of any of the powers vested in it by the Public Service Company Law, approved July 29, 1913.

No. 225

AN ORDINANCE — Granting unto the Allegheny County Light Company, its successors, lessees and assigns, the right to enter upon, use and occupy a certain portion of Forty-eighth street for the construction of a tower supporting its wires crossing the Allegheny River, subject to the terms and conditions herein provided.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That The Allegheny County Light Company, its successors, lessees and assigns, shall have the right and is hereby authorized to enter upon, use and occupy that portion of Forty-eighth street lying north of a point about five hundred (500) feet north of the Pennsylvania Railroad at the point of crossing Forty-eighth street, for the purpose of placing thereon a steel tower supported on four (4) pedestals as hereinafter located, for the purpose of supporting its electric power lines crossing the Allegheny River from the North Side to the Lawrenceville District; said pedestals and tower to be constructed and located as shown on the blueprint hereto attached and made a part hereof.

Section 2. The rights herein conferred in Section 1 are and shall be subject to the following terms and conditions:

First. The detail and supplementary plans relating to the said tower for the support of said power lines shall be subject to the approval of the Director of the Department of Public Works.

Second. The tops of the masonry pedestals to support the steel tower shall not extend above the surface of the curb, nor the surface of the sidewalk, on

Forty-eighth street, and shall be located on the sidewalk side of the curb lines.

Third. The Allegheny County Light Company agrees to indemnify and save harmless the City of Pittsburgh from any loss or damage which the City of Pittsburgh may be compelled to pay by reason of the construction, maintenance or operation of the said tower and of the appliances and fixtures connected therewith.

Fourth. If at any time hereafter the City of Pittsburgh shall desire any changes or alterations made in said tower for any purpose which the said City of Pittsburgh deems necessary for the benefit of public travel and use of Forty-eighth street at the point where said tower is located, The Allegheny County Light Company shall within six (6) months after receiving notice from the said City of Pittsburgh proceed to make such changes or alterations in the steelwork of the tower and its foundations as may be necessary to permit of the further use and service of the street for the public travel; and if said The Allegheny County Light Company fails to make such changes within the said six (6) months, then the City of Pittsburgh reserves to itself the right to have such changes made and the cost thereof charged to The Allegheny County Light Company, and which charges The Allegheny County Light Company, by its acceptance of this Ordinance, agrees to pay.

Fifth. The steel supports of this tower shall be so placed as not to interfere with the width of the roadway between the curb lines. No parts of the structure shall cross the street at a height of less than eighteen (18) feet above the surface of the street.

Sixth. Any time after five years from the date of the enactment of this Ordinance, the City of Pittsburgh may, on six months' notice, terminate all rights hereunder and thereupon the said company shall remove all of the structures provided for herein from Forty-eighth street, and shall restore the said street to its original condition and in good order and repair at its own expense.

Seventh. The rights herein conferred shall be subject to the terms of any General Ordinance hereafter enacted by the City of Pittsburgh providing compensation to the City for the location and maintenance of any structures under, on or above the public highways of the City of Pittsburgh, and The Allegheny County Light Company agrees to pay any charges, annually or otherwise, which may hereafter be fixed by the City of Pittsburgh by General Ordinance for the privileges and rights herein conferred.

Section 3. The Allegheny County Light Company shall, within thirty (30) days after the passage and approval of this Ordinance, file its written acceptance of this Ordinance, together with all of the terms and conditions herein provided, in the Controller's Office of the City of Pittsburgh.

Section 4. The rights and privileges herein granted shall be subject and subordinate to the rights of the City of Pittsburgh and its powers over City streets, and to Ordinances of the City of Pittsburgh relating thereto, and to the provisions of any General Ordinances which may hereafter be passed relating to the compensation, construction, operation and maintenance of similar structures on City streets.

Section 5. It is hereby understood and agreed that neither the purpose nor intent, nor the obligation of this contract, if and when approved by the Public Service Commission of the Commonwealth of Pennsylvania, is such as to impair or in any wise affect the exercise by said Commission of any of the powers vested in it by the Public Service Company Law, approved July 29, 1913.

No. 230

AN ORDINANCE — Amending Section 2 of an Ordinance, No. 527, entitled, "An Ordinance authorizing and directing the construction of a public sewer on Oakdale street, from Isaac way to the existing sewer on Oakdale street at Doak way, with branch sewers on Roosevelt avenue, Woodsdale way, Glenside street, Woodsdale street, Ashland street, Dornestic street, Dalton avenue, Spice street and Isaac way, and Montview street, and providing that the costs, damages and expenses of the same be assessed against and collected from property specially benefited thereby," approved November 29, 1916.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That Section 2 of an Ordinance, No. 527, entitled, "An Ordinance authorizing and directing the construction of a public sewer on Oakdale street, from Isaac way to the existing sewer on Oakdale street at Doak way, with branch sewers on Roosevelt avenue, Woodsdale way, Glen-

side street, Woodsdale street, Ashland street, Dornestic street, Dalton avenue, Spice street and Isaac way, and Montview street, and providing that the costs, damages and expenses of the same be assessed against and collected from property specially benefited thereby," approved November 29, 1916, which reads as follows:

"Section 2. The Mayor and the Director of the Department of Public Works are hereby authorized and directed to advertise, in accordance with the Acts of Assembly of the Commonwealth of Pennsylvania, and the Ordinances of the said City of Pittsburgh relating thereto and regulating the same, for proposals for the construction of a public sewer, as provided in Section 1 of this Ordinance; the contract or contracts therefor to be let in the manner directed by the said Acts of Assembly and Ordinances; and the contract price or contract prices not to exceed the total sum of twenty-one thousand (\$21,000.00) dollars, which is the estimate of the whole cost, as furnished by the Department of Public Works."

Be amended to read:

"Section 2. The Mayor and the Director of the Department of Public Works are hereby authorized and directed to advertise, in accordance with the Acts of Assembly of the Commonwealth of Pennsylvania, and the Ordinances of the said City of Pittsburgh relating thereto and regulating the same, for proposals for the construction of a public sewer, as provided in Section 1 of this Ordinance; the contract or contracts therefor to be let in the manner directed by the said Acts of Assembly and Ordinances; and the contract price or contract prices not to exceed the total sum of thirty-two thousand (\$32,000.00) dollars, which is the estimate of the whole cost, as furnished by the Department of Public Works."

Section 2. That any Ordinance or part of Ordinance conflicting with the provisions of this Ordinance be and the same is hereby repealed, so far as the same affects this Ordinance.

AN ORDINANCE — Fixing the width and position of the sidewalks and roadway and establishing the grade of Independence street, from Wabash street to the point of tangent of the first curve south of Woodville avenue.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That the width and position of the sidewalks and roadway and the grade of the west curb line of Independence street, from Wabash street to a point of tangent of

the first curve south of Woodville avenue, shall be and the same is hereby fixed and established as follows, to-wit:

Section 2. The sidewalks shall have a uniform width of eight (8.0) feet and shall lie along and be parallel to their respective building lines.

The roadway between Woodville avenue and Wabash street shall be of a uniform width of thirty-four (34.0) feet and shall occupy the central portion of the street lying between the lines of the sidewalks as above described; and from Woodville avenue to the point of tangent of the first curve south of Woodville avenue: the roadway shall have a variable width and shall occupy the central portion of the street lying between the lines of the sidewalks as above described.

Section 3. The grade of the west curb line shall begin at the south curb line of Wabash street, at the elevation of 44.05 feet; thence rising at the rate of 1.91 feet per 100 feet, for the distance of 365.61 feet to a point of curve to the elevation of 51.04 feet; thence by a concave parabolic curve, for the distance of 80.0 feet to a point of tangent to the elevation of 56.28 feet; thence rising at the rate of 11.20 feet per 100 feet, for the distance of 61.81 feet to a point at the point of tangent of the first horizontal curve south of Woodville avenue to the elevation of 63.20 feet.

Section 4. That any Ordinance or part of Ordinance conflicting with the provisions of this Ordinance be and the same is hereby repealed so far as the same affects this Ordinance.

AN ORDINANCE — Approving the Edgemont Terrace Plan of Lots, in the Nineteenth ward of the City of Pittsburgh, laid out by Arthur A. Dempster, et al.; accepting the dedication of Ingomar street, Ploch way and Vodeli street as shown thereon, for public use for highway purposes, opening and naming the same and establishing the grades thereon.

Whereas, Richard G. Tomlinson, Ora M. Tomlinson, George Gibson, Margaret Gibson, Anna B. Vickers and Arthur A. Dempster, the owners of certain property, in the Nineteenth ward of the City of Pittsburgh, laid out in the Edgemont Terrace Plan of Lots, have located certain highways thereon and have executed a deed of dedication, on said plan, of all the ground covered by said highways, to the said City, for public use for highway purposes and have released the said City from any liabilities for damages for or by reason of the physical grading of said highways to the grades hereinafter established; therefore,

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That the Edgemont Terrace Plan of Lots, situate in the Nineteenth ward of the City of Pittsburgh, laid out by Richard G. Tomlinson, Ora M. Tomlinson, George Gibson, Margaret Gibson, Anna B. Vickers and Arthur A. Dempster, February, 1917, be and the same is hereby approved, and Ingomar street, Ploch way and Vodeli street, as located and dedicated on said plan, are hereby accepted.*

Section 2. The streets and way, as aforesaid dedicated to said City for public highway purposes, shall be and the same are hereby appropriated and opened as public highways and named Ingomar street, Ploch way and Vodeli street.

Section 3. The grades of Ingomar street, Ploch way and Vodeli street are hereby established as described in Ordinance No. 159, approved April 18, 1917, and recorded in Ordinance Book, Vol. 28, page 440.

Section 4. The Department of Public Works is hereby authorized and directed to enter upon, take possession of and appropriate the said Ingomar street, Ploch way and Vodeli street, for public highways, in conformity with the provisions of this Ordinance.

Section 5. That any Ordinance or part of Ordinance conflicting with the provisions of this Ordinance be and the same is hereby repealed so far as the same affects this Ordinance.

AN ORDINANCE — Providing for the sale by the City of Pittsburgh to William C. Thoma of a piece of property in the Twelfth ward.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That the Mayor be and he is hereby authorized and directed in behalf of said City to make, execute, affix the corporate seal of said City thereto, and deliver, upon the payment of the sum of fifteen hundred (\$1,500.00) dollars, together with interest on same from January 1, 1916, a deed to William C. Thoma, conveying title in fee simple to that certain piece of real estate situate in the Twelfth ward of said City, described as follows:*

Beginning at a point on the southerly side of Hamilton avenue in the line of property now or late of Sarah E. Hartley; thence extending southwardly along the line of said Hartley property 83 feet, more or less, to a point in the westerly line of Lambert street; thence extending northeastwardly along Lambert street

44.34 feet to a point; thence extending by the arc of a curve, with a radius of 27.84 feet and a central angle of 87 degrees, 34 minutes 10 seconds a distance of 27.88 feet to a point on the southerly building line of Hamilton avenue; thence extending westwardly along Hamilton avenue 13.60 feet to a point at the place of beginning; containing 1,187 square feet, more or less.

Being part of the same property which Albert C. Spengler and wife, by deed dated May 18, 1914, and recorded in the Recorder's Office of Allegheny County, in Deed Book, Vol. 1807, page 227, conveyed to said City.

No. 235

AN ORDINANCE — Regulating the construction, arrangement, alteration, repair, equipment and operation of elevators in the City of Pittsburgh; providing for the remedying of dangerous and unsafe conditions in and about elevators; providing for the issuance, refusal and revocal of permits for the construction, arrangement, maintenance, alteration, repair, equipment and operation of elevators; providing for the inspection of all elevators in the City of Pittsburgh and defining for the purposes hereof all elevators and elevator machinery by classification according to use and power provided; and providing penalties for the violation of the provisions hereof.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That* from and after the passage and approval of this Ordinance the following regulations provided for elevators and their equipment, appurtenances and operation, all as hereinafter, defined shall be in full force and effect.

Section 2. Scope of Ordinance.

(1) Short Title: This Ordinance shall be known as the Elevator Regulations.

(2) Intent: The intent of this Ordinance is to regulate the construction, equipment, arrangement, maintenance, use, operation, alteration and repair of elevators and the inspection thereof for safety to life, limb and property.

(3) Application: All matters concerning, affecting or relating to the construction, arrangement, equipment, alteration, repair, maintenance or use and operation of elevators now or hereafter erected, are presumptively provided for in this Ordinance.

(4) New Elevators: All elevators hereafter erected shall be in full conformity with the provisions of this Ordinance.

(5) Elevators of Prior Erection: All elevators erected prior to the approval of this Ordinance which are in violation of any stated provision herein contained shall be so altered, repaired or reconstructed as to conform with these requirements.

All alterations, repairs or reconstructions shall be made by the owner within ninety days after being notified by the Bureau of Building Inspection so to do.

Such notice from the Bureau of Building Inspection shall state clearly the extent and nature of the work to be done in each case in order to make same conform with the Ordinances.

Section 3. Authority and Procedure.

(1) Authority to Inspect: The Superintendent and inspectors of the Bureau of Building Inspection are hereby given authority to enter any building at all reasonable hours and to inspect without

unnecessary delay any elevators which are installed or are being installed therein; to order and enforce suspension of any work of construction, alteration, repair, maintenance, or operation of any elevator whenever same is not being conducted in conformity with the provisions of this Ordinance.

(2) Construction Permit: From and after the approval of this Ordinance a construction permit shall be obtained whenever an elevator is to be constructed, altered, equipped with apparatus, removed to a different location, or whenever any changes or repairs are made which alter its construction or the classification, grade or rated lifting capacity thereof, in the manner provided in an Ordinance conferring certain powers and duties upon the Department of Public Safety and the Bureau of Building Inspection known as the Administrative Sections.

(3) Operation Permit.

(a) An operation permit shall be required after any elevator has been constructed, reconstructed, altered, removed to a different location or new machinery or safety devices installed before same shall be put in operation.

(b) Nothing in this provision shall be construed to prevent the Bureau of Building Inspection from issuing a temporary permit to operate an elevator for construction purposes. A temporary permit shall be effective only until completion of an elevator installation and not longer than six months.

(c) Application for Operation Permit: Each application for operation permit shall be accompanied by a certificate signed by an elevator inspector of the Bureau of Building Inspection stating that said elevator has been inspected and tested and found to be in accordance with the requirements of this Ordinance.

(4) Periodical Inspections: Periodical inspections shall be made by the elevator inspectors of the Bureau of Building Inspection, or as specified below, at least once every six months, and certificates of inspection shall be placed in all cars.

A car having a signed certificate of inspection by an employee of a reputable elevator manufacturer, or a casualty insurance company, will be accepted as having been inspected, provided the certificate is dated within the period of time required by this Ordinance.

The said inspectors shall have had not less than five years' experience in the erection and repair of elevators and their names shall have been certified in writing to the Superintendent of Building Inspection by their employers and written approval received before any inspections are made.

Copies of all such certificates of inspection shall be filed with the Bureau of Building Inspection.

(5) Revocation of Permits: Permits may be revoked whenever in the opinion of the Superintendent of Building In-

spection any elevator is being constructed, altered, repaired, equipped, maintained or operated in violation of this Ordinance, or whenever an elevator inspector has notified said Superintendent that he has found an elevator to be unsafe and has not posted certificate of inspection, and the same held revoked until the records of the Bureau of Building Inspection show compliance with the requirements hereof, and application has been made for, and operation permit granted.

Section 4. Control of Unsafe Elevators.

Whenever any elevator or part or appurtenance thereof may be found by the elevator inspectors of the Bureau of Building Inspection to be defective or unsafe, or liable to cause injury to persons or property, said inspector shall condemn such elevator or part thereof as may be necessary. The Superintendent of Building Inspection shall have authority to order any such elevator service discontinued and permit suspended until same is made safe.

Section 5. Tests to Be Conducted.

(1) Acceptance Tests: Before issuing the operation permit for any elevator hereafter constructed, reconstructed or installed, the safety and efficiency thereof shall be determined by the following tests made in the presence of an elevator inspector of the Bureau of Building Inspection.

All elevators of Classes A, B and C shall be tested to see that the car safety catches, speed governors, brakes, bumpers, terminal landing controls, terminal limit stops, and automatic elevator door and gate safety appliances perform their proper functions with the elevator car in motion carrying the maximum allowable load. The final test shall be to raise the car and make a free fall drop test. The height to which the car is to be raised shall be such that the car may be readily examined from the underside after the car has been brought to a stop by the safety devices.

Any part or appurtenance found to not perform its proper function shall be repaired or replaced, and any parts broken or strained beyond repair shall be replaced and all parts retested.

(2) Periodical Tests: Periodical tests shall be made to determine that all parts of the car, its equipment and appurtenances are in safe and proper condition and performing their proper functions.

Section 6. Definitions.

General: For the purposes of this Ordinance the following definitions of certain words, terms and expressions are provided, and they shall convey the meanings given to all those whose duty it may be to construe the same.

Elevator Shaft: Is the space used for the travel of the elevator car.

Elevator: Shall mean all machinery, apparatus, appurtenances and equipment directly used in raising or lowering

persons, freight or merchandise by means of a car, cage or platform.

Elevator Machinery: Shall mean the machinery used in the operation of the elevator.

Elevator Car: Shall mean the car, cage or platform which is raised or lowered.

Elevator Car Door or Gate: Shall mean the door or gate in the elevator car used for entrance or exit.

Landing: The landing shall mean the floor, balcony or platform used for entrance or exit of persons or freight to and from the elevator car.

Landing Door: Shall mean the door in the enclosure of the elevator shaft.

Landing Gate: Shall mean the gate at any landing.

Winding Drum Type of Elevator Machine: Shall mean a mechanism which is so constructed that the cables for both the elevator and the counter-balance weight are wound or unwound upon a drum in hoisting or lowering the car.

Traction Sheave Type of Elevator Machine: Shall mean a mechanism which is so constructed that the cables are operated by sheave friction.

Automatic Elevator Door Safety Appliance: Shall mean the safety appliance attached to the elevator car and the doors which prevent their opening when the elevator car is not at the landing and prevent the operation of the car while the gates are open.

Full Automatic Gates: Shall mean gates that are automatically opened and closed by the operation of the elevator car.

Semi-Automatic Gates: Shall mean gates that are opened by hand, but closed automatically by the operation of the car.

Terminal Limit Controls: Shall mean the controlling mechanism provided to bring the elevator car to a gradual stop at the terminal landings.

Terminal Limit Stops: Shall mean the controlling mechanism provided to bring the elevator car to a stop if the upper and lower terminal limit control fails to operate.

Classification According to Service.

Elevators shall be classified for the service intended according to the following definitions:

Class A, Passenger Elevator: A passenger elevator is an elevator designed and installed or used for the purpose of carrying persons.

Class B, Freight Elevators: A freight elevator is an elevator designed and installed or used for the purpose of carrying freight.

Class C, Combination Elevators: A combination elevator is an elevator designed and installed or used for the purpose of carrying either persons or freight.

Class D, Sidewalk Elevators: A sidewalk elevator is an elevator designed and installed or used for the purpose of carrying freight between the basement floors and the sidewalk where the hatchway extends partly or completely outside of the building walls.

Class E, Dumb Waiters: A dumb waiter is an elevator designed and installed or used for the carrying of articles, the platform area of which does not exceed nine square feet.

Class F, Escalators: An escalator is a moving stairway or inclined moving runway, designed and installed or used for the purpose of conveying persons or freight from one floor to another.

Class G, Builders' Elevators: A builder's elevator is an elevator designed and installed or used for the purpose of hoisting building materials during the construction of any building or structure.

Grading of Elevators.

Elevators shall be graded as follows according to motive power:

Grade 1, Electric Elevators: An electric elevator is an elevator whose operating mechanism is actuated by electrical power.

Grade 2, Hydraulic Elevators: A hydraulic elevator is an elevator whose operating mechanism is actuated by water under pressure.

Grade 3, Steam Engine Elevators: A steam engine elevator is an elevator whose operating mechanism is actuated directly by steam power used solely for the purpose of operating the elevator.

Grade 4, Hand Power Elevators: A hand power elevator is an elevator whose operating mechanism is actuated solely by hand.

Section 7. Special Requirements for Class A Elevators.

(1) **Rated Lifting Capacity:** The rated lifting capacity of a Class A elevator shall be not less than 75 pounds per square foot of clear platform area, except for elevators in hospitals the rated lifting capacity of which shall not be less than 60 pounds per square foot.

(2) **Speed:** The maximum speed of Class A elevators shall not exceed 750 feet per minute.

(3) Construction of Cars:

(a) Class A elevator cars shall not have more than one compartment and shall be enclosed on all unused sides and top.

(b) Wherever walls of elevator car enclosures are of open work design, they shall be protected on the outside of the car by wire screen not larger than one-half inch mesh with wire not smaller than No. 16 gauge; and wherever the tops are of open work design, same shall be protected by not less than No. 16 gauge sheet iron.

(c) The suspension frame of all cars shall be constructed of wrought iron or steel strongly and properly bolted, welded or riveted together.

(4) Entrance and Exit:

(a) Class A cars shall have elevator car doors on not more than two sides, one of which must be closed before the car may be put in motion.

(b) The controlling and safety devices for all doors shall be so located that they may be conveniently operated without leaving the controlling station.

(c) All cars shall be provided with emergency exits which shall be sufficiently large to permit exit of persons.

(5) Safety Controls: All cars shall be provided with car safety catches located under the floor of the car and attached to the frame, capable of stopping and holding the car at any point of travel, as follows:

(a) All elevator cars operating at a speed of more than 100 feet per minute shall be equipped with a friction clamp safety catch which shall operate by the overspeeding of the car in its descent in such a manner as to bring the car to a gradual stop within a distance of approximately 10 feet.

(b) An instantaneous car safety catch operated by the overspeeding of the car shall be permitted in all elevator cars operating at a speed not exceeding 100 feet per minute. A pawl and ratchet shall not be permitted as an instantaneous car safety catch.

(c) An instantaneous car safety catch operated by the breaking of cables may be permitted only when the speed of the car does not exceed 75 feet per minute and the limit of travel does not exceed 35 feet.

(6) Landing Doors:

(a) Horizontal operating landing doors which can only be unlocked from the inside, except with a removable key, shall be installed at all landings of Class A elevators.

(b) Landing doors shall be at least seven feet in height and so constructed that when opened the opening shall have a width equal to that of the elevator car door.

(7) Automatic Elevator Door Safety Appliances:

(a) All Class A elevators shall have placed thereon or attached thereto a device which shall automatically prevent the elevator car from being moved in either direction until all the shaft doors are shut and securely fastened.

(b) There shall be installed in connection with all automatic door safety systems a device to make possible the operation of the elevator independently of the automatic safety door device system described under this heading, but it shall be located and arranged in such a manner that it can only be used in case of emergency, and it shall be unlawful to use such switch except in case of emergency or while making repairs.

(c) Mechanical elevator door safety devices may be permitted when the limit of travel does not exceed three stories.

(8) Clearance: All Class A elevators shall be so constructed that the mini-

mum clearance between the highest point of the car and any overhead construction or other object, when the car is at the upper terminal or landing, and between the lowest point of the car and the bottom of the shaft or any construction contained therein when the elevator is at the lower terminal landing, shall conform to the following table for extreme over-run at the various speeds given:

Speed, Feet per Minute.	Allowance in Feet.	
	Top of Shaft.	Bottom of Shaft.
100	5	4
200	5	4
300	6	4
400	7	5
500	7	6
600	8	7
750	9	8

Section 8. Special Requirements for Class B Elevators.

(1) Operation: Class B elevators shall not be used for passengers except for the operator and attendants needed to load and unload the freight.

(2) Speed: The maximum speed of Class B elevators shall be not more than 125 feet per minute, except for Class B elevators equipped with safety devices which are the equivalent of those required for Class A elevators.

(3) Car Construction:

(a) All Class B elevator cars having a lifting capacity of 4,000 pounds or more, or a normal car speed exceeding 75 feet per minute or a platform exceeding a distance between guide rails of 10 feet, shall be constructed with steel or wrought iron suspension frames strongly bolted, welded or riveted together.

(b) The top of all Class B elevator cars shall be covered with a substantial grille work, solid or wire mesh cover, the openings of which shall reject a one-inch diameter ball. Wire shall not be less than No. 10 gauge. The covers shall be set back not more than six inches from the landing threshold and shall be hinged on the landing side not less than eighteen inches back so as to fall back should the edge of the cover be obstructed in its descent.

(c) All sides of Class B elevators not used as a means of entrance or exit shall be enclosed with a substantial solid enclosure to a height of at least seven feet. Where there is more than one opening all but one of such openings shall be protected by a car gate which may be of the horizontal collapsible type or vertical raising type, which shall be kept closed at all times when the car is in motion.

(4) Construction of Gates:

(a) In lieu of fire doors operating automatically as below required, landing gates or doors shall be installed at all landings and shall be either semi-automatic or self-closing vertically operated or horizontal operating if equipped with automatic car door safety appliances. Hand hole opening will be

permitted in all horizontal acting gates.

(b) Gates shall be rigidly constructed, not less than five feet six inches in height and run to the floor.

(c) Guide shoes on gates shall be of metal and have one inch lap on the guide strip.

(5) Gate Safeties:

(a) Gates operating vertically shall always close by gravity and be provided with a lock so arranged that the gate cannot be raised unless the car is at the landing, and will automatically close as the elevator car leaves the landing. Full automatic gates may be used at upper and lower terminal landings.

(b) Gates operating horizontally shall be so arranged with counterweights as to close automatically when the elevator car leaves the landing and remain closed until the elevator car reaches the landing, or else be equipped with an elevator door safety appliance so that the elevator cannot be started until said gates are closed.

(c) No gate shall ever be fastened or held open so as to interrupt the automatic operation of the same.

(6) Safety Controls:

(a) All cars shall be provided with car safety catches located under the floor of the car and attached to the frame, capable of stopping and holding the car at any point of travel, as follows:

(b) All elevator cars operating at a speed exceeding 100 feet per minute shall be equipped with a car safety catch which shall be a friction clamp safety catch operated by the overspeeding of the car in its descent, which shall bring the car to a gradual stop within a distance of approximately ten feet.

(c) An instantaneous car safety catch operated as above shall be permitted in all elevator cars operating at a speed not exceeding 100 feet per minute in which the limit of travel does not exceed 35 feet. A pawl and ratchet shall not be permitted as an instantaneous car safety catch.

(7) Clearance: Class B elevators shall be so constructed that the minimum clearance between the top of the elevator car and any overhead construction when the car is at the upper terminal landing, and between the bottom of the elevator car and any construction contained in the bottom of the shaft when the elevator is at the lower terminal landing, shall be as indicated in the schedule for Class A elevators.

(8) Signal Bells: Signal bells shall be installed which can be operated from any floor or landing.

(9) Cable Locks: The controlling mechanism when of the shipper rope control shall be provided with a lock which when loading will prevent the elevator car being operated from any other landing than the one at which the elevator car stands.

Section 9. Special Requirements for Class C, Combination Elevators.

(1) Construction and Operation of Car:

(a) The construction and operation of Class C elevator cars shall be the same in every respect as that required for Class A elevators insofar as the enclosure of the car is concerned.

(b) Class C elevators shall not be used for passengers other than the operator and attendants needed to load and unload freight when carrying freight.

(2) Speed: The maximum allowable speed for Class C elevators shall be 300 feet per minute.

(3) Safety Appliances: All Class C elevators shall be fully equipped with safety appliances conforming in all respects with the requirements for Class A elevators.

Section 10. Special Requirements for Class D, Sidewalk Elevators.

(1) Doors: The sidewalk doors of Class D elevators shall have, when closed, sufficient strength to carry safely a superimposed live load of 150 pounds per square foot; shall have a roughened surface to prevent slipping of pedestrians and shall always be closed when the elevator is not in use.

(2) Guards: Whenever a Class D elevator is opened upon a sidewalk or public passageway, the opening shall be protected by guards not less than 30 inches high, held firmly and safely in place.

Section 11. Special Requirements for Class E, Dumb Waiters.

(1) Construction:

(a) Class E elevators may have more than one compartment. Cars shall be enclosed on all sides when necessary to insure safety and to prevent contents falling out.

(b) All power operating mechanism control and all signals shall be so located that they will be operated without reaching into the hatchway.

Section 12. Special Requirements for Class F, Escalators.

(1) Construction:

(a) Each escalator for the purpose of carrying persons shall have a hand rail on each side moving in the direction of travel at the same speed as the escalator tread.

(b) Each escalator for the purpose of carrying persons shall be enclosed on each side from the hand rail to the escalator tread including skirt guard rail without depressed or raised paneling or moulding, and without abrupt change in the width between the enclosing sides.

(c) Each escalator for the purpose of carrying freight shall be enclosed on each side of the moving construction with substantial solid or grille work protection without abrupt change in width or projections between the enclosing sides.

(2) Angle of Inclination: The angle of inclination of an escalator shall not exceed 30 degrees from the horizontal.

(3) Speed: Escalators of the "Stair-tread" type shall operate at a speed not exceeding 95 feet, and of the "Cleave" type not exceeding 120 feet per minute.

(4) Power: Each escalator shall be driven by an independent electric motor.

(5) Safety Devices: At the top and bottom of each escalator there shall be a push button switch so located as to be easily found and accompanied by a sign to indicate its purpose, the operation of which shall break the circuit and operate an electric brake.

Section 13. Special Requirements for Class G, Builders' Elevators.

(1) Notification of Building Inspector: Before putting Class G elevators in service notice shall be sent to the Office of the Bureau of Building Inspection and such service shall be subject to the same permit as required in Section 3, Sub-heading 3, Operation Permit, of this Ordinance.

(2) Guides: Each Class G elevator shall run in guides. Such guides shall be well and strongly built and braced.

(3) Car Construction: The construction of all Class G cars shall be such that they will carry safely all the loads placed on them. They shall be enclosed on two sides by solid or slat enclosures not less than three feet high.

(4) Protection of Openings: Each landing opening of Class G elevators shall be protected on all sides. Doors and gates in such enclosures shall be not less than three feet six inches high.

Section 14. General Requirements Common to All Elevators.

(1) Rated Lifting Capacity: The rated lifting capacity shall be that ordinarily intended to be carried, except for Class A elevators.

(2) Plates and Numbering:

(a) All elevators shall have in a conspicuous place metal plates having suitable letters stating the rated lifting capacity and number of persons allowed.

(b) A metal tag shall also be placed at all cable fasteners stating the size, the material of the cable and the last date of renewal.

(c) It shall be the duty of the owner of all elevators or his duly authorized agent to designate every elevator in each building by a number. Each number shall be of metal and securely fastened to the bottom of the car.

(3) Enclosures: (See Elevator Enclosures, General Building Regulations).

(4) Elevator Machinery:

(a) All overhead machinery shall be securely fastened to the structure of the building. All overhead bearings shall be placed on top of the beams or structural part or parts to which they are secured, except that in case of idler sheaves where the total load on the bearing does not exceed one thousand

pounds such bearing may be placed below the beams. Hanging bearings shall be securely protected by wrought iron or steel straps.

(b) No machinery shall be located directly under the elevator. No set screw fastenings shall be used in any elevator machinery in lieu of a keyway.

(5) Counterweights:

(a) Counterweight Safety: Wherever there is a passageway underneath the elevator shaft or whenever the counterweight shaft and guide rails do not run to the floor of the lowest basement, the counterweights shall be equipped with safety devices which shall operate by the breaking of the cable.

(b) Where counterweights do not operate in the elevator shaft they shall be entirely enclosed on all sides.

(c) The lower terminals of the counterweight runways shall be enclosed to a height of six feet from the end of the counterweight travel. Where steel guides are used the enclosure shall be of steel plates, and where wood guides are used wood enclosures will be permitted.

(6) Guide Rails: For elevator cars and for counterweights, guide rails shall be constructed as follows:

(a) Elevator car guide rails for elevators other than Class G having a speed in excess of 75 feet per minute shall be of iron or steel having a uniform weight of not less than 14 pounds per lineal foot. Counterweight guide rails for such elevators shall have a uniform weight of not less than seven pounds per lineal foot.

(b) Wooden guide rails for power elevators having a speed not in excess of 75 feet per minute, together with Class G, may be used if faced on the side on which the safety appliances are to grip the rail with hardwood strip not less than 4½ square inches in cross section.

(c) All guide rails shall be securely anchored to walls or framework at intervals not exceeding 13 feet. Where guides can not be anchored to wall they shall be substantially reinforced.

(7) Cables:

(a) All elevators except Class G shall have at least two lifting and two counterbalance cables. All cables must be of high grade iron or steel. The size of the cables shall be determined according to a minimum factor of safety of 8 for all Class A and C elevators and of 6 for all other classes of elevators on all car and counterweight cables. Calculations for the rated lifting capacity of the cables shall be based upon the suspended load by applying the factor of safety to the ultimate breaking strength of the cables. The ultimate breaking strength of the cables shall be determined according to the manufacturer's hand books.

The above does not apply to hand power elevators and dumb waiters.

(b) In elevators of the winding drum type there shall be not less than two turns of lifting cables on the drum when the elevator car is at the lower terminal stop. The ends of the cable shall be clasped to the drum on the inside.

(c) All cables shall be properly equalized, except traction sheave type, and fastened independently at their terminals. Where tapered sockets are used at cable fastenings, they shall be drop forging or steel casting, and the hole at the small end of the socket not more than 1/16 inch larger than the diameter of the rope. The strands of the rope shall be separated, turned back into the center, drawn tightly into the socket and the socket filled with zinc or babbitt metal, or other method of equal safety and dependability to that above described.

(d) Cable equalizers may be used, provided not more than one cable is fastened into the same device or secured to a single drawbar.

(e) The drum ends of the car and counterbalance cables shall be secured by clamps or tapered sockets. Each counterbalance cable shall be independently fastened at its terminal to the crosshead of the car or counterbalance frame.

(f) Slack Cable Safeties: Slack cable mechanism which will stop the elevator machine and thus prevent the unwinding of the cables if the hoisting cables become slack or break, shall be applied to all elevators except hand power and traction sheave types.

(g) Operating and Control Ropes: All elevator operating and control ropes shall be equipped with shackle fastenings or equal. Where shackle fastenings are used, suitable clamps shall be fastened to the loose ends of the rope close to the upper end of the shackle.

(8) Automatic Brakes: All elevators, except Classes D, G and Grade 4, shall be equipped with an approved brake which will be automatically applied when the controlling mechanism of the elevator car is in a "stop" position.

(9) Upper and Lower Terminal Limit Controls: All elevators, except Classes D, G and Grade 4, shall be equipped with an automatic stopping device operated by the machine which shall automatically stop the elevator at the terminal landings.

(10) Upper and Lower Terminal Limit Stops: Upper and lower limit stops shall be located either in the shaft or on the car which will automatically cut off the power and stop the elevator in case of over-travel, for all elevators except Classes D, G and Grade 4.

(11) Bumpers: Spring bumpers, air or oil cushions or the equivalent, shall be installed in the pit of all elevators except Classes D, G and Grade 4 types. They shall be located under both the car and counterbalance if the space underneath the shaft is used for any purpose. The design and construction of all

bumpers shall be such as to absorb within reasonable limits all the energy of the car when loaded to its rated lifting capacity, traveling at full normal speed.

(12) Shaft Requirements:

(a) In lieu of a reinforced concrete ceiling or equal construction underneath the machinery at the top of all shafts, there shall be securely and permanently constructed and fastened a substantial grating or platform capable of carrying a live load of 50 pounds per square foot.

(b) Any openings in grating or working platform shall be not more than one inch across, except for the necessary open spaces for cables.

(c) Such grating or platform shall cover the entire area of the shaft, except where said area exceeds 100 square feet, it shall only be required under the machinery, provided that it is guarded by railings with toe board.

(d) If a door is placed in this grating or platform it shall be accessible from the top of the car and hinged to open upwards and automatically self-closing.

(13) Pent House: Where there is a pent house over the elevator shaft there shall be a permanent outside means of entrance thereto from the roof and a door which shall be kept locked when not in use.

Section 15. Special Requirements for Grade 1 Elevators.

(1) Brakes: Automatic brakes for Grade 1 elevators shall be electric solenoid or equivalent.

(2) Safety Switch: Grade 1 elevator machines shall be equipped with an independent switch so designed that when the current is interrupted for any cause whatever, it will automatically apply the brake and stop the car.

(3) Operating Mechanisms: Shall be provided in the form of car control switches which shall be so constructed as to return automatically to the "stop" position and set the brake whenever the controlling mechanism is released by the operator, except for elevators operated by shipper rope control.

(4) Upper and Lower Terminal Limit Controls and Stops: Shall be provided in the form of car control switches which will automatically stop the car at the terminal landings, and in addition thereto, there shall be automatic terminal limit stop switches which will automatically cut off the current, apply the brake and stop the car, located in the elevator shaft above the terminal limit control switches, except for elevators operated by shipper rope control.

(5) Emergency Switch: There shall be installed in connection with all automatic door safety systems a device to make possible the operation of the elevator independently of the automatic safety door device system required by this Ordinance, but it shall be located and arranged in such a manner that it can only be used in case of emergency

and it shall be unlawful to use such switch except in case of emergency or while making repairs.

Section 16. Special Requirements for Grade 2 Elevators.

(1) Upper and Lower Limit Controls: Grade 2 elevators shall be arranged with automatic cut-off valves which will bring the car to a gradual stop at the terminal landing, and which may also act as the terminal limit stop.

(2) Length of Piston Travel: Arrangement of cables and the travel of the piston shall be so designed that the maximum travel is obtained before the car can be drawn into the overhead work. This shall act in place of terminal limit stops.

(3) Limit Bumpers: Grade 2 elevators shall be equipped with piston travel limit bumpers or stops.

(4) Traveling Sheaves: The traveling sheaves of vertical cylinder Grade 2 elevators shall be attached to the crosshead with two-part structural steel hangers and not with U-straps, and the crosshead shall travel in guides of structural shapes to prevent the piston rods buckling in case of slack or broken cables.

(5) Inspection of Piston and Piston Rods: Piston rods and pistons shall be exposed for inspection at least once every three years.

(6) Pressure Tanks: Shall be made of steel having a minimum ultimate tensile strength of 56,000 pounds per square inch, and the following unit stresses shall not be exceeded:

Rivets, in shear.....	8,000 lbs. per sq. in.
Rivets, in bearing....	16,000 lbs. per sq. in.
Shell, net section in tension	12,000 lbs. per sq. in.

Heads of tanks shall be dished with a radius equal to the diameter of shell and thickness shall be not less than 1/16 inch more than that of the shell.

All tanks shall be provided with water gauge, manholes, flanges, reinforced nozzles for piping, and air checks to prevent collapse.

Every pressure tank shall have a pressure relief by-pass valve of sufficient capacity to pass the whole discharge of the pumps, which shall operate when the pressure amounts to 20 per cent. more than the rated working pressure.

(7) Discharge Tanks: Shall always be covered and vented to atmospheric pressure.

(8) Throttling Device: A device shall be provided to control and throttle the source of power whenever the pressure exceeds the point at which the pressure relief by-pass valve operates.

Section 17. Special Requirements for Grade 3, Steam Engine Elevators.

(1) Safety Devices: All Grade 3 elevators shall be connected directly to the elevator mechanism without the use of belts and ropes, unless an automatic safety device has been installed which

will throw off the power in case the speed of the elevator exceeds by 25 per cent. that for which the elevator was designed.

Section 18. Special Requirements for Grade 4, Hand Power Elevators.

All Grade 4 elevators shall be provided with automatic safety devices which will hold the car in case the lifting cables break.

All hand-power driven mechanism operated by a crank shall be fitted with dogs or pawls and ratchets which shall always be in position to hold the load at any time.

Section 19. General Requirements for Elevator Operating Mechanisms of All Grades.

(1) Elevator Machines: Belt or chain driven machines shall not be used on Classes A and C elevators. Such machines may be permitted for Classes B, D, E and Grade 4 elevators, the speed of which does not exceed 100 feet per minute.

(2) Terminal Safety Devices: Terminal limit controls and terminal limit stops, wherever used, shall be arranged for direct control of the elevator machines without the use of chains, except where used in addition to the devices required in this Ordinance.

(3) Machine and Sheave Beams: All overhead carrying beams for elevator machines or sheaves shall have a factor of safety of six, and shall be supported upon substantial construction.

(4) Automatic Push Button Control: The shaftway and elevator car doors of automatic push-button elevators shall be equipped with automatic elevator door safety appliances which will prevent the opening of any shaftway door, except the one to which it has been sent, until the elevator car has come to a stop opposite the landing and prevent the operation of the car until the door has been closed.

(5) Shipper Rope Control: No elevator traveling at a speed exceeding 125 feet per minute shall be controlled by a hand-operated shipper rope.

No elevator traveling at a speed exceeding 150 feet per minute, except Grade 2 elevators, shall be controlled by a shipper rope operated by wheel or lever mechanism.

Elevators having hand-operated shipper rope control shall be equipped with adjustable stop balls or equivalent device, for operating the terminal landing stopping mechanism.

Power freight elevators controlled by hand-operated shipper ropes, except Classes D and E elevators, shall be provided with centering ropes or bridles to stop the car at any determined point in its travel.

All shipper ropes on electric elevators shall be insulated from the machine if they are the only means to an electric ground.

Where shipper ropes are not in tension around a sheave, a proper guard shall be

installed to prevent the cable leaving the sheave.

(6) Back Guide and Four Point Suspension:

(a) No back guide elevators shall hereafter be installed or erected.

(b) No elevators suspended from the four corners shall hereafter be installed or erected.

Section 20. Thoroughfares Through Elevator Shafts.

Thoroughfares shall not be allowed at all through the shaftway of Class A elevators. All thoroughfares through the shaftways of freight elevators shall be protected by gates or doors not less than five feet six inches high which shall automatically close when the elevator leaves the thoroughfare landing and remain closed at all times when the elevator is away from the landing. Such elevator shaftway shall not be used as a thoroughfare except when the elevator is at the landing.

Section 21. Penalties.

Any person, firm or corporation violating any of the provisions of this Ordinance shall upon the conviction thereof before any Alderman or Police Magistrate of the City of Pittsburgh be subject to a fine not exceeding \$100.00 and costs for any one offense and in default of payment of said fine and costs shall be subject to imprisonment in the County Jail for a period not exceeding thirty (30) days.

Section 22. That any Ordinance or part of Ordinance conflicting with the provisions of this Ordinance be and the same is hereby repealed so far as the same affects this Ordinance.

No. 236

AN ORDINANCE — Amending the title and Section 1 of an Ordinance entitled, "An Ordinance granting the Central District & Printing Telegraph Company the right to erect telegraph poles," approved July 6, 1880.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That the title of an Ordinance approved July 6, 1880, which reads as follows: "An Ordinance granting the Central District & Printing Telegraph Company the right to erect telegraph poles," be and the same is hereby amended to read: "An Ordinance granting the Central District & Printing Telegraph Company, its successors and assigns, the right to erect telegraph poles."*

Section 2. That Section 1 of said Ordinance, which reads as follows:

"Section 1. Be it ordained and enacted by the City of Pittsburgh, in Select

and Common Councils assembled, and it is hereby ordained and enacted by the authority of the same, That the privilege be and is hereby granted the Central District & Printing Telegraph Company to erect such telegraph poles in and upon the several streets of the City as may be necessary for the purpose of erecting and constructing lines of telephone wires to the places of business, works, manufacturing establishments, offices and houses of subscribers for telephone purposes; provided, however, that said poles and wires shall be erected and work done under the direction and supervision of the City Engineer; and provided, further, that the City shall have the right to cause the removal of any or all such poles upon giving sixty days' notice to said company; and provided, further, that the City shall have the right to place the wires of the Fire and Police Telegraph lines on said poles, to be used for telegraph and telephone purposes, one cross arm for four wires to be placed on each pole, at the expense of said company, for the use of the City for such purposes; and provided that whenever the poles erected by said company shall cease to be used for telephone purposes, the company shall remove the same forthwith, unless the said poles shall be required by the City, then and in such case said poles shall be left standing, the City authorities to assume control thereof."

Be and the same is hereby amended to read as follows:

"Section 1. Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That the privilege be and is hereby granted the Central District & Printing Telegraph Company, its successors and assigns, to erect such telegraph poles in and upon the several streets of the City as may be necessary for the purpose of erecting and constructing lines of telephone wires to the places of business, works, manufacturing establishments, offices and houses of subscribers for telephone purposes; provided, however, that said poles and wires shall be erected and work done under the direction and supervision of the City Engineer; and provided, further, that the City shall have the right to cause the removal of any or all such poles upon giving sixty days' notice to said company; and provided, further, that the City shall have the right to place the wires of the Fire and Police telegraph lines on said poles, to be used for telegraph and telephone purposes, one cross arm for four wires to be placed on each pole, at the expense of said company, for the use of the City for such purposes; and provided that whenever the poles erected by said company shall cease to be used for telephone purposes, the company shall remove the same forthwith, unless the said poles shall be required by the City, then, and in such case, said poles shall be left standing, the City authorities to assume control thereof."

Section 3. It is hereby understood and agreed that neither the purpose nor intent, nor the obligation of this Ordinance, if and when approved by the Public Service Commission of the Commonwealth of Pennsylvania, is such as to impair or in any wise affect the exercise by said Commission of any of the powers vested in it by the Public Service Company Law, approved July 26, 1913.

AN ORDINANCE — Vacating Putnam street, in the Seventh ward of the City of Pittsburgh, from the northerly line of Fifth avenue to a point 44.11 feet northeastwardly from the southerly line of Aurelia street produced.

Whereas, It appears, by the petition and affidavit on file in the office of the City Clerk, that the owners of all the property fronting or abutting on the lines of Putnam street, from the northerly line of Fifth avenue, to a point 44.11 feet northeastwardly from the southerly line of Aurelia street produced, have petitioned the Council of the City of Pittsburgh to enact an Ordinance for the vacation of the same; therefore,

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That* Putnam street, in the Seventh ward of the City of Pittsburgh, from the northerly line of Fifth avenue to a point 44.11 feet northeastwardly from the southerly line of Aurelia street produced, as opened by Ordinance No. 19, approved March 29, 1875, and recorded in Ordinance Book, Vol. 3, page 546, as hereinafter described, shall be and the same is hereby vacated.

Beginning at the intersection of the north line of Fifth avenue and the westerly line of Putnam street, as opened by the said Ordinance; thence in a northerly direction, along the westerly line of Putnam street, for the distance of 921.91 feet to a point on the southerly line of Aurelia street; thence deflecting to the right $95^{\circ} 04'$ and in an easterly direction, along the southerly line of Aurelia street produced, for the distance of 2.36 feet to a point of curve; thence by the arc of a circle to the left, having a radius of 41.0 feet and a central angle of $52^{\circ} 26'$, for the distance of 37.52 feet, to a point of tangent; thence by the tangent in a northeasterly direction, for the distance of 35.24 feet to a point on the easterly line of Putnam street; thence deflecting to the right $137^{\circ} 22'$ and in a southerly di-

AN ORDINANCE — Vacating certain sections of East street, between the point of the first curve north of "P" street (said point being Station 20+89.22) and Perrysville avenue, as shown on a plan, for the widening of East street, between Elmira street and Perrysville avenue, dated June 11, 1895, on file in the Bureau of Engineering, Division of Surveys.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That* the following described Sections "A," "B," "C," "D" and "E" of East street, between the point of the first curve north of "P" street (said point being Station 20+89.22) and Perrysville avenue, as shown on a plan, for the widening of East street, between Elmira street and Perrysville avenue, dated June 11, 1895, on file in the Bureau of Engineering, Division of Surveys, lying between the building lines of East street, as widened, by an Ordinance of the former City of Allegheny, approved November 26, 1897, hereinafter called the present building lines and the building lines, as they existed prior to the said widening, hereinafter called the old building lines, as hereinafter more fully described and shown on exhibits hereto attached, shall be and the same are hereby vacated.

Section "A." Beginning at a point on the present easterly building line of East street, at the intersection with the old building line of East street, said point being distant northwardly 44.81 feet from the point of curve at Station 20+89.22; thence northwardly along the present easterly building line of East street, 22.92 feet to a point on the old building line of East street; thence southwardly along the old building line of East street 10.43 feet to an angle; thence continuing along the old building line of East street southwardly 13.75 feet to the present easterly building line of East street to the place of beginning, containing 43.7 square feet, as shown on a plan hereto attached, made part hereof and marked Exhibit "A."

Section "B." Beginning at a point on the present easterly building line of East street, at its intersection with the old building line of East street, said point being distant 74.5 feet, more or less, southwardly from point of compound curve, at Station 47+79.01 opposite Milroy street; thence northwardly along the present easterly building line of East street 434.5 feet more or less to a point on the old building line of East street; thence southwardly along the old building line of East street and following its various courses 433.0 feet more or less to the present easterly building line of East street to the place of beginning, containing 1,774 square feet more or less, as shown on a plan hereto attached, made part hereof and marked Exhibit "B."

Section "C." Beginning at a point on the present westerly building line of East street, at the intersection with the old building line of East street, said point being distant 27.09 feet southwardly from the first point of tangent north of Creek street at Station 71+96.60; thence southwardly along the present westerly building line of East street 362.60 feet to the old building line of East street; thence north 9° 26' west, along the old westerly building line of East street 201.90 feet to an angle; thence continuing along the old westerly building line of East street north 16° 27' west 180.13 feet to the present easterly building line of East street to the place of beginning, containing 900.0 square feet more or less, as shown on a plan hereto attached, made part hereof and marked Exhibit "C."

Section "D." Beginning at a point on the present northerly building line of East street, at the intersection with the old northerly building line of East street, said point being distant 148.0 feet more or less westwardly from the point of tangent at the first curve west of Dunlap way, at Station 91+99.55; thence westwardly along the present northerly building line of East street towards point of curve at Station 101+02.49; east of Perrysville avenue, 403.0 feet more or less to the old building line of East street; thence eastwardly and following the various courses of the old northerly building line of East street 404.0 feet more or less to the present northerly building line of East street to the place of beginning, containing 1,117 square feet more or less, as shown on plan hereto attached, made part hereof and marked Exhibit "D."

Section "E." Beginning at a point on the present southerly building line of East street, at its intersection with the old building line of East street, said point being distant 60.0 feet more or less westwardly from the first point of tangent eastwardly from Perrysville avenue, at Station 102+18.31; thence eastwardly along the present southerly building line of East street 60.0 feet more or less to said point of tangent; thence continuing along the present southerly building line of East street, for a distance of 87.24 feet to a point on line dividing properties now or late

of Sophia Born and Susanna Bichsel; thence along said dividing line in a southerly direction for a distance of 17.0 feet more or less to a point on the old building line of East street; thence westwardly along the old building line of East street 147.0 feet more or less to the place of beginning, containing 987 square feet, more or less, as shown on plan hereto attached, made part hereof and marked Exhibit "E."

No. 239

AN ORDINANCE — Establishing the opening grades of Dickey street, Likins street, Millard way, Montier street, Teggart way and Van Tine street, as laid out and proposed to be dedicated as legally opened highways by the Teggart-Millard Land Company, Incorporated, in a plan of lots of their property, in the Thirteenth ward of the City of Pittsburgh.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That* upon the approval of a certain plan of lots, proposed to be laid out by the Teggart-Millard Land Company, Incorporated, of its property, in the Thirteenth ward of said City, the grades to which Dickey street, Likins street, Millard way, Montier street, Teggart way and Van Tine street, as shown thereon, shall be accepted as open public highways of said City, shall be as herein-after set forth:

DICKEY STREET.

The grade of the west and south curb line shall begin on the west curb line of Van Tine street, at the point of tangent of the first curve south of Madden street, at an elevation of 379.18 feet, said point being the center of a convex parabolic curve; thence by said curve, for the distance of 40.0 feet to a point of tangent to an elevation of 380.42 feet; thence rising at the rate of 0.97 feet per 100 feet, for the distance of 70.14 feet to a point of curve to an elevation of 381.09 feet; thence by a convex parabolic curve, for the distance of 80.0 feet to a point of tangent to an elevation of 378.68 feet; thence falling at the rate of 7.0 feet per 100 feet, for the distance of 99.24 feet to a point of curve to an elevation of 371.73 feet; thence by a convex parabolic curve, for the distance of 80.0 feet to the point of a tangent to an elevation of 364.98 feet; thence falling at the rate of 9.86 feet per 100 feet, for the distance of 127.01 feet to a point of curve to an elevation of 352.46 feet; thence by a

concave parabolic curve, for the distance of 76.62 feet to the City line to an elevation of 348.51 feet.

LIKINS STREET.

The grade of the west curb line shall begin at a point on the northerly property line of the Teggart-Millard Land Company's, Incorporated, plan of lots, at an elevation of 414.80 feet; thence rising at the rate of 10.5 feet per 100 feet, for the distance of 23.18 feet to the City line to an elevation of 417.23 feet.

MILLARD WAY.

The grade of the north line shall begin on the east curb line of Montier street, at an elevation of 293.31 feet; thence rising at the rate of 2.0 feet per 100 feet, for a distance of 25.60 feet to a point of curve to an elevation of 293.82 feet; thence by a concave parabolic curve, for a distance of 40.0 feet to a point of tangent to an elevation of 295.37 feet; thence rising at the rate of 5.75 feet per 100 feet, for a distance of 51.92 feet to the City line to an elevation of 298.35 feet.

MONTIER STREET.

The grade of the east curb line shall begin at a point on the City line, said point being distant 107.62 feet northwardly from the northerly curb line of Anderson street, at an elevation of 291.11 feet; thence rising at the rate of 5.93 feet per 100 feet, for the distance of 865.36 feet to a point to an elevation of 342.43 feet; thence rising at the rate of 4.90 feet per 100 feet, for the distance of 169.19 feet to a point to an elevation of 350.72 feet.

TEGGART WAY.

The grade of the north line shall begin at the east curb line of Dickey street, at an elevation of 361.27 feet; thence rising at the rate of 3.0 feet per 100 feet, for a distance of 15.25 feet to a point of curve to an elevation of 361.73 feet; thence by a concave parabolic curve, for the distance of 40.0 feet to a point of tangent to an elevation of 365.33 feet; thence rising at the rate of 15.00 feet per 100 feet, for a distance of 45.42 feet to the City line to an elevation of 372.14 feet.

VAN TINE STREET.

The grade of the west curb line shall begin on the east curb line of Montier street, at a point 28.43 feet southwardly from the intersection of the west curb line of Van Tine street with the east curb line of Montier street, at an elevation of 250.72 feet; thence rising at the rate of 9.30 feet per 100 feet, for the distance of 24.86 feet to a point to an elevation of 258.03 feet; thence rising at the rate of 9.50 feet per 100 feet, for the distance of 244.18 feet to a point of curve to an elevation of 376.23 feet; thence by a convex parabolic curve, for the distance of 40.0 feet to the center of said curve to an elevation of 379.38 feet, said point being the point of curve of the horizontal curve south of Madden street.

The grade of the east and north curb line shall begin at the point of curve

of the horizontal curve south of Madden street, at an elevation of 379.38 feet; thence by a convex parabolic curve for the distance of 40.0 feet to a point of tangent to an elevation of 381.23 feet; thence rising at the rate of 3.0 feet per 100 feet, for the distance of 73.15 feet to the point of curve to an elevation of 383.12 feet; thence by a concave parabolic curve for the distance of 100 feet to a point of tangent to an elevation of 390.32 feet; thence rising at the rate of 10.80 feet per 100 feet, for the distance of 140.08 feet to the City line to an elevation of 405.45 feet.

Section 2. That any Ordinance or part of Ordinance conflicting with the provisions of this Ordinance be and the same is hereby repealed, so far as the same affects this Ordinance.

AN ORDINANCE — Accepting the dedication of certain property, in the Seventh ward of the City of Pittsburgh, for public use for highway purposes, opening and naming the same "Beechwood boulevard," and establishing the grade thereof.

Whereas, Richard B. Mellon, the owner of the property hereinafter described, has executed and delivered to the City of Pittsburgh, his certain deed of dedication, bearing date May 25, 1917, now on file in the Office of the Bureau of Engineering, Division of Surveys, of said City, wherein he has conveyed said ground to said City for a public street or public highway and has released said City from any liability for damages for or by reason of the physical grading of said public highway to the grade hereinafter established; therefore,

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same.* That the said deed of dedication be and the same is hereby accepted, and the Bureau of Engineering is hereby authorized and directed to place the same of record in the Office of the Recorder of Deeds, in and for the County of Allegheny.

Section 2. The ground so as aforesaid, conveyed to said City for public highway purposes, shall be and the same is hereby appropriated and opened as a public highway in accordance with the terms of said deed of dedication, and shall be known as "Beechwood boulevard," the same being bounded and described as follows, to-wit:

Beginning on the northerly line of Fifth avenue, at the distance of 815.83 feet westwardly from the intersection of the northerly line of Fifth avenue, with the southerly line of Penn avenue; thence deflecting to the right 90° 00' in a northerly direction, for the distance of 606.55

No. 242

AN ORDINANCE — Authorizing the Mayor and the Director of the Department of Charities to enter into an agreement with the Pittsburgh, Cincinnati, Chicago & St. Louis Railroad Company relating to the location, construction, and maintenance of a railroad crossing over tracks of said railroad company, and providing for payment of the consideration thereof.

Whereas, It has become desirable and necessary to change the course of Charities creek through Marshalsea Farm belonging to the City of Pittsburgh; and

Whereas, By reason of such change it will become necessary to establish and construct a railroad crossing over the tracks of the Pittsburgh, Cincinnati, Chicago & St. Louis Railroad Company; now, therefore,

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That the Mayor and the Director of the Department of Charities of the City of Pittsburgh be and they are hereby authorized and directed to make and enter into a contract with the Pittsburgh, Cincinnati, Chicago & St. Louis Railroad Company, in the following form, to-wit:

ARTICLE OF AGREEMENT.

This Agreement, made and entered into this day of, 1917, by and between the Pittsburgh, Cincinnati, Chicago & St. Louis Railroad Company; hereinafter known as the railroad company, and the City of Pittsburgh hereinafter known as the City.

WITNESSETH:

Whereas, The railroad company operates a line of railroad known as the Chartiers branch, extending from Carnegie, Allegheny County, State of Pennsylvania, to Washington, Washington County, State of Pennsylvania; and

Whereas, The City is the owner of a farm at Mayview, Allegheny County, State of Pennsylvania, through which the said Chartiers branch passes, and desires a private crossing at grade over the right of way and tracks of said Chartiers branch for the passage of vehicles and pedestrians engaged in work for the City of Pittsburgh; and

Whereas, The most convenient location for said private crossing is at a point about three hundred (300) feet northeastwardly measured along the center line between the main tracks, from the face of the back wall of the northeast abutment of the railroad company bridge No. 9, over Chartiers creek; now, therefore,

In consideration of the sum of five (\$5.00) dollars, the receipt of which is hereby acknowledged, the railroad company does hereby license and grant unto the City the right to said private crossing at the point above mentioned, as shown upon the plan hereto attached, dated July 20, 1915, marked "Exhibit A," and made a part hereof, upon the following terms and conditions:

First. The railroad company will construct and maintain said private crossing of its tracks at its own expense.

Second. The City shall make such excavations or fills as may be necessary for approaches to the crossing of the railroad company tracks at its own expense.

Third. Any change in said approaches made necessary by the construction, by the railroad company, of an additional track or tracks, or by any changes in the grade, or alignment of the railroad company tracks, at the point of crossing, shall be made by the City at its own expense.

Fourth. Said approaches shall be maintained by the City at its own expense.

Fifth. Upon such days as the said crossing is used, the City shall provide a competent watchman at the crossing at its own expense.

Sixth. The City further agrees that the gate, located on the northwesterly line of the right of way of the railroad company near said private crossing, shall be kept closed and locked except when the crossing is in use and protected by a watchman as provided for above.

Seventh. The City shall not authorize the use of said private crossing by any other person or persons, than its authorized agents or employees, and will

further indemnify, protect and save harmless the railroad company from all loss, cost and expense in the case of loss of life, damage to persons and property or claims therefor, arising from or in any manner growing out of the license herein made whether such loss, cost and expense occurred through the negligence of the railroad company or otherwise.

Eighth. It is hereby understood and agreed that neither the purpose nor intent, nor the obligation of this contract, if and when approved by the Public Service Commission of the Commonwealth of Pennsylvania, is such as to impair or in any wise affect the exercise by said Commission of any of the powers vested in it by the Public Service Company Law, approved July 26, 1913.

Ninth. The railroad company has the right to terminate this agreement at any time, upon ninety (90) days' notice to the City, and at the expiration of said ninety (90) days' time, all rights of the City under and by virtue of this agreement shall cease and determine.

In testimony whereof, the parties hereto have caused this instrument to be executed, in duplicate, as of the day and year first above written.

No. 243

AN ORDINANCE — Granting unto Thomas J. Brereton, trustee, his heirs and assigns, the right to lay, maintain and use a railroad track across Galveston avenue, in the Twenty-second ward, City of Pittsburgh, said track to be located between Bowater street and Oak way, for the purpose of conveying

materials to the plant of the Frick & Lindsay Company, lessee, situated on Bowater street, between Galveston and Allegheny avenues.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That* Thomas J. Brereton, trustee, his heirs and assigns, be and are hereby given the right and authority, at his own cost and expense, to lay, maintain and use a railroad track across Galveston avenue, in the Twenty-second ward, City of Pittsburgh, said track to be located between Bowater street and Oak way, for the purpose of conveying materials to the plant of the Frick & Lindsay Company, lessee, situated on Bowater street, between Galveston and Allegheny avenues. The said track shall be laid in accordance with the provisions of this Ordinance, and in accordance with the plan hereto attached and identified as Accession No. —, Folder —, in the files of the Bureau of Engineering, Department of Public Works, entitled, "Plan for Proposed Siding on Galveston Avenue for Frick & Lindsay Company."

Section 2. The said Thomas J. Brereton, trustee, prior to beginning the laying of the said track, shall submit to the Director of the Department of Public Works of the said City, a complete set of plans in triplicate, showing the location and all details for the laying of the said track, and said plans and the laying of the said track shall be subject to the approval and supervision of the said Director.

Section 3. The rights and privileges herein granted shall be subject and subordinate to the rights of the City of Pittsburgh and its powers over City streets, and to the Ordinances of the City of Pittsburgh relating thereto, and to the provisions of any General Ordinance which may hereafter be passed relating to the laying, maintenance and use of tracks on City streets and compensation for same.

Section 4. The said grantee shall bear the full cost and expense of the repaving and repair of the street pavement damaged, repair of sewers, water lines and other surface and sub-surface structures which may be in any way damaged or disturbed by reason of the laying, maintenance and use of the said tracks. All of the said work, including the repaving of the street damaged, shall be done in the manner and at such times as the Director may order, and shall be subject to his approval and supervision.

Section 5. The rights and privileges granted by this Ordinance are granted upon the express condition that the City of Pittsburgh without liability reserves the right to cause the removal of said track upon giving six (6) months' notice through the proper officers pursuant to Resolution or Ordinance of Council to the said Thomas J. Brereton, trustee, his heirs and assigns, to that effect; and that the said grantee when so notified shall, at the expiration of said six months, forthwith, remove the said track

and replace the street to its original condition at his own cost and expense.

Section 6. The said grantee shall assume any liability of the City of Pittsburgh for damages to persons or property, including the street and sub-surface structures therein, by reason of the laying, maintenance and use of the said track, and it is a condition of this grant that the City of Pittsburgh assumes no liability to either persons or property on account of this grant.

Section 7. The foregoing rights and privileges are granted subject to the following condition, to-wit: This Ordinance shall become null and void unless, within thirty (30) days after the passage and approval of this Ordinance, Thomas J. Brereton, trustee, shall file with the City Controller his certificate of acceptance of this Ordinance.

Section 8. That any Ordinance or part of Ordinance conflicting with the provisions of this Ordinance be and the same is hereby repealed, so far as the same affects this Ordinance.

No. 249

AN ORDINANCE — Granting unto the Duquesne Street Railway Company, its successors, lessees and assigns, the right to enter upon, use and occupy certain streets and highways in the City of Pittsburgh.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That the Duquesne Street Railway Company, its lessees, successors and assigns, shall have the right and it is hereby authorized to enter upon the following streets and highways of the City of Pittsburgh:

Beginning at a point of connection with the tracks of the Duquesne Street Railway Company on Diamond street south of Ross street in the City of Pittsburgh; thence by a curve to the left to and along Ross street to Fourth avenue; thence by a curve to the right to a point of connection with the tracks of the company on Fourth avenue; thence along Fourth avenue to and across Grant street to a point of connection with the present street railway track on Fourth avenue north of Grant street, with a switch or branch-off from the track on Fourth

avenue south of Grant street curving to the right to a point of connection with the southerly track of the street railway on Grant street east of Fourth avenue.

The said tracks shall be used for emergency service only when the regular routes for cars on Fifth avenue or Sixth avenue are blockaded on account of parades or fires.

And to construct, maintain, operate and use railway tracks on the routes hereinbefore mentioned, and to operate its cars thereon, and to use electricity as a motive power, and to erect, maintain and use in the streets and highways before mentioned, such posts, poles and other supports as said company may deem convenient for the support and maintenance of its overhead system and for the operation of its railway; subject, however, to the provisions of an Ordinance approved February 25, 1890, entitled, "A General Ordinance relating to the entry upon, over or under, or the use or occupation of any street, lane or alley or any part thereof for any purpose by passenger or street railway companies or by companies operating passenger or street railways, and providing reasonable regulations pertaining thereto for the public convenience and safety." The said tracks shall be used for emergency service.

Section 2. The term of this grant shall be ten years from the date of its acceptance, subject to the following qualifications and conditions:

First. It may be terminated at any time within said period of ten years by one year's notice in writing from the Mayor of the City to the company, said notice being given in pursuance of a Resolution of Council, in which case the City shall pay to the company the actual cost of the construction work done by the company under the terms of this grant as set forth in Section 1 hereof, less ten per centum thereof for each year between the date of the acceptance of this Ordinance and the time herein fixed for its termination, and the City shall remove said track and restore said streets in good condition at its own expense.

Second. In case the company shall fail to comply with the provisions of this Ordinance, or the General Ordinance of February 25, 1890, or any of them, and shall not within thirty days after notice thereof remedy and correct the same, then the City may revoke and terminate this grant and Ordinance immediately by notice in writing from the Mayor of the City pursuant to a Resolution of Council, without the payment of any compensation whatever, and thereupon the company shall remove said tracks and restore said streets to their original condition, and in good order and repair.

Third. This grant (unless six months' notice shall have been given by the City to the company of the termination of this grant at the expiration of the ten-year period) shall continue from and after the said term of ten years, subject to revocation and termination at any time by the City upon one year's notice

in writing from the Mayor, pursuant to a Resolution of Council, in which case no compensation shall be paid to the company, and the company shall at its own expense remove said track and restore said streets to their original condition and in good order and repair.

Section 3. The company shall furnish clean, sanitary and well lighted cars, properly heated and ventilated and shall provide sufficient cars to furnish reasonable service to accommodate the traffic.

Section 4. This Ordinance shall be accepted by the Duquesne Street Railway Company within thirty days after its passage by a certificate of acceptance of all the conditions and provisions hereof, the said certificate to be executed under the corporate seal of the company duly attested by the president or vice president and secretary or assistant secretary thereof, and filed with the Controller of this City.

Section 5. It is hereby understood and agreed that neither the purpose nor intent, nor the obligation of this contract, if and when approved by the Public Service Commission of the Commonwealth of Pennsylvania, is such as to impair or in any wise affect the exercise by said Commission of any of the powers vested in it by the Public Service Company Law, approved July 26, 1913.

No. 263

AN ORDINANCE — Granting unto the National Supply Company, its successors and assigns, the right to lay, maintain and use a railroad track along and across Preble avenue, in the Twenty-first ward, City of Pittsburgh; said track to be located thirty (30') feet, more or less, east of the intersection of Preble avenue and Branchport street, for the purpose of conveying materials from the Cleveland & Pittsburgh Railroad tracks located on Preble avenue, to and from the buildings of the National Supply Company, situated on Preble avenue between Deldorf street and Adams street.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same.* That the National Supply Company, its successors and assigns, be and are hereby given the right and authority, at its own cost and expense, to lay, maintain and use a railroad track along and across Preble avenue, in the Twenty-first ward, City of Pittsburgh; said tracks to be located thirty (30') feet, more or less, east of the intersection of Preble avenue and Branchport street, for the purpose of conveying materials from the Cleveland & Pittsburgh Railroad tracks located on Preble avenue, to and from the buildings of the National Supply Company situated on Preble avenue between Deldorf street and Adams street. The said track shall be laid in accordance with the provisions of this Ordinance, and in accordance with the plan hereto attached and identified as Accession No. JAL-142, Folder No. JA-15, in the files of the Bureau of Engineering, Department of Public Works, entitled, "Plan of Proposed Track on Preble Avenue near Deldorf Street, North Side, Pittsburgh, Pa., for the National Supply Company."

Section 2. The said company, prior to beginning the laying of the said track, shall submit to the Director of the Department of Public Works of the said City, a complete set of plans in triplicate

showing the location and all details for the laying of the said track, and said plans and the laying of the said track shall be subject to the approval and supervision of the said Director.

Section 3. The rights and privileges herein granted shall be subject and subordinate to the rights of the City of Pittsburgh and its powers over City streets, and to the Ordinances of the City of Pittsburgh relating thereto, and to the provisions of any General Ordinance which may hereafter be passed relating to the laying, maintenance and use of tracks on City street and compensation for same.

Section 4. The said grantee shall bear the full cost and expense of the repaving and repair of the street pavement damaged, repair of sewers, water lines and other surface and sub-surface structures which may be in any way damaged or disturbed by reason of the laying, maintenance and use of the said track. All of the said work, including the repaving of the street damaged, shall be done in the manner and at such times as the Director may order, and shall be subject to his approval and supervision.

Section 5. The rights and privileges granted by this Ordinance are granted upon the express condition that the City of Pittsburgh without liability reserves the right to cause the removal of the said track upon giving six (6) months' notice through the proper officers pursuant to Resolution or Ordinance of Council to the said National Supply Company, its successors and assigns, to that effect; and that the said grantee when so notified shall, at the expiration of said six months, forthwith, remove the said track and replace the street to its original condition at its own cost and expense.

Section 6. The said grantee shall assume any liability of the City of Pittsburgh for damages to persons or property, including the street and sub-surface structures therein, by reason of the laying, maintenance and use of the said track, and it is a condition of this grant that the City of Pittsburgh assumes no liability to either persons or property on account of this grant.

Section 7. The foregoing rights and privileges are granted subject to the following conditions, to-wit: This Ordinance shall become null and void unless within thirty (30) days after the passage and approval of this Ordinance, the National Supply Company shall file with the City Controller, its certificate of acceptance of this Ordinance, said certificate of acceptance to be executed by the president and secretary of the company with its corporate seal attached.

Section 8. That any Ordinance or part of Ordinance conflicting with the provisions of this Ordinance be and the same is hereby repealed, so far as the same affects this Ordinance.
